Nothing Hidden:

Jesus Remembered James D. G. Dunn, 2003-07-29 In Christianity in the making James D G Dunn examines in depth the major factors that shaped first generation Christianity and beyond exploring the parting of the ways between Christianity and Judaism the Hellenization of Christianity and responses to Gnosticism He mines all the first and second century sources including the New Testament Gospels New Testament apocrypha and such church fathers as Ignatius Justin Martyr and Irenaeus showing how the Jesus tradition and the figures of James Paul Peter and John were still esteemed influences but were also the subject of intense controversy as the early church wrestled with its evolving identity **Alexandros'**

Pogačnik, 2019-10-06 Human evolution has now arrived at a decisive crossroads The future of humankind on Earth depends on whether people recognize their determining role in the evolution of the consciousness of Earth Marko Poga nik Humanity today faces a unique task to overcome the thousand year old division between heaven and earth spirit and matter This says Marko Poga nik is our present day challenge But we have an important ally in this work in the being of Jesus also known as Christ whose teachings are intended to help us at this critical time of human development Historically however Jesus words of wisdom were harnessed to the construction of an earthly religion and much of their deeper meaning was lost in the

process Christ Power and Earth Wisdom is the story of the author's discovery of a Fifth Gospel woven invisibly into the four canonical Gospels. It teaches humanity how to live positively in the third millennium. Bringing together knowledge of elemental beings, Earth science and Christ, the author has translated over one hundred of Jesus' sayings into a language that the modern mind can understand. He identifies blockages in the Biblical gospels that have prevented the Spirit of Christ from manifesting in the past era. But the time is now ripe for understanding the multilayered reality of these teachings. Based on methods of investigation and perception that Pogacnik has developed over many decades of work in healing the various dimensions of Earth's landscape and nature, he deciphers the hidden holistic messages in Christ's teachings, dismantling the obstacles that have arisen through outdated interpretations. The text is complemented with Pogacnik's energetically charged drawings forming a feeling counterpart to the thought flow of the book. A new Postscript offers an important update relating to methods of gaining a broader spiritual perception of reality in the present.

The Creation of God Jacob

Hartmann, 2019-11-21 In *The Creation of God*, Jacob Hartmann embarks on a profound exploration of the intersections between theology, philosophy and the human condition. Written in a lyrical style that intertwines narrative and reflection, the book delves into the nature of divinity, the act of creation and what it means to exist in a world infused with spiritual significance. Hartmann situates his work within contemporary debates on theism and existentialism, drawing on ancient texts while engaging with modern philosophical discourse to unravel the complexities of belief and existence. Jacob Hartmann, an accomplished scholar in religious studies and philosophy, brings both personal and academic lenses to his writing. His deep engagement with various theological traditions and existential thought stems from his own spiritual journey and scholarly pursuits, leading him to question the boundaries of faith and reason. Hartmann's synthesis of personal narrative and rigorous analysis enriches the reader's understanding of the book's themes and invites deep reflection. For those seeking a thought-provoking interplay of ideas that challenge the very foundations of belief and existence, *The Creation of God* is essential reading. Hartmann masterfully urges readers to confront their own perceptions of divinity, making it a compelling narrative that resonates with both seekers of truth and seasoned scholars alike.

The Zen Buddhist Philosophy of D. T. Suzuki Rossa

Ó Muireartaigh, 2022-03-24 D. T. Suzuki (1870-1966) reached global fame for his writings on Zen Buddhism. In this introduction to his theories of self-knowledge and the world, Suzuki is presented as a Buddhist philosopher in his own right. Beginning with a biography of his life, providing the historical context to his thought and discussing Suzuki's influences, chapters cover the Zen notion of the non-self and Suzuki's Zen view of consciousness, language and religious truths. His ideas about philosophy and radical views on rationality and faith come to life in two new complete translations of *The Place of Peace in our Heart* (1894) and *Religion and Science* (1949), which helps us to understand why Suzuki's description of Zen attracted the attention of many leading intellectuals and helped it become a household name in the English-speaking world. Offering the first complete overview of Suzuki's approach, reputation and legacy as a philosopher, this is for anyone interested in the philosophical

Colossians and Philemon Marianne Meye Thompson,2005-11-02 Colossians and Philemon have traditionally been overshadowed by other New Testament texts thought to express Pauline theology more clearly In this notable commentary however Marianne Meye Thompson shows how these two epistles provide a unique formulation of the gospel in terms of creation and reconciliation rather than justification by faith In Colossians she finds an overarching narrative of the Bible's grand creation redemption story and an important emphasis on the relationship between creation and Christology while her exploration of Philemon casts brighter light on the significance of Paul's familial metaphors for the church and the meaning of new humanity in Christ Throughout her work on these two epistles Thompson continually connects her insights to theological concerns making this volume an excellent addition to the Two Horizons series *Studies in New Testament and Early Christian Literature* David Edward Aune,2014-04-09 Preliminary Material David Edward Aune Animals and Symbolism in Luke Lexical notes on Luke Acts IX Henry J Cadbury The Text of Matthew 1:16 Bruce M Metzger Capitalization in English translations of the Gospel of Matthew Floyd V Filson The Greek New Testament with a limited critical Apparatus Its nature and Uses Ernest Cadman Colwell The Q Problem Reconsidered Olof Linton The Christian Two Ways Tradition Its Antiquity Form and Function M Jack Suggs Pseudepigraphy and the early Christians Martin Rist Proverbs in the Gospel of Thomas William A Beardslee The Historical beginnings of the Resurrection Faith Howard M Teeple Synoptic prophecies on the destruction of Jerusalem Bo Reicke Luke The Literary Physician Morton S Enslin The Census in Luke as an Apologetic Device Horst R Moehring The Israel of God Kenneth Willis Clark Redactions of the Fourth Gospel and the mother of Jesus Harry M Buck Unsolved questions about early Christianity in Anatolia Sherman E Johnson The Phenomenon Of early Christian Anti Sacramentalism David E Aune Christians and imperial economic policy in the early Fourth Century Robert M Grant The concept of the so called Divine Man in Mark's Christology Otto Betz Christian Baptism and the contribution of Melito of Sardis reconsidered Gerald F Hawthorne Allen P Wikgren Biography and Bibliography Robert W Allson Index Of Authors David Edward Aune Index Of References David Edward Aune **The Fifth Gospel** Stephen J.
