Painting The Nation Identity And Nationalism In Scottish Painting 1800 1920:

Painting the Nation John Morrison, 2003 This study describes one of the most vibrant periods of Scotland's art and casts new light on the evolution of its identity and culture "Painting Labour in Scotland and Europe, 1850-1900 " John Morrison, 2017-07-05 *Painting Labour in Scotland and Europe 1850 1900* explores hitherto unrecognized European variations in the phenomena of rural labour imagery particularly in Scotland In exploring these distinctions relative to Scotland and Europe it looks to develop a new understanding of the commonalities and idiosyncrasies of rural labour imagery which have often been treated as homogenous Lacking the detailed analysis that has been accorded other images writing about Scottish painting has often been appended to analyses of English or French imagery It has generally been understood as intellectually divorced from the sometimes brutal realities of evolving Scottish nineteenth century urbanism or simply ignored *Painting Labour in Scotland and Europe 1850 1900* sets out systematically to discuss the Scottish rural painting in relation to its particular Scottish historical context both sociological and aesthetic and its English and European counterparts Alongside canonical Scottish images by major figures such as James Guthrie the book explores many hitherto under researched and unconsidered paintings by nineteenth century Scottish artists and considers them in relation to major English and Continental Realist and Romantic painters The juxtaposition of J F Millet with W D McKay and Edwin Landseer with George Reid makes for a volume that will appeal both to an academic audience and to one interested in European art history more generally

Scotland, CEMA and the Arts Council, 1919-1967 Euan McArthur, 2016-04-01 A case study of the relationship between arts and cultural policy and nationalism Scotland CEMA and the Arts Council 1919 1967 Background Politics and Visual Art Policy examines the overlooked significance of Scotland in the development of British arts policy and institutions This study is broadly relevant in an era of political devolution which continues to pose questions for the constituent nations of Britain and their sense of self and collective identities Euan McArthur provides a clear account of the background to and evolution of the Council for the Encouragement of Music and the Arts CEMA and the Arts Council of Great Britain ACGB in Scotland up to the formation of the Scottish Arts Council SAC in 1967 He also presents a study of Scottish visual art policy and activities between 1940 and 1967 assessing the successes and failures of visual art policy in Scotland including the degree to which it evolved differently from England This development leading to the re naming of the Scottish Committee of the ACGB as the SAC prepared the way for the expansion of activities that marked the 1970s and after Based on extensive archival research this book brings to light previously unavailable material not covered in existing accounts of CEMA ACGB

Pabay Christopher A. Whatley, 2019-07-18 The tiny diamond shaped island of Pabay lies in Skye's Inner Sound just two and a half miles from the bustling village of Broadford One of five Hebridean islands of that name it derives from the Norse *papa ey* meaning island of the priest Many visitors since the first holy men built their chapel there have felt that Pabay is a deeply spiritual place and one of wonder These include the great 19th century geologists Hugh

Miller and Archibald Geikie for whom the island's rocks and fossil laden shales revealed much about the nature of Creation itself. Len and Margaret Whatley moved to Pabay from the Midlands and lived there from 1950 until 1970. Leaving a landlocked life in Birmingham for the emptiness of an uninhabited island was a brave and challenging move for which nothing could have prepared them. Christopher Whatley, their nephew, was a regular visitor to Pabay whilst they lived there. In this book, based on archival research, oral interviews, memory and personal experience, he explores the history of this tiny island jewel and the people for whom it has been home, to create a vivid picture of the trials, tribulations and joys of island life.

This Sporting Life Robert Colls, 2020-08-28. Why did killing a fox mean liberty? What did parish revels have to do with the Peterloo Massacre? What did animal cruelty have to do with the English constitution? What did the Factory Acts mean for modern football? In *This Sporting Life*, Robert Colls explains sport as one of England's great civil cultures. The lived experiences of people from all walks of life are reclaimed to tell England's history through its great sporting cultures, from the horseback pursuits of the wealthy and politically connected to the street games in working class neighbourhoods which needed nothing but a ball. It observes people at play, describes how they felt and thought, carries the reader along to a match or a hunt or a fight, draws out the sounds and smells of humans and animals, showing that sport has been as important in defining British culture as gender, politics, education, class and religion. Irish and Scottish Art, c. 900-1900 Heather Pulliam, Rachel Moss, 2024-11-30. As evidenced by the famed Book of Kells and monumental high crosses, Scotland and Ireland have long shared a distinctive artistic tradition. The story of how this tradition developed and flourished for another millennium through survival, adaptation and revival is less well known. Some works were preserved and repaired as relics, objects of devotion believed to hold magical powers. Respect for the past saw the creation of new artefacts through the assemblage of older parts or the creation of fakes and facsimiles. Meanings and values attached to these objects and to places with strong early Christian associations changed over time, but their Celtic and/or Gaelic character has remained to the forefront of Scottish and Irish national expression. Exploring themes of authenticity, imitation, heritage, conservation and nationalism, these interdisciplinary essays draw attention to a variety of understudied artworks and illustrate the enduring link that exists between Scottish and Irish cultures. **Scottish Ethnicity and the Making of New Zealand Society, 1850-1930** Tanja Bueltmann, 2011-07-07. The Scots accounted for around a quarter of all UK born immigrants to New Zealand between 1861 and 1945 but have only been accorded scant attention in New Zealand histories, specialist immigration histories and Scottish Diaspora Studies. This is peculiar because the flow of Scots to New Zealand, although relatively unimportant to Scotland, constituted a sizable element to the country's much smaller population. Seen as adaptable, integrating relatively more quickly than other ethnic migrant groups in New Zealand, the Scots' presence was obscured by a fixation on the romanticised shortbread tin facade of Scottish identity overseas. Uncovering Scottish ethnicity from the verges of nostalgia, this study documents the notable imprint Scots left on New Zealand. It examines the Scottish immigrant community
