Portraits 2 Noah Baerman, 2001-11. The Portraits series fills one of the longtime gaps in student level piano repertoire by presenting colorful fun-to-play pieces in jazz, blues, rock, and other popular styles. Portraits invites you on a guided tour through the music of various artists in these styles, exploring what gives each artist his or her own special sound, while the progressively arranged original pieces allow you to try out these styles on your own. Each piece is accompanied by a biography and photo of the artist who inspired it, listening suggestions, and specially tailored preparatory exercises. While the Portraits books are recommended for students age 12 and older, younger musicians will certainly enjoy playing the pieces under the guidance of a teacher.
