Modern Ideologies:

Contemporary Political Ideologies Roger Eatwell, 2019-03-11 In everyday usage ideology tends to be a pejorative term synonymous with the dogmatic or fanatical This is not the sense in which the term is used in this book Nor does this book adopt the instrumental approach to ideology common among social scientists and Marxists which sees ideology as socially determined rather than as a body of relatively coherent and comprehensive beliefs of interest in their own right It is this last feature of ideologies which this book focuses on namely ideologies key assumptions and themes their intrinsic content This is not to deny that there are interesting questions to be asked about the social origins and role of ideologies However these questions would require a separate book to do them justice Moreover we live in an age of hyper change Suddenly in the last decade or so the ideologies which were in the ascendant in the early twentieth century seem to have entered terminal decline whilst other ideologies have been rejuvenated and newer ones have grown in force In general these changes have undermined the left more than the right though the rise of new ideologies throughout the twentieth century has helped show the weaknesses classifying ideologies by the traditional left right spectrum

Ideals and Ideologies Terence Ball, 2019-07-04 Ideals and Ideologies A Reader is a comprehensive compilation of classic and contemporary readings representing all of the major isms It offers students a generous sampling of key thinkers in different ideological traditions and places them in their historical and political contexts Used on its own or with Political Ideologies and the Democratic Ideal the anthology accounts for the different ways people use ideology and conveys the continuing importance of ideas in politics New to this 11th Edition Alexander Keyssar Voter Suppression Then and Now a distinguished historian traces the tawdry history of attempts successful and unsuccessful to disenfranchise voters Andrew Sullivan Democracies End When They Become Too Democratic an eminent conservative commentator and author argues that under certain circumstances democracies pose a danger to their very own existence Timothy Egan The Dumbed Down Democracy a prominent author and columnist argues that American democracy has been dumbed down due in large part to the absence of civic education in the public school curriculum Max Boot and David Brooks Conservatives Assess Trump two leading contemporary conservatives ponder the fundamental ideological problems the current president poses for the movement and consider the ways in which Donald Trump is and isn't a true conservative Eugene V Debs Speech to the Conference for Progressive Political Action an early 20th century American socialist and former presidential candidate articulates his vision for a new workers party that would challenge capitalism in the United States Robert Kagan This is How Fascism Comes to America a prominent neoconservative historian detects disturbing parallels between the rise of Donald Trump and that of various interwar fascists Erik Loomis A New Chapter in the Black Liberation Movement an American historian makes the case for Black Liberation with a particularly compelling case study how prisoners mainly black work essentially as slaves in both public and for profit prisons in the United States Black Lives Matter A Vision for Black Lives Demands for Black Power Freedom Justice leaders of the Black Lives Matter movement set forth their basic ideological beliefs and public policy prescriptions Josephine Livingstone The Task Ahead for Feminism the author argues that much remains to be done after the MeToo movement

Ideology, Legitimacy and the New State Sinisa Malesevic, 2013-01-11 A comparative analysis of the

dominant ideologies and modes of legitimization in communist Yugoslavia and post Communist Serbia and Croatia The aim of the book is to identify and explain dominant normative and operative ideologies and principal modes of legitimization in these three case studies

Machiavellis Revivus Nevio Cristante, 2011-05-25 From an intensive academic study based primarily on Machiavelli's works critical arguments arise in this text that undermine not only the current day political mind set framework and practices but also the views established academically up to the point where the body politic formed by the Western classical tradition is dissipated and dispersed Comprised in a contrary unconventional manner similar to Machiavelli the basic essential factors of history religion power and authority were formulated as the four main chapters in this work by Nevio Cristante From it one can readily see the flaws today in the false praise in nostalgic historical hubris the forgetting of a brand of religion that is essential for healthy politics the overlooking of coercive forces that reduce politics to power and the loss of true authority In this book Cristante comprises Machiavelli as a virtuous unprecedented extreme humanist in stark contrast to the common incessant interpretations of him being a teacher of evil a diabolical soulless political advisor A subversive satirical interpretation of The Prince has been formed herein extending from the generated knowledge of history and the history of Machiavelli's own experience From the vivacious and unraveling Italian Renaissance a cogent force prompted Machiavelli to create his literary works in order to form an educational cure for the deteriorating human condition of his time and any time There is in Machiavelli a differing sense of newness from that which is commonly known today which circumvents its worth in this distinct educative interpretation Machiavelli goes back in time in order to produce lessons applicable to correct the shortages in his and every present day With a divergent view of the works of art and literature outlined in this analysis Machiavelli's education becomes revived today in creating a virtuous political spiritual and cultural dynamism as a battle cry to repel the ignorance and great misfortunes in our human condition

