New Comparative Method Structural And Symbolic Analysis Of The Allomo:

Handbook of the Sociology of Racial and Ethnic Relations Pinar Batur, Joe R. Feagin, 2018-06-11 The study of racial and ethnic relations has become one of the most written about aspects in sociology and sociological research In both North America and Europe many traditional cultures are feeling threatened by immigrants from Latin America Africa and Asia This handbook is a true international collaboration looking at racial and ethnic relations from an academic perspective It starts from the principle that sociology is at the hub of the human sciences concerned with racial and ethnic relations

Remembering the Alamo Richard R. Flores, 2010-01-01 This study examines the American mythology surrounding the Alamo and its influence on cultural identity historical memory and ethnic relations Over nearly two centuries the Mexican victory over an outnumbered band of Alamo defenders has been transformed into an American victory for the love of liberty Through a metamorphosis of memory and mythology the Alamo became a master symbol in Texan and American culture In **Remembering the Alamo** Richard Flores examines how this transformation helped to shape social economic and political relations between Anglo and Mexican Texans from the late nineteenth to the mid twentieth centuries Flores looks at how heritage society members and political leaders sought to define the Alamo and how their attempts reflected struggles within Texas society over the place and status of Anglos and Mexicans Flores also explores how Alamo movies and the transformation of Davy Crockett into a hero martyr have advanced deeply racialized ambiguous and even invented understandings of the past
