From Things Lost Shirli Gilbert,2017-05-15 An intimate history of the Holocaust that casts new light on our understanding of victimhood and survival In May 1933 a young man named Rudolf Schwab fled Nazi Germany His departure allegedly came at the insistence of a close friend who later joined the Party Schwab eventually arrived in South Africa one of the few countries left where Jews could seek refuge and years later resumed a relationship in letters with the Nazi who in many ways saved his life From Things Lost *Forgotten Letters and the Legacy of the Holocaust* is a story of displacement survival and an unlikely friendship in the wake of the Holocaust via an extraordinary collection of letters discovered in a forgotten trunk Only a handful of extended Schwab family members were alive in the war s aftermath Dispersed across five continents their lives mirrored those of countless refugees who landed in the most unlikely places Over years in exile a web of communication became an alternative world for these refugees a place where they could remember what they had lost and rebuild their identities anew Among the cast of characters that historian Shirli Gilbert came to know through the letters one name that

appeared again and again was Karl Kipfer He was someone with whom Rudolf clearly got on exceedingly well there was lots of joking familiarity and sentimental reminiscing That was Grandpa s best friend growing up Rudolf s grandson explained to Gilbert He was a Nazi and was the one who encouraged Rudolf to leave Germany He also later helped him to recover the family s property Gilbert takes readers on a journey through a family s personal history wherein we learn about a cynical Karl who attempts to make amends for his undemocratic past and a version of Rudolf who spends hours aloof at his Johannesburg writing desk dressed in his Sunday finest holding together the fragile threads of his existence The Schwab family s story brings us closer to grasping the complex choices and motivations that even in extreme situations or perhaps because of them make us human In a world of devastation the letters in *From Things Lost* act as a surrogate for the gravestones that did not exist and funerals that were never held Readers of personal accounts of the Holocaust will be swept away by this intimate story

The New Expatriates Anne-Meike Fechter, Katie Walsh, 2013-09-13 While scholarship on migration has been thriving for decades little attention has been paid to professionals from Europe and America who move temporarily to destinations beyond the West Such migrants are marginalised and depoliticised by debates on immigration policy and thus there is an urgent need to develop nuanced understanding of these more privileged movements In many ways these are the modern day equivalents of colonial settlers and expatriates yet the continuities in their migration practices have rarely been considered The New Expatriates advances our understanding of contemporary mobile professionals by engaging with postcolonial theories of race culture and identity The volume brings together authors and research from across a wide range of disciplines seeking to evaluate the significance of the past in shaping contemporary expatriate mobilities and highlighting postcolonial continuities in relation to people practices and imaginations Acknowledging the resonances across a range of geographical sites in Asia Africa and the Middle East the chapters consider the particularity of postcolonial contexts while enabling comparative perspectives A focus on race and culture is often obscured by assumptions about class occupation and skill but this volume explicitly examines the way in which whiteness and imperial relationships continue to shape the migration experiences of Euro American skilled migrants as they seek out new places to live and work This book was originally published as a special issue of the *Journal of Ethnic and Migration Studies*

Japan, the Jews, and Israel Meron Medzini, 2024-09-02 Although an ally of Nazi Germany during World War II Japan adamantly refused to accede to German demands to deal harshly with the some 40 000 Jews living under its control While there was anti-Semitism in Japan since the early 1920s there was also philo-Semitism and great admiration for Jewish power influence and achievements Japan Israel relations were very strained and tense from 1952 to the early 1990s due to Japan s dependence on Arab oil But since 1990 the policy of Japan has changed radically and the country is now a close friend of Israel in East Asia Meron Medzini compares and contrasts Israeli and Japanese society foreign policy and above all economic and technological ties He analyzes the presence of Jews in Japan since the 1860s and the absence of any Jewish influence power and involvement in Japanese arts

Thrown upon the World George Kolber, Charles Kolber, 2018-06-28. It is 1938 when the Kolbers, affluent Viennese Jews, flee their country for Shanghai after its annexation by the Nazis. Eva and her daughter take the Trans-Siberian Railroad through war zones where they must confront border guards and Japanese imprisonment. Meanwhile, her husband Josef and their twin sons travel by ocean liner, hiding valuables in crates. Similarly in China, the politically powerful Gan Chen family finds their lives upended by Japanese invaders. Forced to abandon their estate, the family seeks refuge in Shanghai. While the families adapt to their new lifestyles during the war, their children meet. Walter Kolber is a handsome violinist; Chao Chen is a gifted pianist. After a forbidden romance blossoms, Chao Chen discovers she is pregnant. Without familial blessings, the lovers marry in December 1946 and head with their newborn to a refugee camp in Austria. As Chao Chen grapples with language and cultural barriers, the family is met with turmoil and tragedy. Now, only time will tell if they will survive their troubles to start a new life in the United States. A remarkable true story, *Thrown upon the World* tells the tale of two families brought together during World War II in Shanghai and the twist of fate that split them apart.

German-Speaking Jewish Refugees in Asia, 1930-1950 Joanne Miyang Cho, Eric Kurlander, Douglas McGetchin, 2025-03-31. Although most perished, hundreds of thousands of Central European Jews escaped the Holocaust; tens of thousands of these Jewish refugees ended up in East Asia, Southeast Asia, or South Asia. Taking a global and transnational approach, this volume examines the cultural, political, and socioeconomic encounters among and between Asian and European states and empires. Central European Jews and Asians between 1930 and 1950 offering important case studies that address the policies toward and experiences of German-speaking Jews across East Asia, Southeast Asia, and South Asia. The strength of this volume lies not only in its efforts to include multiple theoretical perspectives which integrate German Jewish, Asian, and Migration Studies, but also in the original empirical research on which it is based. Engaging directly with the rich and growing historiography on the origins, course, and consequences of the Holocaust in East, Southeast, and South Asia, this volume provides a framework in which we can better understand how global traditions of empire and colonialism matter in our efforts to understand the Holocaust, while indicating that Asian states and peoples were keenly aware of the so-called Jewish Question and made efforts, though widely differentiated, to provide shelter from the Nazi storm. *German-Speaking Jewish Refugees in Asia, 1930-1950* will appeal
