impressed me If I were asked to add a personal note to these few words Of introduction I should say to the young journalist take as far as you possibly can a personal interest in your work be proud Of the profession you have adopted and zealous for its honour never use a long word when a short one will do or a foreign word when an English one is at your service eschew the parenthesis and cleave unto the full step And however much you may be tempted in the beginning to imitate the style Of this writer or Of that never forget that your greatest chance Of success as a journalist lies in your having a style of your own About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Modern American Journalism Sidney Kobre,2012-05-01 **News with a View** Burton St. John III,Kirsten A. Johnson,2014-01-10 Modern mainstream journalism faces a very real disturbance of its foundational premise that credible news is gathered and articulated from an objective stance This volume offers new examinations of how the traditional notion of objectivity is changing as professional journalists grapple with a rapidly evolving news terrain one that has become increasingly crowded by those with no journalistic credentials Examining historical antecedents current dilemmas international aspects and theoretical considerations contributors make the case that the journalist s impulse to hold onto objectivity and to ignore the increasing subjectivities to which citizens are attuned actually contributes to the news media s disconnect from today s news consumer Revealing how traditional journalism needs to incorporate post objective stances these essays stimulate further thought and conversation about news with a view in both theory and practice
