#### Population Redistribution In The Ussr Its Impact On Society 1897 1977:

Population Redistribution in the USSR Robert A. Lewis, Richard H. Rowland, 1979 **Cultures in Contact** Dirk Hoerder, 2002-11-21 A landmark work on human migration around the globe Cultures in Contact provides a history of the world told through the movements of its people It is a broad pioneering interpretation of the scope patterns and consequences of human migrations over the past ten centuries In this magnum opus thirty years in the making Dirk Hoerder reconceptualizes the history of migration and immigration establishing that societal transformation cannot be understood without taking into account the impact of migrations and indeed that mobility is more characteristic of human behavior than is stasis Signaling a major paradigm shift Cultures in Contact creates an English language map of human movement that is not Atlantic Ocean based Hoerder describes the origins causes and extent of migrations around the globe and analyzes the cultural interactions they have triggered He pays particular attention to the consequences of immigration within the receiving countries His work sweeps from the eleventh century forward through the end of the twentieth when migration patterns shifted to include transpacific migration return migrations from former colonies refugee migrations and distinct regional labor migrations in the developing world Hoerder demonstrates that as we enter the third millennium regional and intercontinental migration patterns no longer resemble those of previous centuries They have been transformed by new communications systems and other forces of globalization and transnationalism The Role of Migration in the History of the Eurasian Steppe NA NA,2016-04-30 Throughout their entire history the sedentary civilizations of China and Europe had to deal with nomads and barbarians This unique volume explores their drastically different responses China chose containment while Europe chose expansion Migration played a crucial role in this interaction Issuing from two population centers the sedentary one in the West and the nomadic one in the East two powerful population streams confronted each other in the Eurasian Steppe This confrontation was a crucial factor in determining patterns of Eurasian history it destroyed existing states created new ones and drastically changed the balance of power Even today while Russian populations in Asia contract the population pressures in China and Central Asia continue to build and are likely to spill over across the border This book shows how we are witnessing the beginning of a new cycle of the age old contest *Understanding Soviet Society* Michael Paul Sacks, Jerry G. Pankhurst, 2013-10-15 First Published in 1988 Understanding Soviet Society has grown out of the authors experience as sociologists researching and teaching about the Soviet Union Meant initially as an update to Contemporary Soviet Society Sociological Perspectives from 1980 this became a new volume because of the addition of six new authors but also because of the major changes occurring in the USSR today that in many ways necessitated new approaches It examines the fundamnetal institutions of Soviet society from work and social welfare to politics and the Party in order order to provide an objective understanding of the social underpinnings of the Soviet System **Population Redistribution in the USSR** Robert A. Lewis, Richard H. Rowland, 1979-11 The Nationalities Factor In Soviet

**Politics And Society** Lubomyr Hajda, Mark Beissinger, 2019-06-21 The editors express their gratitude to the John M Olin Foundation for its financial assistance and to the Harvard University Russian Research Center for the facilities and staff support that made this project possible We wish to thank those who contributed their invaluable scholarly advice including Vernon Aspaturian Abram Bergson Steven Blank Walker Connor Robert Conquest Murray Feshbach Erich Goldhagen Richard Pipes and Marc Raeff We gratefully acknowledge the assistance of Barbara A Anderson and Brian D Silver with Soviet demographic data used throughout the volume Susan Zayer and Karen Taylor Brovkin provided able administrative help For skillful technical assistance with the manuscript we are indebted to Jane Prokop Elizabeth Taylor and Alison Koff Catherine Reed Susan Gardos Bleich Christine Porto and Alex Sich helped generously in diverse ways Finally the editors profited at every stage from the congenial working atmosphere and the encouragement of colleagues at the Russian Research Center too numerous to mention To all of them goes our deep appreciation **Research Guide to the Russian and Soviet** Censuses Ralph S. Clem, 2016-11-01 Taken together the Russian census of 1897 and the Soviet censuses of 1926 1959 1970 and 1979 constitute the largest collection of empirical data available on that country but until the publication of this book in 1986 the daunting complexity of that material prevented Western scholars from exploiting the censuses fully This book is both a guide to the use of and a detailed index to these censuses The first part of the book consists of eight essays by specialist on the USSR six of them dealing with the use of census materials and the availability of data for research on ethnicity and language marriage and the family education and literacy migration and organization age structure and occupations The second part a comprehensive index for all the published census presents more than six hundred annotated entries for the census tables a keyword index that enables researchers to find census data by subject and a list of political administrative units covered in each census Geographic Perspectives on Soviet Central Asia Robert Lewis, 2003-10-04 In a unique survey based on new census data this book highlights the region s geographic economic and ecological problems The Soviet Union 1917-1991 Martin Mccauley, 2014-02-04 A second edition of this famous survey has been since 1945 eagerly awaited When the first edition appeared Brezhnev was still in power Gorbachev did not make it to the index and the USSR was a superpower Today the Soviet experiment is over and the USSR no longer exists How Why Martin McCauley has reworked and greatly expanded his book to answer these questions and to provide a complete account of the Soviet years Essential reading to an appreciation of recent history and to a better understanding of whatever happens next Soviet Natural Resources in the World Economy Robert G. Jensen, Theodore Shabad, Arthur W. Wright, 1983-08 Russia is a huge storehouse of natural resources including oil gas and other energy sources which she can trade with the rest of the world for advanced technology and wheat In this book leading experts evaluate the Soviet potential in major energy and industrial raw materials giving special attention to implications for the world economy to the end of the twentieth century The authors examine the mineral and forest resources that the Soviet Union has developed and may yet develop to provide exports during

the 1980s They discuss the regional dimension of these resources especially in Siberia and the Soviet Far East individual mineral raw materials such as petroleum natural gas timber iron ore manganese and gold and finally the role of raw materials in Soviet foreign trade The authors representing the United States Canada and Great Britain are primarily geographers but they include economists political scientists and a geologist Their work is based on primary sources for most of these reports current information is no longer being released to researchers and on interviews with Soviet officials

