Living in Spanglish Ed Morales, 2007-04-01 Chicano Cubano Pachuco Nuyorican Puerto Rican Boricua Quisqueya Tejano To be Latino in the United States in the twentieth and twenty first centuries has meant to fierce identification with roots with forbears with the language art and food your people came here with America is a patchwork of Hispanic sensibilities from Puerto Rican nationalists in New York to more newly arrived Mexicans in the Rio Grande valley that has so far resisted homogenization while managing to absorb much of the mainstream culture Living in Spanglish delves deep into the individual's response to Latino stereotypes and suggests that their ability to hold on to their heritage while at the same time working to create a culture that is entirely new is a key component of America's future In this book Morales pins down a hugely diverse community of Dominicans Mexicans Colombians Cubans Salvadorans and Puerto Ricans that he insists has more common interests to bring it together than traditions to divide it He calls this sensibility Spanglish one that is inherently multicultural and proposes that Spanglish describes a feeling an attitude that is quintessentially American It is a culture with one foot in the medieval and the other in the next century In Living in Spanglish Ed Morales paints a portrait of America as it is now both embracing and unsure how to face an onslaught of Latino influence His book is the story of groups of Hispanic immigrants struggling to move beyond identity politics into a postmodern melting pot Revelation in Aztlán Jacqueline M. Hidalgo, 2016-08-31 Bridging the fields of Religion and Latina/o Studies this book fills a gap by examining the spiritual rhetoric and practices of the Chicano movement Bringing new theoretical life to biblical studies and Chicana/o writings from the 1960s such as El Plan Espiritual de Aztlán and El Plan de Santa Barbara Jacqueline M Hidalgo boldly makes the case that peoples for whom historical memories of displacement loom large engage scriptures in order to make and contest homes Movement literature drew upon and defied the scriptural legacies of Revelation a Christian scriptural text that also carries a displaced homing dream Through the slipperiness of utopian imaginations these texts become places of belonging for those whose belonging has otherwise been questioned Hidalgo's elegant comparative study articulates as never before how Aztlán and the new Jerusalem's imaginative power rest in their ambiguities their ambivalence and the significance that people ascribe to them Chicano Nations Marissa K. López, 2011-10 This book argues that the transnationalism that is central to Chicano identity originated in the global postcolonial moment at the turn of the nineteenth century rather than as an effect of contemporary economic conditions which began in the mid nineteenth century and primarily affected the laboring classes The Spanish empire then began to implode and colonists in the new world debated the national contours of the vicerealties This is where the author locates the origins of Chicano literature which is now and always has been postnational encompassing the wealthy the poor the white and the mestizo **Tina Modotti** Letizia Argentero, 2003-01-01 Biografie van de Italiaanse fotografe en communistische activiste 1896 1942 **Latina/o/x Studies and Biblical Studies** Jacqueline M.
