Eva-Marie Kröller, 2004-02-05 This book offers a comprehensive and lively introduction to major writers genres and topics in Canadian literature Addressing traditional assumptions and current issues contributors pay attention to the social political and economic developments that have informed literary events Broad surveys of fiction drama and poetry are complemented by chapters on Aboriginal writing autobiography literary criticism writing by women and the emergence of urban writing in a country historically defined by its regions Also discussed are genres that have a special place in Canadian literature such as nature writing exploration and travel writing and short fiction Although the emphasis is on literature in English a substantial chapter on francophone writing is included [The Development of Modern Europe Volume I](#) James Robinson, Charles

Beard, 2017-12-24 The nation which has unmistakably assumed the leading role in European affairs during the past two hundred years is France At the opening of the eighteenth century she already enjoyed a commanding position In the wars to which the ambition of her king Louis XIV gave rise almost all the countries of western Europe took part even their colonies in distant regions were involved and the map of the world was fundamentally altered A generation after Louis XIV s death France began to be recognized as the great teacher of Europe her philosophers and economists denounced the abuses which existed everywhere and urged the reform of ancient outworn institutions When in due time France wrought a revolution in her own government she speedily forced other nations to follow her example Indeed carried away by the genius of her general Napoleon Bonaparte she seemed at one time about to bring all Europe under her sway **The Riverside Magazine**

for Young People Horace Elisha Scudder, 1870

A Library of the World's Best Literature - Ancient and Modern -

Vol. XLV (Forty-Five Volumes); Synopses of Famous Books & General Index Charles Dudley Warner, 2009-01-01 It would be enough to recommend this astonishing 45 volume set first published in 1896 if it were merely a wonderfully massive compilation of the world s best writings from the world s best authors up until the advent of the 20th century But A Library of the World s Best Literature is so much more than that For this marvelous collection represents the evolution of human thought the evolution of human civilization even as seen through the mind of one of the most important if sadly almost forgotten literary figures of the 19th century Popular American essayist novelist and journalist CHARLES DUDLEY WARNER 1829 1900 was renowned for the warmth and intimacy of his writing which encompassed travelogue biography and autobiography fiction and more and influenced entire generations of his fellow writers Here the prolific writer turned editor for his final grand work a splendid survey of global literature classic and modern and it s not too much to suggest that if his friend and colleague Mark Twain who stole Warner s quip about how everybody complains about the weather but nobody does anything about it had assembled this set it would still be hailed today as one of the great achievements of the book world And so it still deserves to be Arranged not chronologically but alphabetically mostly under the names of authors but in some cases of literatures or special subjects such as Icelandic literature or Arthurian legend this set is no dry reference work

These eminently browsable volumes available through Cosimo for the first time in decades in both paperback and hardcover editions are meant to be read and enjoyed by anyone who loves the written word Volume 45 features more synopses of notable works from Adam Bede by George Eliot to Zury The Meanest Man in Spring County by Joseph Kirkland including many not previously referenced in the set but highlighted as well worth a serious reader s time and attention This volume also includes a General Index to the 45 volume set **The History of Modern Music** John Hullah,1881 Six Lectures on Harmony George Alexander Macfarren,1882 **The popular encyclopedia; or, "Conversations lexicon;" being a general dictionary of arts, sciences, literature, biography, and history. With ... illustrations** Encyclopaedias, **Chemical physics** William Allen Miller,1877 **The Literary Gazette and Journal of Belles Lettres, Arts, Sciences, &c** ,1836
