

A small, dark wooden boat is positioned in the lower center of the frame, floating on a calm body of water. The water reflects the vibrant colors of the sunset sky, which transitions from deep purple and blue at the top to bright orange and pink near the horizon. Several dark, silhouetted clouds are scattered across the sky. The overall mood is serene and contemplative.

**The Dreadful Monster and its Poor Relations** Julian Hoppit,2021-05-27 An invaluable primer to some of the underlying tensions behind contemporary political debate Financial Times It has always been an important part of British self image to see the United Kingdom as an ancient organic and sensibly managed place in striking contrast to the convulsions of other European countries Yet as Julian Hoppit makes clear in this fascinating and surprising book beneath the complacent surface the United Kingdom has in fact been in a constant often very tense argument with itself about how it should be run and most significantly who should pay for what The book takes its argument from an eighteenth century cartoon which shows the central state as the Dreadful Monster gorging

itself at the dinner table on all the taxes it can grab Meanwhile the Poor Relations Scotland Wales and Ireland both poor because of tax but also poor in the sense of needing special treatment are viewed in London as an endless drain on the state With drastically different levels of prosperity population industry agriculture and accessibility between the United Kingdom s different nations what is a fair basis for paying for the state
