Dead Celebrities, Living Icons John David Ebert,2010-06-02 This in depth series of literary portraits studies celebrities who died in famous and tragic ways ways that

still resonate as archetypal death scenarios in present day We know their likes and dislikes admire their talents envy them for daring to be what we can't or what we won't When they are snatched from us we feel a personal loss and an unwillingness to let go And so we transform these mere human beings into icons whose stars often shine in death even more brilliantly than in life *Dead Celebrities Living Icons Tragedy and Fame in the Age of the Multimedia Superstar* explores this phenomenon through a series of essays on 14 men and women who are arguably the most famous people of the 20th and early 21st centuries The book covers the epoch of the celebrity beginning in the 1930s with Howard Hughes and Walt Disney and continues to the present day with the life and death of Michael Jackson Far more than just a collection of biographies *Dead Celebrities Living Icons* documents the philosophical importance and significance of the contemporary cult of the celebrity and analyzes the tragic consequences of a human life lived in the glare of the media spotlight **Wild** Andrew Bolton, Metropolitan Museum of Art (New York, N.Y.), 2004-12-07 Book title examines the practical spiritual psychosexual and socioeconomic underpinnings of fashion's fascination with animals and birds Book jacket **Gay Shame** David M. Halperin, Valerie Traub, 2009 Ever since the 1969 Stonewall Riots gay pride has been the rallying cry of the gay rights movement and the political force behind the emergence of the field of lesbian and gay studies But has something been lost forgotten or buried beneath the drive to transform homosexuality from a perversion to a proud social identity Have the political requirements of gay pride repressed discussion of the more uncomfortable or undignified aspects of homosexuality *Gay Shame* seeks to lift this unofficial ban on the investigation of homosexuality and shame by presenting critical work from the most vibrant frontier in contemporary queer studies An esteemed list of contributors tackles a range of issues questions of emotion disreputable sexual histories dissident gender identities and embarrassing figures and moments in gay history as they explore the possibility of reclaiming shame as a new even productive way to examine lesbian and gay culture Accompanied by a DVD collection of films performances and archival imagery *Gay Shame* constitutes nothing less than a major redefinition and revitalization of the field **Swinging Single** Hilary Radner, Moya Luckett, 1999 Critics and defenders alike connect today's widespread anxieties about sexuality and culture to the political activism of the 1960s and the counterculture's preoccupation with the individual pursuit of pleasure In contrast the essays in *Swinging Single* attribute the new sexual mores of that era not to its political upheavals but to a confluence of social cultural and economic factors that encouraged personal gratification and altered traditionally defined gender roles Contributors analyze a broad range of topics the commercialization of avant garde and exploitation films new visions of female sexuality in *That Girl* and *The Avengers* the social context of such cultural icons as Hugh Hefner and Charles Manson the intersection of race and sexuality in Eldridge Cleaver's *Soul on Ice* and depictions of sexual pleasure in pornography and scientific films Concerning Consequences Kristine Stiles, 2016-03-21 Kristine Stiles has played a vital role in establishing trauma studies within the humanities A formidable force in the art world Stiles examines the significance of traumatic experiences both in the individual lives and

works of artists and in contemporary international cultures since World War II In *Concerning Consequences* she considers some of the most notorious art of the second half of the twentieth century by artists who use their bodies to address destruction and violence The essays in this book focus primarily on performance art and photography From war and environmental pollution to racism and sexual assault Stiles analyzes the consequences of trauma as seen in the works of artists like Marina Abramovic Pope L and Chris Burden Assembling rich intellectual explorations on everything from Paleolithic paintings to the Bible's patriarchal legacies to documentary images of nuclear explosions *Concerning Consequences* explores how art can provide a distinctive means of understanding trauma and promote individual and collective healing
