Modern Hungarian Society In The Making The Unfinished Experience:

Modern Hungarian Society in the Making András Gerő, 1995 The Statesman's Yearbook 2003 Barry Turner, 2016-12-30 For nearly one hundred and forty years The Statesman's Yearbook has been relied upon to provide accurate and comprehensive information on the current political economic and social status of every country in the world The appointment of the new editor only the seventh in the book's history brought enhancements to the 1998-99 edition and these have been continued since then The 2003 edition is fully updated and contains more information than ever before including for the first time websites for national governments and international organizations A foldout colour section provides a political world map and flags for the one hundred and ninety two countries of the world In an endlessly changing world the annual publication of The Statesman's Yearbook gives all the information you need in one easily digestible single volume It will save hours of research and cross referencing between different sources and it is an essential annual purchase **The**

Limits of Loyalty Laurence Cole, Daniel Unowsky, 2007-11-01 The overwhelming majority of historical work on the late Habsburg Monarchy has focused primarily on national movements and ethnic conflicts with the result that too little attention has been devoted to the state and ruling dynasty This volume is the first of its kind to concentrate on attempts by the imperial government to generate a dynastic oriented state patriotism in the multinational Habsburg Monarchy It examines those forces in state and society which tended toward the promotion of state unity and loyalty towards the ruling house These essays all original contributions and written by an international group of historians provide a critical examination of the phenomenon of dynastic patriotism and offer a richly nuanced treatment of the multinational empire in its final phase

The Monumental Nation Bálint Varga, 2016-12-01 From the 1860s onward Habsburg Hungary attempted a massive project of cultural assimilation to impose a unified national identity on its diverse populations In one of the more quixotic episodes in this Magyarization large monuments were erected near small towns commemorating the medieval conquest of the Carpathian Basin supposedly the moment when the Hungarian nation was born This exactly researched study recounts the troubled history of this plan which far from cultivating national pride provoked resistance and even hostility among provincial Hungarians Author Bálint Varga thus reframes the narrative of nineteenth century nationalism demonstrating the complex relationship between local and national memories

Revolution and Political Violence in Central Europe Eliza Ablovatski, 2021-07 Examines how narratives of the 1919 Central European revolutions promoted a violent counterrevolutionary culture in interwar Germany and Hungary Nations and Nationalism Guntram H. Herb, David H. Kaplan, 2008-05-22 A comprehensive and revealing compilation of essays analyzing the varied dimensions of national identities and nationalisms across world regions and through time The pervasiveness of nationalism its many manifestations over the centuries and the widely scattered way it has been studied make it a particularly difficult subject to approach and explore ABC CLIO offers the finest comprehensive reference available on an essential topic in modern world history Across

four volumes Nations and Nationalism A Global Historical Overview covers all aspects of nationalism in all parts of the world from the time of the French Revolution to the present day Nations and Nationalism helps students researchers and other interested readers explore national identities and nationalistic movements in historical context Organized chronologically its four volumes combine thematic essays on different characteristics of nationalism with case studies of key historical developments involving specific nations at specific times The encyclopedia focuses on Europe Latin America Africa and Asia with featured coverage of nationalist cultural creations including literature music symbols and mythologies

The Statesman's Yearbook 2004 B. Turner, 2016-12-27 For one hundred and forty years The Statesman's Yearbook has been relied upon to provide accurate and comprehensive information on the current political economic and social status of every country in the world The appointment of the new editor only the seventh in the book's history brought enhancements to the 1998-99 edition and these have been continued since then The 2004 edition is fully updated and contains more information than ever before A foldout colour section provides a political world map and flags for the one hundred and ninety two countries of the world In an endlessly changing world the annual publication of The Statesman's Yearbook gives all the information you need in one easily digestible single volume It will save hours of research and cross referencing between different sources and it is an essential annual purchase

Liberalism and the Habsburg Monarchy, 1861-1895 J. Kwan, 2013-11-19 Often the liberal movement has been viewed through the lens of its later German nationalism This presents only one facet of a wide ranging all encompassing project to regenerate the Habsburg Monarchy By analysing its various nuances this volume provides a new more positive interpretation of Austro German liberalism

Blood Inscriptions Hillel J. Kieval, 2022-02-15 Although the Enlightenment had seemed to bring an end to the widely held belief that Jews murdered Christian children for ritual purposes charges of the so called blood libel were surprisingly widespread in central and eastern Europe on either side of the turn to the twentieth century Well over one hundred accusations were made against Jews in this period and prosecutors and government officials in Germany Austria Hungary and Russia broke with long established precedent to bring six of these cases forward in sensational public trials In *Blood Inscriptions* Hillel J Kieval examines four cases the prosecutions that took place at Tiszaeszlár in Hungary 1882-83 Xanten in Germany 1891-92 Poln in Austrian Bohemia 1899-1900 and Konitz then Germany now in Poland 1900-1902 to consider the means by which discredited beliefs came to seem once again plausible Kieval explores how educated elites took up the accusations of Jewish ritual murder and considers the roles played by government bureaucracies the journalistic establishment forensic medicine and advanced legal practices in structuring the investigations and trials The prosecutors judges forensic scientists criminologists and academic scholars of Judaism and other expert witnesses all worked hard to establish their epistemological authority as rationalists Kieval contends Far from being a throwback to the Middle Ages these ritual murder trials were in all respects a product of post Enlightenment politics and culture Harnessed to and disciplined by the rhetoric of modernity they were able to proceed

