Modern Cities And Their Religious Problems:

Modern Cities and Their Religious Problems Samuel Lane Loomis, 1887 **Modern Cities and Their Religious Problems** Samuel Lane Loomis, 1970 **Urban Masses and Moral Order in America, 1820-1920** Paul S. BOYER, Paul S. Boyer, 2009-06-30 For over a century dark visions of moral collapse and social disintegration in American cities spurred an anxious middle class to search for ways to restore order In this important book Paul Boyer explores the links between the urban reforms of the Progressive era and the long efforts of prior generations to tame the cities He integrates the ideologies of urban crusades with an examination of the careers and the mentalities of a group of vigorous activists including Lyman Beecher the pioneers of the tract societies and Sunday schools Charles Loring Brace of the Children s Aid Society Josephine Shaw Lowell of the Charity Organization movement the father of American playgrounds Joseph Lee and the eloquent city planner Daniel Hudson Burnham Boyer describes the early attempts of Jacksonian evangelicals to recreate in the city the social equivalent of the morally homogeneous village he also discusses later strategies that tried to exert a moral influence on urban immigrant families by voluntarist effort including for instance the Charity Organizations friendly visitors By the 1890s there had developed two sharply divergent trends in thinking about urban planning and social control the bleak assessment that led to coercive strategies and the hopeful evaluation that emphasized the importance of environmental betterment as a means of urban moral control Readings in Urban Sociology Scott Elias William Bedford, 1927

Undermined Establishment Robert T. Handy, 2014-07-14 In the middle of the nineteenth century a stable relationship between American religious organizations and the state was taken for granted Concord prevailed between the Christian and largely Protestant establishment on one side and governmental bodies on the other Here a preeminent scholar of American religious history shows what happened when that settled relationship was tested and challenged The decades from 1880 to 1920 were marked by an unprecedented influx of immigrants many of whom were Catholics and Jews increasing conflicts between public and private school systems excitement over imperialism the growth of progressivism in politics the rise of the social gospel and the impact of World War I Providing an overview of how these developments affected church state relationships Robert Handy s work is fascinating as a view of this period and as a clue to the tensions in American church state relations today Handy shows that the movement from a Protestant America to an explicit pluralism was well under way

during these years even though this change was not clearly recognized at the time it was occurring Both governmental and religious institutions were transformed and the difficult process of sorting out ways to relate them has been going on ever since This book will be an invaluable aid in that task for students of church state relations and for a broader readership concerned with American culture in general Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Missionary Herald at Home and Abroad ,1888 Exploring the Postsecular ,2010-05-17 The re emergence of the religious in secular domains has led prominent scholars such as Jürgen Habermas and Charles Taylor to speculate about a new postsecular age The alleged shift from the secular to the postsecular is most visible in the spheres of urban public space governance and civil society This volume addresses contemporary relations between religion politics and urban societies primarily from a theoretical perspective while also paying attention to empirical manifestations of the central conceptual ideas The primary focus is the relations between public religion deprivatization of religion and theorizations of modernity and modernities with the secondary and closely related focus on theorizing postsecular urbanism including the role of faith based organizations FBOs in cities Contributors include Justin Beaumont James A Beckford Luke Bretherton Paul Cloke Candice Dias Wilhelm Gr b Maaïke de Haardt Jason Hackworth Christoph Jedan Kim Knott Michiel Leezenberg Bernice Martin David Martin Gregor McLennan Arie L Molendijk Nihan zdemir S nmez Martijn Oosterbaan Andy F Sanders Anke Schuster and Hetty Zock Index Catalog of the Scranton Public Library Authors and Subjects, June 30, 1902 Scranton Public Library,1903 **Check List of Books and Pamphlets on Municipal Government Found in the Free Public Libraries of Chicago** Chicago Public Library,1911 The Andover Review ,1889 *The Critic* ,1888
