Pornography Marxism Feminism And The Future Of Sexuality:

Pornography Alan Soble, 1986 *Porn Studies* Linda Williams, 2004 In her pioneering book *Hard Core* Linda Williams put moving image pornography on the map of contemporary scholarship with her analysis of the most popular and enduring of all film and video genres Now fifteen years later she showcases the next generation of critical thinking about pornography and signals new directions for study and teaching *Porn Studies* resists the tendency to situate pornography as the outer limit of what can be studied and discussed With revenues totaling between ten and fourteen billion dollars annually more than the combined revenues of professional football basketball and baseball visual hard core pornography is a central feature of American popular culture It is time Williams contends for scholars to recognize this and give pornography a serious and extended analysis The essays in this volume move beyond feminist debates and distinctions between a good erotica and a bad hard core Contributors examine varieties of pornography from the tradition of the soft core pin up through the contemporary hard core tradition of straight gay and lesbian videos and dvds to the burgeoning phenomenon of pornography on the Internet They explore as examples of the genre individual works as divergent as *The Starr Report* the pirated Tommy Lee Pamela Anderson honeymoon video and explicit Japanese ladies comics consumed by women They also probe difficult issues such as the sexualization of race and class and the relationship of pornography to the avant garde To take pornography seriously as an object of analysis also means teaching it *Porn Studies* thus includes a useful annotated bibliography of readings and archival sources important to the study of pornography as a cultural form Contributors Heather Butler Rich Cante Jake Gerli Minette Hillyer Nguyen Tan Hoang Despina Kakoudaki Franklin Melendez Ara Osterweil Zabet Patterson Constance Penley Angelo Restivo Eric Schaefer Michael Sicinski Deborah Shamoan Maria St John Tom Waugh Linda Williams

The Philosophy of Sex Raja Halwani, Jacob M. Held, Natasha McKeever, Alan Soble, 2022-02-28 With twenty five essays seven of which are new to the eighth edition this best selling volume examines the nature morality and social meanings of contemporary sexual phenomena Topics include sexual desire and activity masturbation Sexual orientation asexuality transgender issues Zoophilia rape casual sex and promiscuity love and sex polyamory sexual consent sexual perversion sexual ethics objectification BDSM sex and technology sex and race and sex work Updated and new discussion questions offer students starting points for debate in both the classroom and the bedroom *Hollywood v. Hard Core* Jon Lewis, 2002-09-01 A tale of censorship and regulation at the heart of the modern film industry In 1972 *The Godfather* and *Deep Throat* were the two most popular films in the country One a major Hollywood studio production the other an independently made skin flick At that moment Jon Lewis asserts the fate of the American film industry hung in the balance Spanning the 20th century *Hollywood v Hard Core* weaves a gripping tale of censorship and regulation Since the industry's infancy film producers and distributors have publicly regarded ratings codes as a necessary evil Hollywood regulates itself we have been told to prevent the government from doing it for them But Lewis argues that the studios self regulate because

they are convinced it is good for business and that censorship codes and regulations are a crucial part of what binds the various competing agencies in the film business together Yet between 1968 and 1973 Hollywood films were faltering at the box office and the major studios were in deep trouble Hollywood's principal competition came from a body of independently produced and distributed films from foreign art house film *Last Tango in Paris* to hard core pornography like *Behind the Green Door* that were at once disreputable and for a moment at least irresistible even chic In response Hollywood imposed the industry wide MPAA film rating system the origins of the G PG and R designations we have today that pushed sexually explicit films outside the mainstream and a series of Supreme Court decisions all but outlawed the theatrical exhibition of hard core pornographic films Together these events allowed Hollywood to consolidate its iron grip over what films got made and where they were shown thus saving it from financial ruin

Transgressions of Reading Robert D. Newman, 1993 It is often claimed that we know ourselves and the world through narratives In this book Robert D Newman portrays narrative engagement as a process grounded in psychoanalytic theory to explain how readers or listeners or viewers manage to engage with specific narratives and derive from them a personal experience Newman describes this psychodrama of narrative engagement as that of exile and return an experience in which narrative becomes a type of homeland beckoning and elusive endlessly defining and disrupting the borders of a reader's identity Within this paradigm he considers a fascinating variety of narrative texts from the Jim Jones episode in Guyana to Freud's repression of personal history in his story of Moses from a surrealistic collage novel by Max Ernst to the horror films of Alfred Hitchcock from the works of James Joyce Ariel Dorfman Milan Kundera and D M Thomas to the tales of abjection in pornography *Transgressions of Reading* is itself an engaging work as interesting for its provocative readings of particular works as for its theoretical insights It will appeal to readers from all fields in which narrative plays a crucial role in the study of film and art modern and contemporary literature popular culture and feminist psychoanalytic and reader response theory
