Vampires Today Joseph P. Laycock, 2009-05-14 This book about real vampires and the communities they have formed explores the modern world of vampirism in all its amazing variety Long before *Dracula* people were fascinated by vampires The interest has continued in more recent times with Anne Rice's *Lestat* novels *Buffy the Vampire Slayer* the HBO series *True Blood* and the immensely popular *Twilight* But vampires are not just the stuff of folklore and fiction Based upon extensive interviews with members of

the Atlanta Vampire Alliance and others within vampire communities throughout the United States this fascinating book looks at the details of real vampire life and the many expressions of vampirism as it now exists In *Vampires Today The Truth about Modern Vampirism* Joseph Laycock argues that today s vampires are best understood as an identity group and that vampirism has caused a profound change in how individuals choose to define themselves As vampires come out of the coffin as followers of a religion or lifestyle or as people biologically distinct from other humans their confrontation with mainstream society will raise questions as it does here about how we define normal and what it means to be human **Library Journal**,1997 American Book Publishing Record ,1997-09 **Loving Vampires** Tom Pollard,2016-03-14 Vampire characters are ubiquitous in popular culture serving as metaphors for society s most sensitive subjects sexuality gender roles race ethnicity class and often channeling widespread fears of immigration crime terrorism and addiction This book explores pop culture s vampires variously as sexual seducers savage monsters noble protectors and drainers of human power The author discusses three real life role models for vampire characters *A History of the Vampire in Popular Culture* Violet Fenn,2021-05-12 An exploration of the continuing appeal of vampires in cultural and social history Our enduring love of vampires the bad boys and girls of paranormal fantasy has persisted for centuries Despite being bloodthirsty heartless killers vampire stories commonly carry erotic overtones that are missing from other paranormal or horror stories Even when monstrous teeth are sinking into pale helpless throats especially then vampires are sexy But why In *A History Of The Vampire In Popular Culture* author Violet Fenn takes the reader through the history of vampires in fact and fiction their origins in mythology and literature and their enduring appeal on TV and film We ll delve into the sexuality and sexism of vampire lore as well as how modern audiences still hunger for a pair of sharp fangs in the middle of the night **Vampires** Gail B. Stewart,2011 While many people assume that vampires are merely the topic of popular movies and novels it is also true that many believe they exist in real life too This book examines the legends about the various forms vampires take how they feed on the living and the dangers of encountering them Also included are narratives documenting encounters both ancient and recent with vampires and centuries old Church warnings about the best method of avoiding them **The Complete Idiot's Guide to Vampires** Jay Stevenson,2009-01-21 Vampires are the hottest topic in popular culture today From the now classic novels of Anne Rice to the mega selling series by Stephanie Meyer to the hit HBO series *True Blood* based on the bestselling novels of Charlaine Harris the undead are certainly not dead in terms of books sales Now those curious about the history and lore of these creatures can get up to speed in the refreshed edition of *The Complete Idiot s Guide to Vampires* It provides a detailed explanation of the origins of vampires and insight into the fascination they hold in literature and belief Complete history and origins of this mythic creature An explanation of the various rules that vampires exist by A lively and exhaustive literary discussion of vampires and their importance in fiction **Women in the Ottoman Balkans** Amila Buturovic,Irvin Cemil Schick,2007-09-26 Women in the Ottoman Balkans were founders of pious endowments organizers of labour and conspicuous

consumers of western luxury goods they were lovers wives castaways divorcees widows the subjects of ballads and the narrators of folk tales victims of communal oppression and protectors of their communities against supernatural forces In their daily lives they experienced oppression and self denial in the face of frequently unsympathetic local customs but also empowerment self affirmation and acculturation This volume not only deepens our understanding of the distinctive contributions that women have made to Balkan history but also re evaluates this through a more inclusive and interdisciplinary analysis in which gender takes its place alongside other categories such as class culture religion ethnicity and nationhood This original and stimulating examination of the lives of Muslim Christian and Jewish women in southeastern Europe during the centuries of Ottoman rule focuses especially on those social relations that crossed ethnic and confessional intercommunal boundaries
