Populist Manifestos

Jakob Schwörer

Populist Manifestos:

The Populist Manifesto Emmy Eklundh, Andy Knott, 2020-01-29 This volume brings together a range of scholars dissatisfied with the mainstream of the populism debate It intends to bring forward a perspective which envisions populism not simply as a negative aspect of politics but as a way of doing politics Contemporary politics has been characterised by the overarching presence of populism while simultaneously engendering a sense of fear and extremism around the results of populist movements This collection intends to unpack the true potential for movements from and by the people linking these historically and offering a new lens for thinking about contemporary populism What can we learn from recent events How can these lessons inform how we think about politics for the future Offering this approach from the perspective of populist potential will help us answer these questions and open the debate with contributors from countries or regions that have a tradition of populism privileging them with a deeper understanding

The Rise of Populist Sovereignism Stephan De Spiegeleire, Clarissa Skinner, Tim Sweijts, 2017-09-14 *Populist Political Communication in Europe* Toril Aalberg, Frank Esser, Carsten Reinemann, Jesper Stromback, Claes De Vreese, 2016-07-01 In an increasing number of countries around the world populist leaders political parties and movements have gained prominence and influence either by electoral successes on their own or by influencing other political parties and the national political discourse While it is widely acknowledged that the media and the role of communication more broadly are key to understanding the rise and success of populist leaders parties and movements there is however very little research on populist political communication at least in the English speaking research literature Originating from a research project funded by the European Cooperation in the field of Scientific and Technical Research COST this book seeks to advance this research It includes examinations 24 European countries and focuses on three areas within the context of populism and populist political communication populist actors as communicators the media and populism and citizens and populism

Populism and Collective Memory Luca Manucci, 2019-11-21 Right wing populism is a global phenomenon that challenges several pillars of liberal democracy and it is often described as a dangerous political ideology because it resonates with the fascist idea of power in terms of anti pluralism and lack of minorities protection In Western Europe many political actors are exploiting the fears and insecurities linked to globalization economic crisis and mass migrations to attract voters However while right wing populist discourses are mainstream in certain countries they are almost completely taboo in others Why is right wing populism so successful in Italy Austria and France while in Germany it is marginal and socially unacceptable It is because each country developed a certain collective memory of the fascist past which stigmatizes that past to different levels For this reason right wing populism can find favorable conditions to thrive in certain countries while in others it is considered as an illegitimate and dangerous idea of power Through a comparative study of eight European countries this book shows that short term factors linked to levels of corruption economic situation and quality of democracy interact with long term cultural elements and

collective memories in determining the social acceptability of right wing populist discourses

The Growth of Populism in the Political Mainstream Jakob Schwörer, 2021-05-09 This book examines the populist communication of mainstream parties in Germany Austria Italy and Spain For a long time populist and radical right parties have been the main subject of investigation in academic research Yet how mainstream parties react to the rise of such actors is less known Scholars assume a populist Zeitgeist a populist contagion claiming that the political mainstream actively engages in populist and nativist discourses The author tests this widespread assumption analyzing whether center left and center right mainstream parties adopt populist messages as well as content related to the leftist and right wing host ideologies of populist actors Therefore this book is a must read for scholars students and researchers of political science and electoral studies as well as policy makers and practitioners interested in a better understanding of populism and populist communication

Mapping Populism Amit Ron, Majia Nadesan, 2020-03-05 This collection which can serve as an introduction to the field of populism provides an array of interdisciplinary approaches to populist mobilizations theories meanings and effects In so doing it rejects essentialized ideas regarding what populism is or is not Rather it explores the political social and economic conditions that are conducive for the emergence of movements labelled populist the rationalities and affective tenor of those movements the political issues pertaining to the relationship between populists and elites and the relationship between populist groups and political pluralism Grappling with accord and discord in assumptions and methodologies the book will appeal to scholars of sociology political science communication and cultural studies interested in populism social movements citizenship and democracy

The Ideational Approach to Populism Kirk A. Hawkins, Ryan E. Carlin, Levente Littvay, Cristóbal Rovira Kaltwasser, 2018-09-03 Populism is on the rise in Europe and the Americas Scholars increasingly understand populist forces in terms of their ideas or discourse one that envisions a cosmic struggle between the will of the common people and a conspiring elite In this volume we advance populism scholarship by proposing a causal theory and methodological guidelines a research program based on this ideational approach This program argues that populism exists as a set of widespread attitudes among ordinary citizens and that these attitudes lie dormant until activated by weak democratic governance and policy failure It offers methodological guidelines for scholars seeking to measure populist ideas and test their effects And to ground the program empirically it tests this theory at multiple levels of analysis using original data on populist discourse across European and US party systems case studies of populist forces in Europe Latin America and the US survey data from Europe and Latin America and experiments in Chile the US and the UK The result is a truly systematic comparative approach that helps answer questions about the causes and effects of populism

How Globalisation and Mediatization Challenge Democracy Yvonne Rostock, 2019-07-12 Democracy was the most successful political idea of the 20th century as the high number of democratic governments around the world bears out Today though it seems that it is experiencing a reversal of fortunes Populist parties are on the rise in democratic states At the same time some countries are sliding towards autocracy

Elsewhere politicians reframe election victories as a claim to absolute power There is no denying that democracy is under pressure Globalisation populism and mediatisation the growing influence of the media on politics are testing its limits Launched by the Swiss National Science Foundation and the University of Zurich in 2005 the National Centre of Competence in Research on Democracy NCCR Democracy examined how and why this is happening and the consequences it has for democracy The final report details the key findings of the 12 year research programme

