M. Leonard, 1900 Poverty and Welfare in Scotland 1890-1948 Ian Levitt, 1988 *Health Care and Poor Relief in 18th and 19th Century Northern Europe* Ole Peter Grell, Andrew Cunningham, 2017-07-05 Throughout history governments have had to confront the problem of how to deal with the poorer parts of their population During the medieval and early modern period this responsibility was largely borne by religious institutions civic institutions and individual charity By the eighteenth century however the rapid social and economic changes brought about by industrialisation put these systems under intolerable strain forcing radical new solutions to be sought to address both old and new problems of health care and poor relief This volume looks at how northern European governments of the eighteenth and nineteenth centuries coped with the needs of the poor whilst balancing any new measures against the perceived negative effects of relief upon the moral wellbeing of the poor and issues of social stability Taken together the essays in this volume chart the varying responses of states social classes and political theorists towards the great social and economic issue of the age industrialisation Its demands and effects undermined the capacity of the old poor relief arrangements to look after those people that the fits and starts of the industrialisation cycle itself turned into paupers The result was a response that replaced the traditional principle of outdoor relief with a generally repressive system of indoor relief that lasted until the rise of organised labour forced a more benign approach to the problems of poverty Although complete in itself this volume also forms the third of a four volume survey of health care and poor relief provision between 1500 and 1900 edited by Ole Peter Grell and Andrew Cunningham **Health Care and Poor Relief in Protestant Europe 1500-1700** Andrew Cunningham, Ole Peter Grell, 2002-11 This book provides an outline of the developments in health care and poor relief in Northern Europe by drawing on research into local conditions and mapping general patterns of development **Poor Relief and Charity 1869-1945** R. Humphreys, 2001-10-31 This volume challenges many widely held beliefs about the efficacy of the London Charity Organization Society Politicians social administrators sociologists economists biographers and historians have been swayed by the strength of their propaganda The Charity Organization Society continues to be used as an institutional model to illustrate the alleged advantages of voluntarism over state benefits Poor Relief and Charity 1869 1945 exposes the misleading nature of many of its claims It explains why they were shunned by other charities treated with suspicion by parish clergy disregarded by poor law guardians and seen as little different from the stigmatized poor law by
