Helen James

Population Conflict To Consensus:

Population Rafael M. Salas,2000 *Routledge Handbook of Asian Demography* Zhongwei Zhao,Adrian C.

Hayes,2017-12-14 Home to close to 60 per cent of the world s population Asia is the largest and by far the most populous continent It is also extremely diverse physically and culturally Asian countries and regions have their own distinctive histories cultural traditions religious beliefs and political systems and they have often pursued different routes to development Asian populations also present a striking array of demographic characteristics and stages of demographic transition This handbook is the first to provide a comprehensive study of population change across the whole of Asia Comprising 28 chapters by more than 40 international experts this handbook examines demographic transitions on the continent their considerable variations their causes and consequences and their relationships with a wide range of social economic political and cultural processes Major topics covered include population studies and sources of demographic data historical demography family planning and fertility decline sex preferences mortality changes causes of death HIV AIDS population distribution and migration urbanization marriage and family human capital and labour force population ageing demographic dividends political demography population and environment and Asia s demographic future This handbook provides an authoritative and comprehensive reference for researchers policymakers academics students and anyone who is interested in population change in Asia and the world The new politics of population ,1994 **World Population**

Policies John F. May,2012-03-28 This book examines the history behind the formulation implementation and evaluation of population policies in the more developed the less developed and the least developed countries from 1950 until today as well as their future prospects It links population policies with the theories of the demographic epidemiological and migratory transitions It begins by summarizing the demographic situation around the world with an emphasis on population policies and their underlying theories Then it reviews the early efforts to reduce mortality and fertility in the developing countries This is followed by a description of the internationalization of the debate on population issues and the transformation of these programs into more formal population policies particularly in the developing countries The book reviews also the situation of the developed countries and their specific challenges sub replacement fertility population aging and immigration and examines the effectiveness of population policies It also explores the way forward and future prospects for population policies over the next decades The book provides numerous concrete examples from all over the world and show how population policies are actually implemented and what have been their successes as well as their constraints Above all the book highlights the importance of understanding underlying demographic trends when assessing the development prospects of any country The book is recommended for not only demographers social scientists and policymakers but also economists and political scientists who are interested in social and demographic change around the world Demography students and researchers who are interested in applying knowledge on population trends and prospects in designing and evaluating public

policies will find this an invaluable reference work **Encyclopedia of Global Population and Demographics** James Ciment, Immanuel Ness, 2014-01-21 This up to date and comprehensive encyclopedia focuses on the population in each of the 194 countries of the world Emphasis is on the world's population at the end of the twentieth century and on predictions for the next fifty years This will be the authoritative source of information for students scholars librarians government officials and journalists *Democratic Citizenship and War* Yoav Peled, Noah Lewin-Epstein, Guy Mundlak, Jean Cohen, 2014-06-03 This edited volume explores the theoretical and practical implications of war and terror situations for citizenship in democratic states Citizenship is a key concept in Western political thought for defining the individual's relations with society The specific nature of these rights duties and contributions as well the relations between them are determined by the citizenship discourses that prevail in each society In wartime including low intensity wars democratic societies face different challenges than the ones facing them during peacetime in areas such as human rights the status of minorities the state's obligations to its citizens and the meaning of social solidarity War situations can affect not only the scope of citizenship as an institution but also the relations between the prevailing discourses of citizenship and between different groups of citizens Since 9 11 and the declaration of the war on terror many democracies have been grappling with issues rising out of the interface between citizenship and war This volume examines the effects of war on various aspects of citizenship practice including immigration and naturalization the welfare state individual liberties gender relations multiculturalism social solidarity and state civil society relations This book will be of great interest to students of military studies political science IR and security studies in general **Governing China's Population** Susan Greenhalgh, Edwin A. Winckler, 2005 *Governing China's Population* tells the story of political and cultural shifts from the perspectives of both regime and society Islam and the Securitisation of Population Policies Katrina Riddell, 2016-05-06 There has been much scholarly debate on the politically disruptive capabilities of Islam and the threats to global security posed by or to Muslim states and societies but within this dialogue there has been little recognition of the role of population policies in security issues Katrina Riddell's study focuses specifically on Islam and the securitization of population policies and sustainability Opening with a discussion of contemporary population discourses and their historical foundations the book examines how population growth has become an international security issue The author takes the examples of Pakistan and Iran to provide a nuanced understanding of Muslim states' interaction with global debates on sustainability She also explores how Muslim and non-Muslim states societies and agents perceive issues of population growth and control Providing an innovative approach to the pursuit of global sustainability and security this book presents useful material to scholars whose research focuses on Islam and the future Population Stabilization Through District Action Plans, 2003 *International Handbook of Population Policies* John F. May, Jack A. Goldstone, 2022-07-01 This Handbook offers an array of internationally recognized experts' essays that provide a current and comprehensive examination of all dimensions of international population policies The book

examines the theoretical foundations the historical and empirical evidence for policy formation the policy levers and modelling as well as the new policy challenges The section Theoretical Foundations reviews population issues today population theories the population policies framework as well as the linkages between population development health food systems and the environment The next section Empirical Evidence discusses international approaches to design and implement population policies on a regional level The section Policy Levers and Modelling reviews the tools and the policy levers that are available to design implement monitor and measure the impact of population policies Finally the section New Policy Challenges examines the recurrent and emerging issues in population policies This section also discusses prospects for demographic sustainability as well as future considerations for population policies As such this Handbook provides an important and structured examination of contemporary population policies their evolution and their prospects