Political Ideologies Andrew Heywood, 2021-03-24 Offering an unparalleled sweeping survey of the political ideologies that have shaped our world the seventh edition of Andrew Heywood's seminal undergraduate textbook continues to lead the way in guiding students through the political creeds and doctrines that have dominated politics past and present Covering an impressive array of topics the first half of the book focusses on traditional ideologies such as Conservatism Socialism Liberalism Anarchism and Fascism while more contemporary movements such as Populism Feminism Green Ideology Multiculturalism and Religious Fundamentalism form the latter part of the text Taking into account the remarkable events that have shaken the political sphere in recent years the text has been revised and updated throughout in order to show how the study of political ideologies can elucidate the significance of such striking phenomena as the decline of liberal democracy and the rise of populist movements and authoritarianism around the world The most accessible concise and yet comprehensive introduction to the topic this is an indispensable textbook for students studying for courses on political ideologies political theory and introductory politics It should be essential reading for anyone seeking to gain an understanding of political ideologies for the

Bartholomew, 2017-05-23 Modernity according to Bob Goudzwaard and Craig Bartholomew is not a single ideology but rather a tension between four worldviews In conversation with students from around the world and drawing upon a variety of sources and disciplines the authors propose ways to transcend modernity and address global crises The Philosophic Roots of Modern Ideology David E. Ingersoll, Richard K. Matthews, 1991 A collection of philosophically oriented essays on the three main political ideologies of liberalism communism and fascism *Contemporary Political Theory* J. C. Johari, 1987

Ideology and Politics John Schwarzmantel, 2008-02-13 Successfully challenges the notion that we live in a post ideological age John Schwarzmantel searchingly questions the thesis that only single issues and identities matter providing a reliable compass to help students navigate through a world that has witnessed the death of Communism and the rise of neo liberal hegemony Jules Townshend Professor of Political Theory Manchester Metropolitan University This book challenges the idea of post ideological consensus and offers a fresh perspective on the current state of political ideologies With traditional political ideologies such as liberalism socialism nationalism and conservatism perceived to be in crisis it assesses Their continued relevance in the context of globalisation and of scepticism towards ideological thinking The challenges posed by new ideologies such as ecologism and feminism The implications of new social movements and ideas of community and multiculturalism for the traditional Left Right political framework Ideology and Politics presents an accessible account of a new era of ideological politics where the dominant neo liberalism has spawned a diverse global range of ideologies of opposition It situates these radical frameworks of change and protest in relation to more traditional anti ideologies and seeks to re establish the relevance of ideologies for political action in the contemporary world This text will be core reading for students of politics at advanced undergraduate and postgraduate level **The Ideological Origins of Nazi Imperialism** Woodruff D. Smith, 1989-02-09 This study traces the evolution of imperialist ideology in Germany from Bismarck in the mid 19th century through Hitler and the Third Reich Although much has been written about the virulently racist and anti communist ideologies of the Nazi party this is the first book to treat Nazi imperialism as a separate ideology and set it within

a sturdy theoretical framework Smith contends that Nazi imperialism represented the last ambitious attempt to integrate two century old ideologies the elite pro industrial Weltpolitik and the popular based pro agrarian Lebensraum into a single system In fact Smith argues that it was largely the way in which the Nazis attempted to reconcile these contradictory ideologies that explains Germany's disastrous policies during World War II This wide ranging study also contributes to the debates over several other aspects of German history including German military aims in World War II the continuity or discontinuity of German policy from Bismarck to Hitler and the relation between ideology and social political life

Ideology James Decker, 2017-03-14 This concise introduction to the concept of ideology provides an overview of the term and considers its impact on literary theory James M Decker analyzes the history of Western ideology from its pre Enlightenment roots to its current incarnations providing readers with both an essential overview of key terms and issues and a thoughtful assessment of some of the important critical thinkers associated with the notion including Marx Gramsci and Althusser Ideological theories are introduced within three broad categories the subjective the institutional and the political which helps students to synthesize a concept that sprawls across the traditional disciplinary lines of philosophy politics economics history and cultural and literary studies Close readings of key texts demonstrate the impact of ideology on critical practice and literary reputation Texts include Toni Morrison's *Sula* William Faulkner's *Barn Burning* George Orwell's 1984 Compact and easy to follow Decker's study finally asks are we now in a post ideological era

