Pop Goes The Culture:

Pop Goes the Culture Craig McGregor, 1984 Pop goes the culture **High Culture Fever** Jing Wang, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1996 *Pop Goes the Church* Tim Stevens, 2008 Whether you're a regular attendee a leader or have yet to step foot in a church you may have questions about church that aren't being answered How can the church remain relevant while communicating the unchanging integrity of God's truth Author Tim Stevens makes an inspiring case for leveraging pop culture to reach out to people in the language of their lives He offers a new perspective that gives relevance and impact to the church by using pop culture meeting people in the real world with words sounds and images that speak to them He encourages us to get out of our comfort zones and look people in the eyes meeting them wherever they are relating to their problems and society's challenges even celebrating pop culture where there are exciting signs of spiritual seeking Pop Goes the Church will open your mind to church in a way that breaks down walls engages the culture and speaks to a generation that needs to hear good news **Elvis After Elvis** Gilbert B. Rodman, 2013-10-18 For a dead man Elvis Presley is awfully noisy His body may have failed him in 1977 but today his spirit his image and his myths do more than live on they flourish they thrive they multiply Why is Elvis Presley so ubiquitous a presence in US culture Why does he continue to enjoy a cultural prominence that would be the envy of the most heavily publicized living celebrities In *Elvis after Elvis* Gil Rodman traces the myriad manifestations of The King in popular and not so popular culture He asks why Elvis continues to defy our expectations of how dead stars are supposed to behave Elvis not only refuses to go away he keeps showing up in places where he seemingly doesn't belong Rodman draws upon an extensive and eclectic body of Elvis sightings from Elvis's appearances at the heart of the 1992 Presidential campaign to the debate over his worthiness as a subject for a postage stamp and from Elvis's central role in furious debates about racism and the appropriation of African American music to the world of Elvis impersonators and the importance of Graceland as a place of pilgrimage for Elvis fans and followers Rodman shows how Elvis has become inseparable from many of the defining myths of US culture enmeshed with the American dream and the very idea of the United States caught up in debates about race gender and sexuality and in the wars over what constitutes a national culture *No Respect* Andrew Ross, 2016-09-16 The intellectual and the popular Irving Howe and John Waters Susan Sontag and Ethel Rosenberg Dwight MacDonald and Bill Cosby Amiri Baraka and Mick Jagger Andrea Dworkin and Grace Jones Andy Warhol and Lenny Bruce All feature in Andrew Ross's lively history and critique of modern American culture Andrew Ross examines how and why the cultural authority of modern intellectuals is bound up with the changing face of popular taste in America He argues that the making of taste is hardly an aesthetic activity but rather an exercise in

cultural power policing and carefully redefining social relations between classes

Faulkner and Print Culture Jay Watson, Jaime Harker, James G. Thomas Jr., 2017-05-25 With contributions by Greg Barnhisel John N Duvall Kristin Fujie Sarah E Gardner Jaime Harker Kristi Rowan Humphreys Robert Jackson Mary A Knighton Jennifer Nolan Carl Rollyson Tim A Ryan Jay Satterfield Erin A Smith Jay Watson and Yung Hsing Wu William Faulkner's first ventures into print culture began far from the world of highbrow New York publishing houses such as Boni in the culture of twentieth century magazines journals newspapers and other periodicals from pulp to avant garde in the history of modern readers and readerships and in the construction and cultural politics of literary authorship Several contributors focus on Faulkner's sensational 1931 novel *Sanctuary* to illustrate the author's multifaceted relationship to the print ecology of his time tracing the novel's path from the wellsprings of Faulkner's artistic vision to the novel's reception among reviewers tastemakers intellectuals and other readers of the early 1930s Other essayists discuss Faulkner's early notices the *Saturday Review of Literature* *Saturday Evening Post* men's magazines of the 1950s and Cold War modernism

