Modern Library Price Guide 1917 1985:

The Modern Library Price Guide, 1917-1985 Henry Toledano, Modern Library (Firm), 1993 **George Gissing** Pierre Coustillas, 2005 George Gissing the definitive bibliography is an extraordinary work Over 600 pages long and stuffed with unimaginably recherche detail its effect will be to run professional bibliographers of whom Pierre Coustillas is not one green with envy **The Gissing Journal** ,1992 **National Library of Medicine Audiovisuals Catalog** National Library of Medicine (U.S.), The Modern Library Price Guide, 1917-1995 Henry Toledano, Modern Library (Firm), 1995 **The Modern Library Price Guide, 1917-2000** Henry Toledano, Modern Library (Firm), 1999 **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), **Studies in Contemporary Jewry: XI: Values, Interests, and Identity** Peter Y. Medding, 1995 This collection of original articles addresses the often conflicting roles of values interests and identity in contemporary Jewish politics with its focus on Jews and contemporary politics particularly the interplay of politics and jewish history this new work makes an outstanding contribution to the scholarly literature Righteous Revolutionaries Jeffrey A. Javed, 2022-09-07 Righteous Revolutionaries illustrates how states appeal to popular morality shared understandings of right and wrong to forge new group identities and mobilize violence against perceived threats to their authority Jeffrey A Javed examines the Chinese Communist Party s mass mobilization of violence during its land reform campaign in the early 1950s one of the most violent and successful state building efforts in history Using an array of novel archival documentary and quantitative historical data this book illustrates that China s land reform campaign was not just about economic redistribution but rather part of a larger brutally violent state building effort to delegitimize the new party state s internal rivals and establish its moral authority Righteous Revolutionaries argues that the Chinese Party state simultaneously removed perceived threats to its authority at the grassroots and bolstered its legitimacy through a process called moral mobilization This mobilization process created a moral boundary that designated a virtuous ingroup of the masses and a demonized outgroup of class enemies mobilized the masses to participate in violence against this broadly defined outgroup and strengthened this symbolic boundary by making the masses complicit in state violence Righteous Revolutionaries shows how we can find traces of moral mobilization in China today under Xi Jinping s rule In an era where states and politicians regularly weaponize moral emotions to foment intergroup conflict and violence understanding the dynamics of violent mobilization and state authority are more relevant than ever before **List of Books for School Libraries of the State of Oregon** ,1917 Six Stages on the Spiritual Path Ruth Whitney, 2021-05-21 In Six Stages on the Spiritual Path we learn about spirituality and its stages as well as how spirituality helps to reduce our suffering and create more love Writings from ancient to contemporary mystics across the world provide us with practical and spiritual wisdom that will make our lives happier and more loving In the first stage on the mystic way children experience awe and wonder but they do not realize that this is a spiritual experience While all indigenous people recognize awe as a mystical experience only

some adults and most artists do When parents and religious leaders teach children about God they cause their spiritual growth to flourish or to become stunted at an elementary school level Awakening is an experience of the Divine that helps us realize that the Sacred Spirit is within us and loves us Awakening produces love for our neighbors and ourselves Then love nurtures more awakenings Illumination and union are deeper mystical experiences that the Holy One is not only within all of us and all of creation but also that we are within the ONE Illumination creates more love for all people and all the universe

Annual Bibliography of Modern Art Museum of Modern Art (New York, N.Y.). Library,1994 *Political Economy After Economics* David Laibman,2013-03-01 This re incorporation of economics into political economy is one small but not insignificant element in a larger project to place all of the resources of present day social scientific research at the service of increasing democracy in an ultimate direction toward socialism in the classic sense An economics enriched political economy is above all empowering working people in general can calculate build models think theoretically and contribute to a human worthy future rather than leaving all this to their betters **Guide to Standard Floras of the World** David G. Frodin,2001-06-14 This 2001 book provides a selective annotated bibliography of the principal floras and related works of inventory for vascular plants The second edition was completely updated and expanded to take into account the substantial literature of the late twentieth century and features a more fully developed review of the history of floristic documentation The works covered are principally specialist publications such as floras checklists distribution atlases systematic iconographies and enumerations or catalogues although a relatively few more popularly oriented books are also included The Guide is organised in ten geographical divisions with these successively divided into regions and units each of which is prefaced with a historical review of floristic studies In addition to the bibliography the book includes general chapters on botanical bibliography the history of floras and general principles and current trends plus an appendix on bibliographic searching a lexicon of serial abbreviations and author and geographical indexes **Huxford's Old Book Value Guide** Bob Huxford,1991 Nearly 25 000 titles with current values fill this hardbound book Much more than just a typical price guide the book is a directory with scores of actual buyers listed by the subject matter they are searching for as well as dealers offering the books at listed prices It will put you in touch with a person interested in buying or selling the books you have piled on your bookshelves **Bibliographic Guide to Art and Architecture** New York Public Library. Art and Architecture Division,1987 **Values in Cities** James Lesh,2022-09-23 Examining urban heritage in twentieth century Australia James Lesh reveals how evolving ideas of value and significance shaped cities and places Over decades a growing number of sites and areas were found to be valuable by communities and professionals Places perceived to have value were often conserved Places perceived to lack value became subject to modernisation redevelopment and renewal From the 1970s alongside strengthened activism and legislation with the innovative Burra Charter 1979 the values based model emerged for managing the aesthetic historic scientific and social significance of historic environments Values thus transitioned from an implicit to

an overt component of urban architectural and planning conservation The field of conservation became a noted profession and discipline Conservation also had a broader role in celebrating the Australian nation and in reconciling settler colonialism for the twentieth century Integrating urban history and heritage studies this book provides the first longitudinal study of the twentieth century Australian heritage movement It advocates for innovative and reflexive modes of heritage practice responsive to urban social and environmental imperatives As the values based model continues to shape conservation worldwide this book is an essential reference for researchers students and practitioners concerned with the past and future of cities and heritage The Foreword and Chapter 1 Introduction of this book are available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license *Serials in the British Library*, 1992 [Guide to Reference Books](#) Robert Balay, Vee Friesner Carrington, Murray S. Smoking Privileges Laura D. Hirshbein, 2015-01-31 Current public health literature suggests that the mentally ill may represent as much as half of the smokers in America In *Smoking Privileges* Laura D Hirshbein highlights the complex problem of mentally ill smokers placing it in the context of changes in psychiatry in the tobacco and pharmaceutical industries and in the experience of mental illness over the last century Hirshbein a medical historian and clinical psychiatrist first shows how cigarettes functioned in the old system of psychiatric care revealing that mental health providers long ago noted the important role of cigarettes within treatment settings and the strong attachment of many mentally ill individuals to their cigarettes Hirshbein also relates how as the sale of cigarettes dwindled the tobacco industry quietly researched alternative markets including those who smoked for psychological reasons ultimately discovering connections between mental states and smoking and the addictive properties of nicotine However *Smoking Privileges* warns that to see smoking among the mentally ill only in terms of addiction misses how this behavior fits into the broader context of their lives Cigarettes not only helped structure their relationships with other people but also have been important objects of attachment Indeed even after psychiatric hospitals belatedly instituted smoking bans in the late twentieth century smoking remained an integral part of life for many seriously ill patients with implications not only for public health but for the ongoing treatment of psychiatric disorders Making matters worse well meaning tobacco control policies have had the unintended consequence of further stigmatizing the mentally ill A groundbreaking look at a little known public health problem *Smoking Privileges* illuminates the intersection of smoking and mental illness and offers a new perspective on public policy regarding cigarettes
