Oral Presentation Supplement For Composition:

Envisioning Collaboration Geoffrey Cross, Charles Sides, 2017-03-02 The dissemination of desktop publishing and web authoring software has allowed nearly everyone in industrialized countries to combine verbal and visual symbols into text. Serious multimodal projects often demand extensive teamwork especially in the workplace. But how can collaboration engaging such different traditions of expression be conducted effectively? To address this question *Envisioning Collaboration* traces the composing processes of expert graphic artists and writers preparing advertising campaigns to retain a vital national account. It examines the influences on individual and dyadic composing processes of what Csikszentmihalyi terms the domain in this case the disciplinary knowledge of advertising and the field in this case the surrounding economic conditions and client vendor customer and agency executive gatekeepers. Based on a 460 hour participant observation and intensive computerized data analysis *Envisioning Collaboration* is the first book to meticulously examine collaborative creative processes at an award winning advertising agency including audience analysis branding collaborative moves power and conflict management uses of humor degree of mindfulness and effectiveness. The findings indicate the role of concepts in generating common texts by artists and writers the role of the visual in individuals composing verbal visual rhetorical elements in processes and products and which verbal visual techniques were most generative. Findings are related to pertinent research in technical and business writing rhetoric and composition and some key research in visual design communication advertising neurolinguistics management and psychology. The book concludes with a pedagogical training unit incorporating gateway activities for effective verbal visual composition and collaboration.

New Researches Into the Composition and Exegesis of the Qoran Hartwig Hirschfeld, 1902 **The Balance Sheet**, 1927 *Genre - text - interpretation* Kaarina Koski, Frog, Ulla Savolainen, 2016-01-01 This book presents current discussions on the concept of genre. It introduces innovative multidisciplinary approaches to contemporary and historical genres their roles in cultural discourse how they change and their relations to each other. The reader is guided into the discussion surrounding this key concept and its history through a general introduction followed by eighteen chapters that represent a variety of discursive practices as well as analytic methods from several scholarly traditions. This volume will have wide appeal to several academic audiences within the humanities both in Finland and abroad and will especially be of interest to scholars of folklore language and cultural expression.