Bibliography of European Economic and Social History Derek Howard Aldcroft, Richard Rodger, 1993 This bibliographical guide contains 10 000 references to the economic and social history of 30 European countries during the period 1700 1939 More than 3000 periodicals have been consulted to obtain references as well as books edited collections and conference proceedings The information is listed in categories such as industry agriculture finance migration labour conditions urban communities and organizations Full publication details are included so that references may be located Housing and Urban Development in the USSR Gregory D. Andrusz, 1985-06-30 This study of housing and the urban environment in a socialist society sheds light on the discrepancy between plan and reality It investigates the sources and consequences of the problem and shows how the U S S R has attempted to find solutions Following a general background and overview section the book deals with the construction control and use of buildings in Soviet cities It then investigates the types of housing considered to be most appropriate for today's Russian urbanite Focusing on housing sites it shows the reality of the housing situation in the U S S R and uncovers spatial patterns of social segregation in Soviet urban development The question of high and low rise housing for workers is also discussed Andrusz shows how today s Soviet society has evolved away from certain patterns created by the architects of the Revolution New norms values and demands particularly in the visible form of a more privatized lifestyle the consumer oriented car ownership seeking nuclear family with segregated role playing have resulted in new dwelling needs The book is enriched with tables notes and references and a Migration, Displacement and Identity in Post-Soviet Russia Hilary Pilkington, 2002-11-01 The useful bibliography displacement of 25 million ethnic Russians from the newly independent states is a major social and political consequence of the collapse of the former Soviet Union Pilkington engages with the perspectives of officialdom of those returning to their ethnic homeland and of the receiving populations She examines the policy and the practice of the Russian migration regime before looking at the social and cultural adaptation for refugees and forced migrants Her work illuminates wider contemporary debates about identity and migration Soviet Central Asia William Fierman, 2019-07-09 This book would never have materialized without the cooperation of all of the contributors each of whom certainly also has a list of people to thank for help As editor however I have the privilege of naming a few whose contributions were especially important My understanding of Central Asian society has benefited enormously from the opportunities I have had to work and conduct research in the region especially in Uzbekistan I would therefore like to thank the International Research and Exchanges

Board and the University of Tennessee for making several stays in Central Asia possible over the past few years The Germans of the Soviet Union Irina Mukhina, 2007-03-06 Using rarely seen archival information this book provides an account of the experiences of the Germans living in the Soviet Union from the early post revolution period to the post Soviet era following the collapse of communism The Soviet Nationality Reader Rachel Denber, 2018-02-06 Setting the context for the crisis that has fragmented the former USSR this reader presents key essays by notable Western scholars who have shaped the debates within the field of Soviet nationality studies Focusing first on the historical development of the Soviet multiethnic state the discussions then turn to specific problem areas including federalism elites economy language policy and nationalism An introductory essay by the editor discusses how the works in teh book contribute to our understanding of the current disintegration and analyzes opposing perspectives in the debates Intended for use as a textbook in undergraduate or graduate courses on Soviet nationality problems or Soviet and post Soviet domestic politics this anthology will be valuable for students and professors alike Islamic Peoples Of The Soviet Union Shirin Akiner, 2013-09-05 First published in 1987 The aim of this historical and statistical handbook is to answer three basic questions about the Islamic peoples of the USSR who they are where they are and how many of them there are It is convenient to speak of them as Soviet Muslims grouping them all together under a single collective heading but they are in fact quite disparate For this reason it was decided to treat each ethnic group individually here A World Connecting Emily S. Rosenberg, 2012-10-30 Between 1870 and 1945 advances in communication and transportation simultaneously expanded and shrank the world In five interpretive essays A World Connecting goes beyond nations empires and world wars to capture the era's defining feature the profound and disruptive shift toward an ever more rapidly integrating world Migration, Homeland, and Belonging in Eurasia Cynthia J. Buckley, Blair A. Ruble, Erin Trouth Hofmann, 2008-09-09 Migration a force throughout the world has special meanings in the former Soviet lands Soviet successor countries each with strong ethnic associations have pushed some racial groups out and pulled others back home Forcible relocations of the Stalin era were reversed and areas previously closed for security reasons were opened to newcomers These countries represent a fascinating mix of the motivations and achievements of migration in Russia and Central Asia Migration Homeland and Belonging in Eurasia examines patterns of migration and sheds new light on government interests migrant motivations historical precedents and community identities The contributors come from a variety of disciplines political science sociology history and geography Initial chapters offer overall assessments of contemporary migration debates in the region Subsequent chapters feature individual case studies that highlight continuity and change in migration debates in imperial and Soviet periods Several chapters treat specific topics in Central Eurasia and the Far East such as the movement of ethnic Kazakhs from Mongolia to Kazakhstan and the continuing attractiveness to migrants of supposedly uneconomical cities in Siberia Sociology, 1979
