

The background of the cover is a dramatic sunset over the ocean. A large battleship is visible in the distance, silhouetted against the bright orange and yellow sun. In the foreground, the dark, rounded conning tower of a submarine is partially submerged in the water. The sky is filled with soft, orange-hued clouds, and the water reflects the light from the sun.

Neptune Strategy:

Secret Manoeuvres in the Dark Eveline Lubbers, 2012-06-14 Shortlisted for the Bread and Roses Prize 2013 The exposure of undercover policeman Mark Kennedy in the eco activist movement revealed how the state monitors and undermines political activism This book shows the other grave threat to our political freedoms undercover activities by corporations *Secret Manoeuvres in the Dark* documents how corporations are halting legitimate action and investigation by activists Using exclusive access to previously confidential sources Eveline Lubbers shows how companies such as Nestl Shell and McDonalds use covert methods to evade accountability She argues that corporate intelligence gathering has shifted from being reactive to pro active with important implications for democracy itself *Secret Manoeuvres in the Dark* will be vital reading for activists investigative and citizen journalists and all who care about freedom and democracy in the 21st century

In Good Faith Renate Pratt, 2006-01-01 In retrospect it is difficult to accept that Western democracies have implicitly supported or at least tolerated the legalized system of white supremacy in South Africa known as apartheid Renate Pratt's new book *In Good Faith* explains why the Christian churches were among the first to publicly protest and why they provided such cogent and determined international support for the struggle against apartheid The Taskforce on the Churches and Corporate Responsibility is a coalition of Christian churches that for nearly twenty years was one of Canada's leading anti apartheid advocates As the first co ordinator of this Taskforce Renate Pratt was at the centre of the early anti apartheid initiatives in Canada and consequently is able to supply a clear and accurate view The book traces the history of exchanges between the Taskforce and successive ministers and senior civil servants of the Department of External Affairs It details the reluctant and weak responses offered by the Canadian government and business community right up to the time of Nelson Mandela's release from prison *In Good Faith* will be of particular interest to Canadian Christians concerned with ecumenical co operation and with the social and political dimensions of their faith Equally it will appeal to those interested in the impact of public interest organizations on public policy or the relationship between politics and business interests

The Neptune Strategy John Gobbell, 2004-06 In 1944 the Allies have delivered a stunning blow to Hitler's Western Front At the same time Admiral Raymond A Spruance's Fifth Fleet is poised to deliver a knock out punch to the Japanese Navy in the Marianas and continue the Navy's island hopping campaign all the way to Japan But in the center of this world spanning drama a lone Japanese submarine the I 57 headed for the U boat pens in L Orient France is on a mission of a very different kind And on board is Todd Ingram a prisoner of war Ingram was given up for lost at sea but via top secret code breaking the Navy brass discovers he is on the I 57 But they can't reveal how this was learned or that they even know it So Ingram's close friend Captain Jerry Landa is put in charge of a covert NEPTUNE STRATEGY to save Ingram But Landa can't help himself as he falls for Ingram's supposedly widowed wife Helen while the top brass demands to know where the Japanese sub is going who is in command and what the I 57's ultimate mission really is It's only until the I 57 makes a secret rendezvous with her sister

ship the I 49 in Madagascar's Antongila Bay that Ingram learns this is not just a simple technical exchange mission between Germany and Japan. The I 57's mission has far more personal and deadlier ramifications. Worst of all, Ingram discovers the sub's captain, Commander Hajime Shimada, plans to kill him before they reach L'Orient. **Neptune's Inferno** James D. Hornfischer, 2012-03-06

A literary tour de force that is destined to become one of the definitive works about the battle for Guadalcanal, James D. Hornfischer deftly captures the essence of the most pivotal naval campaign of the Pacific War. San Antonio Express News: The Battle of Guadalcanal has long been heralded as a Marine victory. Now, with his powerful portrait of the Navy's sacrifice, James D. Hornfischer tells for the first time the full story of the men who fought in destroyers, cruisers, and battleships in the narrow, deadly waters of Ironbottom Sound. Here, in stunning cinematic detail, are the seven major naval actions that began in August 1942, a time when the war seemed unwinnable and America fought on a shoestring with the outcome always in doubt. Working from new interviews with survivors, unpublished eyewitness accounts, and newly available documents, Hornfischer paints a vivid picture of the officers and enlisted men who opposed the Japanese in America's hour of need. The first major work on this subject in almost two decades, *Neptune's Inferno* does what all great battle narratives do: It tells the gripping human stories behind the momentous events and critical decisions that altered the course of history and shaped so many lives. Praise for *Neptune's Inferno*: Vivid and engaging, extremely readable, comprehensive, and thoroughly researched. Ronald Spector, *The Wall Street Journal*. Superlative storytelling, the masterwork on the long neglected topic of World War II's surface ship combat. Richard B. Frank, *World War II*. The author's two previous World War II books thrust him into the major leagues of American military history writers. *Neptune's Inferno* is solid proof he deserves to be there. The Dallas Morning News. Outstanding. The author's narrative gifts and excellent choice of detail give an almost Homeric quality to the men who met on the sea in steel titans. Booklist starred review. Brilliant, a compelling narrative of naval combat, simply superb. The Washington Times. **The Neptune Strategy** John J. Gobbell, 2005-11-29

Former naval officer John J. Gobbell brings to life marine warfare as few others ever have. Now, the author of *When Duty Whispers*, *Low A*, *Code for Tomorrow*, and *The Last Lieutenant* returns to the fiery panorama of World War II as Commander Todd Ingram is caught in a living hell BETWEEN THE HAMMER AND THE ANVIL. In 1944, the Allies have delivered a stunning blow to Hitler's Western front. In the Pacific, Admiral Raymond A. Spruance's Fifth Fleet is poised to eviscerate the Japanese Navy and begin a new war for the occupied islands. But in the center of this world-spanning drama, a lone Japanese submarine is on a mission of a very different kind. And on board is Todd Ingram, a prisoner of war and captive of fate. IS THE ULTIMATE ACT OF DECEPTION. Navy brass knows Ingram is on the sub but can't reveal its ability to break Japanese code. So Ingram's friend, Captain Jerry Landa, is put in charge of a covert Neptune Strategy to save Ingram. But Landa can't help himself as he falls for Ingram's wife, Helen, while the top brass demands to know where the Japanese sub is going, who is in command, and what its astounding ultimate mission really is. *The Neptune Strategy* is a fast-paced World War II story that is not only a page-turner but managed to teach me a