The Sage Handbook of Political Marketing Paul Baines, Phil Harris, Denisa Hejlova, Costas Panagopoulos, 2025-08-07 The Sage Handbook of Political Marketing is a comprehensive resource that introduces the theory and practice of political marketing in a global yet simultaneously localized world The practice of political marketing has evolved significantly during the 20th and 21st centuries adapting to the rise of mass media marketing communication advertising and the web Traditionally dominated by US European and Australasian scholars the field has up to now emphasized the Americanisation and professionalisation of campaigning styles Since the start of the new millennium however political marketing has transformed into a data driven specialized profession With increasing digitalisation and the advent of AI political marketing involves personally targeted evidence based messaging with real time engagement and sentiment analysis This approach is not limited to democratic regimes but is also widely adopted by authoritarian states worldwide The handbook addresses the global perspectives on political marketing covering a myriad of contexts cultures and regimes It encompasses insights into political marketing in regions seldom discussed in the literature including Zimbabwe Japan India Hong Kong and Ukraine These chapters enrich the debate on political marketing s impact on democracies and its use in non democratic societies Organized into four parts the handbook covers strategy propaganda digital evolution ideology and contemporary practices in political marketing It explores topics such as the marketing of ideology the impact of the internet and social media the use of AI in political marketing and the role of fake news and disinformation in campaigns The handbook addresses the use of political marketing techniques in crisis management political branding the measurement of political marketing effects and political marketing use outside of electoral campaigns The Sage Handbook of Political Marketing is an essential resource for scholars practitioners students and politicians in general seeking to understand the complexities of political marketing It provides a comprehensive and nuanced exploration of the field equipping readers to engage with the theoretical and practical aspects of political marketing in a rapidly changing world Part 1 Strategy in Political Marketing Orthodox and Occidental Perspectives Part 2 Political Marketing Propaganda and Digital Evolution Global South and Eastern European Perspectives Part 3 Ideology in Political Marketing Advocacy Movements Lobbying and Public Diplomacy Part 4 Contemporary Political Marketing Cybercampaigning Fake News and Social Media

Anti-Corruption and Populism Vladimír Naxera, 2023-05-05 This book assesses what corruption means for populists and the anti corruption rhetoric of populist actors The author uses the case study of Czech politicians to show how populist politicians exploit the notion of corruption in their communication Using

many examples of different political statements by presidents party leaders MPs etc the populist discourse of corruption is discussed in the context of other discourses presented in Czech politics The author analyses both Czech not only populist political party election manifestos and the political communication on social media from Czech anti establishment and populist political parties ANO Freedom and Direct Democracy and Pirates Based on an extensive conceptual framework the book also focuses on whether mainstream parties respond to the success of populists by adopting populist anti corruption rhetoric themselves and the similarities and differences between the approaches they adopt Understanding the processes of more than 30 years of Czech post communist politics and offering a theoretical and methodological framework applicable to research conducted in other contexts this book will appeal to scholars of political science sociology and economics

Political Communication and Performative Leadership Corina Lacatus,Gustav Meibauer,Georg

Löfflmann,2023-11-07 This edited collection explores the intersections of populist communication performative leadership and international politics It investigates the mechanisms and dynamics connecting these core conceptual fields and offers empirical examples Together the contributors to the volume argue that populist communication i e the language deliberation and discursive performance of populist ideas has a profound and lasting impact not only on domestic politics but in terms of foreign policies as well as the conduct of international politics writ large First populist communication shapes how global regional and transborder issues are debated and strategically used for political purposes domestically Second populist communication changes when and how states and other actors in turn formulate responses and policies vis a vis for example migration global health climate change trade or war Finally populist communication affects the nature of international politics It influences how actors conduct themselves internationally and how we may conceive of core concepts and practices such as diplomacy security cooperation and order To illustrate these mechanisms the contributors explore cases from around the world demonstrating the relevance of populist communication for international politics in both the Global South and the Global North

Anti-Constitutional Populism Martin Krygier,Adam Czarnota,Wojciech Sadurski,2022-03-31 Around the world populist parties have sprung up in formerly and formally liberal democratic polities challenging their existing political parties and leaders and frequently overwhelming them These challenges and successes were rarely predicted arriving so soon after the wave of liberal democratic and constitutional enthusiasms proclamations and institution building which peaked in the 1990s Bringing together scholars from law political science and philosophy this collection explores the character of contemporary populisms and their relationships to constitutional democracy With contributors from around the world it offers a diverse range of nuanced perspectives on populism as a global phenomenon Using comparative and multi disciplinary techniques this book considers the specifics and similarities of populisms and raises general questions about their nature and potential futures

The International Encyclopedia of Political Communication, 3 Volume Set Gianpietro Mazzoleni,Kevin G. Barnhurst,Ken'ichi Ikeda,Rousiley C. M. Maia,Hartmut Wessler,2015-12-14 The International

Populist Manifestos Introduction

In the digital age, access to information has become easier than ever before. The ability to download Populist Manifestos has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Populist Manifestos has opened up a world of possibilities. Downloading Populist Manifestos provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Populist Manifestos has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Populist Manifestos. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Populist Manifestos. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Populist Manifestos, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Populist Manifestos has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers.

worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Populist Manifestos Books

1. Where can I buy Populist Manifestos books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