Art in the Age of Mass Media John A. Walker, 2001-08-20 Can fine art survive in an age of mass media If so in what forms and to what purpose And can radical art still play a critical role in today's divided world These are the questions addressed in the *Art in the Age of Mass Media* as John Walker examines the fascinating relationship between art and mass media and the myriad interactions between high and low culture in a postmodern culturally pluralistic world Using a range of historic and contemporary works of art Walker explores the variety of ways in which artists have responded to the arrival of new mass media He ranges from the socialist paintings of Courbet to the anti Nazi photomontages of Heartfield from community murals and Keith Haring's use of graffiti to the kitsch self promotion associated with Jeff Koons The new edition describes what happened during the 1990s including Toscani's adverts for Benetton the simulations of Leeds 13 art and cinema Damien Hirst and the cyberart currently being produced for the internet

Art In The Age Of Mass Media John Walker, 2019-04-03 Can fine art survive in an age of mass media If so in what forms and to what purpose And can radical art still play a critical role in today's divided world These are the questions addressed in the *Art in the Age of Mass Media* as John Walker examines the fascinating relationship between art and mass media and the myriad interactions between h

Communication, Digital Media, and Popular Culture in Korea Dal Yong Jin, Nojin Kwak, 2018-05-16 In recent decades Korean communication and media have substantially grown to become some of the most significant segments of Korean society Since the early 1990s Korea has experienced several distinctive changes in its politics economy and technology which are directly related to the development of local media and culture Korea has greatly developed several cutting edge technologies such as smartphones video games and mobile instant messengers to become the most networked society throughout the world As the Korean Wave exemplifies the once small and peripheral Korea has also created several unique local popular cultures including television programs movies and popular music known as K pop and these products have penetrated many parts of the world As Korean media and popular culture

have rapidly grown the number of media scholars and topics covering these areas in academic discourses has increased. These scholars' interests have expanded from traditional media such as Korean journalism and cinema to several new cutting edge areas like digital technologies, health communication, and LGBT related issues. In celebrating the Korean American Communication Association's fortieth anniversary in 2018, this book documents and historicizes the growth of growing scholarship in the realm of Korean media and communication.

Robots in Popular Culture Richard A. Hall, 2021-07-12

Robots in Popular Culture: Androids and Cyborgs in the American Imagination seeks to provide one go-to reference for the study of the most popular and iconic robots in American popular culture. In the last 10 years, technology and artificial intelligence (AI) have become not only a daily but a minute-by-minute part of American life, more integrated into our lives than anyone would have believed even a generation before. Americans have long known the adorable and helpful R2-D2 and the terrible possibilities of Skynet and its army of Terminators. Throughout, we have seen machines as valuable allies and horrifying enemies. Today, Americans cling to their mobile phones with the same affection that Luke Skywalker felt for the squat R2-D2. Meanwhile, our phones, personal computers, and cars have attained the ability to know and learn everything about us. This volume opens with essays about robots in popular culture, followed by 100 A-Z entries on the most famous AIs in film, comics, and more. Sidebars highlight ancillary points of interest, such as authors, creators, and tropes that illuminate the motives of various robots. The volume closes with a glossary of key terms and a bibliography providing students with resources to continue their study of what robots tell us about ourselves.

American Culture, American Tastes Michael Kammen, 2012-10-03

Americans have a long history of public arguments about taste, the uses of leisure, and what is culturally appropriate in a democracy that has a strong work ethic. Michael Kammen surveys these debates as well as our changing taste preferences, especially in the past century, and the shifting perceptions that have accompanied them. Professor Kammen shows how the post-traditional popular culture that flourished after the 1880s became full-blown mass culture after World War II in an era of unprecedented affluence and travel. He charts the influence of advertising and opinion polling, the development of standardized products, shopping centers, and mass marketing; the separation of youth and adult culture; the gradual repudiation of the genteel tradition; and the commercialization of organized entertainment. He stresses the significance of television in the shaping of mass culture and of consumerism in its reconfiguration over the past two decades. Focusing on our own time, Kammen discusses the use of the fluid nature of cultural taste to enlarge audiences and increase revenues, and reveals how the public role of intellectuals and cultural critics has declined as the power of corporate sponsors and promoters has risen. As a result of this diminution of cultural authority, he says, definitive pronouncements have been replaced by divergent points of view, and there is as well a tendency to blur fact and fiction, reality and illusion. An important commentary on the often conflicting ways Americans have understood, defined, and talked about their changing culture in the twentieth century.