Reconsidering Habermas's Colonization Thesis Roderick Condon, 2025-03-31 This book reconsiders Habermas's critique of capitalism as a foundation for a critical theory of neoliberalism Taking criticisms into account the author refines and redevelops Habermas's system lifeworld paradigm in three parts focusing on system lifeworld and communication The exposition unfolds through a new synthesis and convergence from within Habermas's frame of Axel Honneth Niklas Luhmann Talcott Parsons and Karl Marx This synthesis is interwoven with an account of the neoliberal turn such that social theory is historically contextualized and neoliberalism theoretically explained at one and the same time The end result is a reconstruction of the colonization thesis in a new theory of relinguistification advancing a communicative dialectical and reflexive theory of reification

Reconsidering Habermas's Colonization Thesis will appeal to scholars of critical theory social theory sociology and cultural studies as well as readers interested in neoliberalism and the critique of capitalism

anthropologists historians and archaeologists but to all those interested in the complex interaction of ideological and political developments **Contemporary Israeli Haredi Society** Kimmy Caplan,Nissim Leon,2023-09-29 This edited volume offers profiles of contemporary Israeli Haredi i e Jewish Ultra Orthodox society from several disciplinary points of view resisting a generalized approach and examining the different sometimes competing currents that define it It is argued that Haredi society has undergone a process of rejuvenation in recent history demographically it has experienced steady and consistent growth on the Israeli political stage Haredi parties have become increasingly influential and culturally the Haredi presence is increasingly felt in Israeli news media popular movies and TV series Each of the chapters in the book focuses on a particular topic and combines research findings with an assessment of the current state of the field These topics encompass Haredi ideology politics military service education geography the media and healthcare together they paint a complex picture of Haredi society as one of contradictory layers dimensions and aspects Making sense of contemporary Haredi society is critical for anyone interested in understanding Israeli society as a whole but the book will also appeal to historians of religion scholars of contemporary conservative enclave religious societies and cultures and those who focus on Jewish studies in the modern era **Reconstruction and Restoration of Architectural Heritage** Sergey Sementsov,Alexander

Leontyev,Santiago Huerta,Ignacio Menéndez Pidal de Nava,2020-09-24 Reconstruction and Restoration of Architectural Heritage 2020 includes contributions on the protection and restoration of architectural monuments and the reconstruction of major historical urban development sites as well as various complex issues and aspects of engineering reconstruction of monuments and preservation of historical heritage The contributions were presented at the eponymous conference RRAH 2020 St Petersburg Russia 25 28 March 2020 and cover a wide range of topics Historical architectural and urban planning research and restoration of monuments Urban and regional planning Engineering reconstruction performance of repair and reconstruction works on monuments Training of architects and restorers Reconstruction and Restoration of Architectural Heritage 2020 will be of interest to academics and professionals involved in the history and restoration of nature reserves estates cities and monuments **Complicity and Responsibility in Contemporary African Writing** Minna Johanna

Niemi,2021-05-03 This book investigates the many ways in which contemporary African fiction has reflected on themes of responsibility and complicity during the postcolonial period Covering the authors Ayi Kwei Armah Tsitsi Dangarembga Nuruddin Farah Michiel Heyns and J M Coetzee the book places each writer s novels in their cultural and literary context in order to investigate similarities and differences between fictional approaches to individual complicity in politically unstable situations In doing so the study focuses on these texts representations of discomfiting experiences of being implicated in harm done to others in order to show that it is precisely during times of political crisis that questions of moral responsibility and implicatedness in compromised conduct become more pronounced The study also challenges longstanding western amnesia concerning responsibility for historical and present day violence in African countries and juxtaposes this denial of

responsibility with the western literary readership's consumption of narratives of African suffering. The study instead proposes new reading habits based on an awareness of readerly complicity and responsibility. Drawing insights from across political philosophy and literary theory, this book will be of interest to researchers of African literature, postcolonial studies, and peace and conflict studies.