The Global Spread of Fertility Decline Jay Winter, Michael Teitelbaum, 2013-06-18 DIV The world's population has grown by five billion people over the past century an astounding 300 percent increase Yet it is actually the decline in family size and population growth that is the issue attracting greatest concern in many countries This eye opening book looks at demographic trends in Europe North America and Asia areas that now have low fertility rates and argues that there is an essential yet often neglected political dimension to a full assessment of these trends Political decisions that promote or discourage marriage and childbearing facilitate or discourage contraception and abortion and stimulate or restrain immigration all have played significant roles in recent trends div

Participation, Representation and Global Civil Society Jane W. Muthumbi, 2010-03-18 This book focuses on religious fundamentalists mobilization efforts against abortion in three United Nations Conferences Using U S Christian and Egyptian Islamic fundamentalist groups as empirical cases this account highlights these groups efforts against the adoption of abortion in the 1984 Mexico Conference on Population the 1994 Cairo conference on Population and the 1995 Beijing Conference on Women The account which examines Northern U S Christian and Southern Egyptian Islamists anti abortion networks participation and representation within these forums provides a unique glimpse into their engagement within international institutions It also explores whether Northern and Southern groups growing involvement in decision making processes has lessened the inequality that historically characterized North South relations in the international arena and compares the strategies and tactics used by these groups as they attempted to influence the debate on reproductive rights within the conferences PrepComs regional forums NGO Forums and the state dominated plenary sessions It also assesses the extent to which these entities were effective in influencing outcomes in these arenas and comments on North South relations in a contemporary context Information on these groups was obtained from interviews with leaders of the U S Christian and Egyptian Islamic fundamentalist groups as well as secondary sources and official U N documents

Global Population and Reproductive Health Deborah R. McFarlane, 2014-07-18 The world population surpassed the seven billion mark in 2011 yet many women and couples still lack

access to reproductive health services These facts have profound implications for maternal and child health environmental quality and food security Global Population and Reproductive Health provides an introduction to an important and timely public health topic The text is unique in that it explores the inextricable link between population and reproductive health a connection that is often overlooked as well as their impact on global and local environmental issues Students will come away with a clear understanding of the relationships among all these issues and the vital need for integrated policies and international cooperation Contents Include 1 Overview 2 Measures and Theories 3 Health 4 Related Issues 5 Policies

Population Politics and Development L. Richey, 2008-01-21 This book uses political and socio anthropological theory to examine the relationship between power interest and agency within population and family planning discourse across Africa with particular emphasis on case studies from Tanzania *Environmental Change and Security Project Report*, 1998

Some Have Babies; Others, Regrets! Philip P. Eapen, 2010-03-20 Some Have Babies Others Regrets examines the relevance of the creation mandate for human beings to multiply and fill the earth in today s world It evaluates popular notions about the world being over populated in the light of available scientific evidence Do Population Policies Matter? Anrudh K. Jain, 1998

Wars, Internal Conflicts, and Political Order Gad Barzilai, 2012-02-01 This is the first comprehensive research study to analyze and explain the influence the prolonged Arab Israeli conflict has had on Israel It focuses on the manner in which all of the Israeli Arab wars since 1949 including the Intifada and the Gulf War have affected state and society in Israel In addition it examines the influences of other more limited Israeli military operations These subjects are investigated within a broad theoretical framework based on a critical analysis of the literature The author suggests an analytic qualitative model for understanding wars and internal political order and makes significant corrections to paradigms that deal with political order and wars from the Marxist paradigm to the liberal paradigm *Population, Development, and the Environment* Helen James, 2019-02-15 This book takes the reader into some of the most intransigent social economic and political issues that impact achieving sustainable development in Asia and the Pacific Through meticulous analysis of the integrated relationships between population development and the environment the chapters in this volume investigate the impacts of hydropower development on fragile ecosystems mining landslides and environmental degradation deforestation water and food security rural urban migration poverty alleviation civil society and community empowerment and how disaster recovery requires multi scalar and multi disciplinary approaches that take into account governance culture and leadership Legal frameworks may be legislated but are often rarely implemented The book will be valuable to students of sustainability population and development and governmental policy advising sectors as well as the NGO and humanitarian sectors The distinctive characteristic of this book is that it encapsulates an integrated multi disciplinary focus which brings to the discussion both robust empirical research and challenging policy applications in the investigation of how the sustainable development goals may be achieved in Asia and the Pacific *Population Movements,*

Conflicts, and Displacements in Nigeria Toyin Falola, Okpeh Ochayi Okpeh, 2008

When somebody should go to the ebook stores, search commencement by shop, shelf by shelf, it is in fact problematic. This is why we allow the book compilations in this website. It will extremely ease you to see guide **Population Conflict To Consensus** as you such as.

By searching the title, publisher, or authors of guide you truly want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best place within net connections. If you direct to download and install the Population Conflict To Consensus, it is extremely simple then, back currently we extend the colleague to purchase and make bargains to download and install Population Conflict To Consensus as a result simple!