precisely because they were framed by the idioms of scientific discourse and rationality **The Balkans** Misha Glenny, 2012-09-25 This unique and lively history of Balkan geopolitics since the early nineteenth century gives readers the essential historical background to recent events in this war torn area No other book covers the entire region or offers such profound insights into the roots of Balkan violence or explains so vividly the origins of modern Serbia Croatia Bosnia Greece Bulgaria Romania and Albania Misha Glenny presents a lucid and fair minded account of each national group in the Balkans and its struggle for statehood The narrative is studded with sharply observed portraits of kings guerrillas bandits generals and politicians Glenny also explores the often catastrophic relationship between the Balkans and the Great Powers raising some disturbing questions about Western intervention **Written in Stone** Sanford Levinson, 2018-10-04 Twentieth Anniversary Edition with a new preface and afterword From the removal of Confederate monuments in New Orleans in the spring of 2017 to the violent aftermath of the white nationalist march on the Robert E Lee monument in Charlottesville later that summer debates and conflicts over the memorialization of Confederate heroes have stormed to the forefront of popular American political and cultural discourse In *Written in Stone* Sanford Levinson considers the tangled responses to controversial monuments and commemorations while examining how those with political power configure public spaces in ways that shape public memory and politics Paying particular attention to the American South though drawing examples as well from elsewhere in the United States and throughout the world Levinson shows how the social and legal arguments regarding the display construction modification and destruction of public monuments mark the seemingly endless confrontation over the symbolism attached to public space This twentieth anniversary edition of *Written in Stone* includes a new preface and an extensive afterword that takes account of recent events in cities schools and universities and public spaces throughout the United States and elsewhere Twenty years on Levinson's work is more timely and relevant than ever

Egypt and Austria XII - Egypt and the Orient: The Current Research Mladen Tomorad, 2020-09-24 The 12th Egypt and Austria conference Zagreb September 2018 saw 39 presentations on current research related to the interactions between Egypt and the states of the former Habsburg Monarchy and the Ottoman Empire up to the middle of the 20th century 26 papers are presented in this proceedings volume After Authority Ronnie D. Lipschutz, 2012-02-01 *After Authority* offers an overview of the evolving international political revolution a historical perspective based on Lipschutz's writings over the years It also examines the prospects for war and peace in the twenty first century During earlier industrial revolutions long standing and apparently stable patterns of social behavior economic exchange and political authority came under challenge Today post World War Two institutions that were formed to create a peaceful economically prosperous world are under severe challenge by globalization liberalization and social innovation Old hierarchies of power and wealth have been undermined as people take advantage of new economic and political opportunities and the resulting disruption of expectations leads to fear uncertainty instability and violence *Urban Avant-Gardes* Malcolm Miles, 2004-07-31 *Urban*

Avant Gardes presents original research on a range of recent contemporary practices in and between art and architecture giving perspectives from a wide range of disciplines in the arts humanities and social sciences that are seldom juxtaposed it questions many assumptions and accepted positions This book looks back to past avant gardes from the nineteenth and twentieth centuries examining the theoretical and critical terrain around avant garde cultural interventions and profiles a range of contemporary cases of radical cultural practices The author brings together material from a wide range of disciplines to argue for cultural intervention as a means to radical change while recognizing that most such efforts in the past have not delivered the dreams of their perpetrators Distinctive in that it places works of the imagination in the political and cultural context of environmentalism this book asks how cultural work might contribute to radical social change It is equally concerned with theory and practice part one providing a theoretical framework and part two illustrating such frameworks with examples

The Balkans: Nationalism, War, and the Great Powers, 1804-2012 Misha Glenny, 2012-09-05 From the bestselling author of *McMafia* and *DarkMarket* comes this unique and lively history of Balkan geopolitics since the early nineteenth century which gives readers the essential historical background to more than one hundred years of events in this war torn area No other book covers the entire region or offers such profound insights into the roots of Balkan violence or explains so vividly the origins of modern Serbia Croatia Bosnia Greece Bulgaria Romania and Albania Now updated to include the fall of Slobodan Milosevic the capture of all indicted war criminals from the Yugoslav wars and each state's quest for legitimacy in the European Union *The Balkans* explores the often catastrophic relationship between the Balkans and the Great Powers raising some disturbing questions about Western intervention

The Invention of Design Maggie Gram, 2025-06-03 A critical history of the idea of design and its utopian promise Design has penetrated every dimension of contemporary society from classrooms to statehouses to corporate boardrooms It's seen as a kind of mega power one that can solve all our problems and elevate our experiences to make a more beautiful more functional world But there's a backstory here In *The Invention of Design* designer and historian Maggie Gram investigates how over the twentieth century our economic hopes fears and fantasies shaped the idea of design then repeatedly redefined it Nearly a century ago resistance to New Deal era government intervention helped transform design from an idea about aesthetics into one about function And at century's end the dot com crash brought us design thinking the idea that design methodology can solve any problem small or large To this day design captures imaginations as a tool for fixing market society's broken parts from within supposedly enabling us to thrive within capitalism's sometimes violent constraints A captivating critical history *The Invention of Design* shows how design became the hero of many of our most hopeful stories dreams fantasies utopias about how we might better live in a modern world

Collective Traumas Conny Mithander, 2007 *Collective Traumas* is about the traumatic European history of the 20th century war genocide dictatorship ethnic cleansing and how individuals communities and nations have dealt with their dark past through remembrance historiography and legal settlements Memories and

especially collective memories serve as foundations for national identities and are politically charged. Regardless whether memory is used to support or to challenge established ideologies it is inevitably subject to political tensions. Consequently memory history and amnesia tend to be used and abused for different political and ideological purposes. From the perspectives of historical literary and visual studies the essays focus on how the experiences of war and profound conflict have been represented and remembered in different national cultures and communities. This volume is a vital contribution to memory studies and trauma theory. Collective Traumas is a result of the multidisciplinary research project on Memory Culture that was initiated in 2002 at Karlstad University Sweden. A previous publication with Peter Lang is Memory Work: The Theory and Practice of Memory 2005.
