**The Foundations of Christian Bioethics** Hugo Tristram Engelhardt,2000 For decades Engelhardt has alluded to the ethics that binds moral friends While his Foundations of Bioethics explored the sparse ethics binding moral strangers this long awaited volume addresses the morality at the foundations of Christian bioethics The volume opens with an analysis of the marginalization of Christian bioethics in the 1970s and the irremedial shortcomings of secular ethics in general Drawing on the Christianity of the first millennium Engelhardt provides the ontological and epistemological foundations for a Christian bioethics that can remedy the onesidedness of a secular bioethics and supply the bases for a Christian bioethics The volume then addresses issues from abortion third party assisted reproduction and cloning to withholding and withdrawing treatment physician assisted suicide and euthanasia Practices such as free and informed consent are relocated within a traditional Christian morality Attention is also given to the allocation of scarce resources in health care and to the challenge of maintaining the Christian identity of physicians nurses patients and health care institutions in a culture that is now post Christian     **On Divine Revelation: The Teaching of the Catholic Faith Vol. One** Fr. Reginald

Garrigou-Lagrange,2022-05-27 In On Divine Revelation one of Garrigou Lagrange s most significant works here available in English for the very first time he offers a classic treatment of this foundational topic It is an organized and thorough defense of both the rationality and supernaturality of divine revelation He presents a careful yet stimulating account of the scientific character of theology the nature of revelation itself mystery dogma the grace of faith the powers of human reason false interpretations thereof rationalism naturalism agnosticism and pantheism the motives of credibility and much more Though written a century ago On Divine Revelation will restore confidence in theology as a distinct and unified science and return

focus to the fundamental questions of the doctrine of revelation It also serves as a salutary corrective to contemporary theology's anthropocentrism and concern with what is relative in revelation and religious experience by reorienting our theological attention to what is most certain central and sure in our knowledge of divine revelation the Triune God who has revealed his inner life and salvific will Readers will see the great splendor of the gift of divine revelation radiant with credibility before the gaze of reason and drawing our supernatural assent to the mysteries through the gift of faith As Fr Cajetan Cuddy O P observes On Divine Revelation is a stunning work of inestimable value No other subsequent work on this topic has come close to meeting it much less surpassing it **A suggestive commentary on the New Testament.
