Population Politics in the Tropics Samuël Coghe,2022-01-26 Population Politics in the Tropics explores colonial population policies in Angola between 1890 and 1945 from a transimperial perspective Using a wide array of previously unused sources and multilingual archival research from Angola Portugal and beyond Samu l Coghe sheds new light on the history of colonial Angola showing how population policies were conceived implemented and contested He analyses why and how doctors administrators missionaries and other colonial actors tried to grasp and quantify demographic change and improve the health conditions reproductive regimes and migration patterns of Angola s native population Coghe argues that these interventions were inextricably linked to pervasive fears of depopulation and underpopulation but that their implementation was often hampered by weak state structures internal conflicts and multiple forms of African agency Coghe s fresh analysis of demography health and migration in colonial Angola challenges common ideas of Portuguese colonial exceptionalism

Population Politics and Development L. Richey,2008-01-21 This book uses political and socio anthropological theory to examine the relationship between power interest and agency within population and family planning discourse across Africa with particular emphasis on case studies from Tanzania

People Who Count Dorothy Stein,2023-10-02 Originally published in 1995 this book confronts the contentious political issues on all sides of the population debate including immigration demographic competition gender ratios reproductive research and children s rights The book argues that lower fertility rates are preferred by women themselves are beneficial in their own right to both women and children and should not be used as a bargaining chip in any other area of the development debate Drawing on a large body of research in anthropology child psychology and population studies the book presents evidence that the poor do not necessarily have large families as form of financial security or to put them to work people without offspring are less lonely in old age immigration and refugee controls in the Northern Hemisphere have been more driven by politics

than rational calculation and human rights social security does not require a large cohort of young workers This book is a challenging contribution to the development debate It presents a persuasive case for policies which recognise hopeful trends in relieving the environmental and social pressures of a globally increasing population Population and World Politics Philip M. Hauser,1958 Based on papers given at the Institute of the Norman Wait Harris Memorial Foundation 50th University of Chicago 1954 *The Woman Citizen's Library: Practical politics, by F. H. MacGregor* Shailer Mathews,1913 The underlying theme of these essays by reformers such as Jane Addams and Florence Kelly is women s civic responsibility to play a vital role in public affairs **Building and Ruling the Republic** James Penny Boyd,1884 *The Iowa Journal of History and Politics* ,1903 The Saturday Review of Politics, Literature, Science and Art ,1870 *The Works of Orestes A. Brownson: Politics* Orestes Augustus Brownson,1884 *The Canadian Magazine of Politics, Science, Art and Literature* ,1900 **The New Politics of Population** Jason Leonard Finkle,C.