Rock Music in American Popular Culture B. Lee Cooper, Wayne S. Haney, 1995

How does rock music

impact culture According to authors B Lee Cooper and Wayne S Haney it is central to the definition of society and has had a great impact on shaping American culture In Rock Music in American Popular Culture insightful essays and book reviews explore ways popular culture items can be used to explore American values This fascinating book is arranged alphabetically for quick and easy reference to specific topics but the book is equally enjoyable to read straight through The influence of rock era music is evident throughout the text demonstrating how various topics in the popular culture field are interconnected Students in popular culture survey courses and American studies classes will be fascinated by these unique explorations of how family businesses games nursery rhymes rock and roll legends and other musical ventures shed light on our society and how they have shaped American values over the years

Russian Culture in the Age of Globalization

Vlad Strukov, Sarah Hudspith, 2018-12-07 This book brings together scholars from across a variety of disciplines who use different methodologies to interrogate the changing nature of Russian culture in the twenty first century The book considers a wide range of cultural forms that have been instrumental in globalizing Russia These include literature art music film media the internet sport urban spaces and the Russian language The book pays special attention to the processes by which cultural producers negotiate between Russian government and global cultural capital It focuses on the issues of canon identity soft power and cultural exchange The book provides a conceptual framework for analyzing Russia as a transnational entity and its contemporary culture in the globalized world

Understanding Popular Culture and World Politics in the Digital Age Laura J. Shepherd, Caitlin Hamilton, 2016-05-20 The practices of world politics are now scrutinised in a way that is unprecedented with even those previously or conventionally assumed to be disengaged from international affairs being drawn into world politics by social media Interactive websites allow users to follow election results in real time from the other side of the world and online mapping means that the world out there is now available on your mobile phone Understanding Popular Culture and World Politics in the Digital Age engages these themes in contemporary world politics to better understand how digital communication through new media technologies changes our encounters with the world Whether the focus is digital media social networking or user generated content these sites of political activity and the artefacts they produce have much to tell us about how we engage world politics in the contemporary age This volume represents the starting point of a dialogue about how digital technologies are beginning to impact the research and practice of scholars and practitioners in the field of International Relations with the collection of cutting edge essays dealing specifically with the intertextuality of world politics and digital popular culture This book will be of use to International Relations research academics and critically engaged publics interested in the core themes of global politics subjectivity militarism humanitarianism civil society organisation and governance The book also employs theories and techniques closely associated with other social science disciplines including political theory sociology cultural studies and media studies

Culture, Ideology and Politics (Routledge Revivals) Raphael Samuel, Gareth Stedman Jones, 2016-05-20 First

published in 1982 this book is inspired the ideas generated by Eric Hobsbawm and has taken shape around a unifying preoccupation with the symbolic order and its relationship to political and religious belief It explores some of the oldest question in Marxist historiography for example the relationship of base and superstructure art and social life and also some of the newest and most problematic questions such as the relationship of dreams and fantasy to political action or of past and present historical consciousness to the making of ideology The essays which range widely over period and place are intended to break new ground and take on difficult questions

