The Department of State Bulletin ,1984 *Population* Rafael M. Salas,2000 **The Global Politics of Census Taking** Walter Bartl,Christian Suter,Alberto Veira-Ramos,2024-02-08 This book examines in detail the state of the art on census taking to spark a more vivid debate on what some may see as a rather technical and hence uncontroversial field of inquiry Against the backdrop of controversy between instrumental and performative theoretical stances towards census taking it analyses the historical trajectories and political implications of seemingly technical decisions made during the quantification process by focusing on the 2020 round of censuses which have been particularly revealing as activities have been affected by the ongoing COVID 19 pandemic and the ensuing containment policies Through