Branded Faith Rajkumar Dixit,2010-06-07 Christianity may be the greatest story ever told but in Western culture it is losing ground against the powerful forces of secularization In examining the root causes of this cultural shift does the church have anything to learn from secular society and the business sector For decades the church has resisted the idea of using business methodologies in the religious sphere Yet a closer look reveals that most church hierarchies have borrowed much of their organizational structure from the business sector But the church is not alone in its borrowing Today the lines between the church and the business sector are blurred as both entities influence each other interchangeably In *Branded Faith* Rajkumar Dixit enters an engaging and intellectually stimulating analysis of what the church can learn from the business practices of marketing branding and contextualization Using examples drawn from widely recognized companies such as Nike Starbucks Coca Cola and Subway Dixit systematically builds a case for the power of a story and emphasizes the importance of seeking culturally relevant ways to spread it Those who care deeply about sharing Christianity powerfully and effectively will find in *Branded Faith* a thoughtful presentation of ideas on how to maintain the integrity of the gospel while exploring fresh methods of communicating the good news to a postmodern society

Popular Culture and Foreign Policy Umut Yukaruç,2023-01-24 This book argues that as a popular text the Turkish television series *Valley of the Wolves Ambush* functions as a site for consent production for foreign policies formed by the AKP within the last decade through a process of reproduction of state identities ideologies and discourses at the level of narrative This book positions its argument in two fields Turkish Foreign Policy TFP studies and Popular Culture and World Politics within the larger International Relations context It is interdisciplinary in nature as it also makes use of theories around popular culture It advances works within these fields by focusing on a particular national context and offer an original analysis on Turkey While doing so it employs discourse analysis It also teases out some of the complexities of the nature and implications of representation of the TFP by using critical reception Together with an analysis of the critical reception of the television series political discourses around foreign policy is examined in line with the ways in which these policies are depicted and reproduced by the series This leads to an intertextual reading of Turkish state identity and security imaginary and a critical examination of the TFP in the last decade from a Constructivist perspective

Popular Culture Studies Across the Curriculum Ray B. Browne,2005-01-13 Academic curricula are being strengthened and enriched through the enlightened realization that no discipline is complete unto itself In the interdisciplinary studies that result the

one theme that remains universal is popular culture Academia throughout the disciplines is rapidly coming to understand that it should be used in courses campus wide and on all levels All in the world of education benefit from the use of the cultures around them This work emphasizes the need for interdisciplinary mingling and explores the ways in which instructors can utilize popular culture studies in order to deepen both their own areas of specialization and their students appreciation of education The collection of 18 essays spans campus curricula including the humanities English literature American studies folklore and popular culture the social sciences anthropology history sociology and communications religion and philosophy geography women s studies economics and sports Also addressed is the importance of popular culture courses in both community colleges and high school settings

The Global Impact of South Korean Popular Culture Valentina Marinescu, 2014-09-24 This volume fills a gap in the existing literature and proposes an interdisciplinary and multicultural comparative approach to the impact of Hallyu worldwide The contributors analyze the spread of South Korean popular products from different perspectives popular culture sociology anthropology linguistics and from different geographical locations Asia Europe North America and South America The contributors come from a variety of countries UK Japan Argentina Poland Bulgaria Czech Republic Indonesia USA Romania The volume is divided into three sections and twelve chapters that each bring a new perspective on the main topic This emphasizes the impact of Hallyu and draws real and imaginary maps of the export of South Korean cultural products Starting from the theoretical backgrounds offered by the existing literature each chapter presents the impact of Hallyu in a particular country This applied character does not exclude transnational comparisons or critical interrogations about the future development of the phenomenon All authors are speaking about their own native cultures This inside perspective adds an important value to the understanding of the impact of a different culture on the national culture of each respective country The contributions to this volume illustrate the globalization of the cultural products of Hallyu and show the various faces of Hallyu around the world

Culture and Society Rosamund Billington, Sheelagh Strawbridge, Lenore Greensides, Annette Fitzsimons, 1991-08-30 This text explores the difficulties of defining a sociology of culture emphasising the complex interdisciplinary nature of cultural studies and the variety of theoretical contributions from sociology literature history and anthropology Intended for a wide range of undergraduates the text covers areas not usually included in cultural studies together with those more familiar to the field It deals with the development and breakdown of key conceptual distinctions like structure culture culture knowledge objective reality subjective experience and the implications for the study of culture
