Cinema Devapriya Sanyal, 2021-12-09 This book analyses the role of women in the films of one of the leading filmmakers of the Third World in the 1950s Satyajit Ray a national icon in filmmaking in India The book explores the portrayal of women in the context of the creation of national culture after India became independent Gender issues were very important to India under Jawaharlal Nehru in the 1950s with the enactment of inheritance and divorce laws Ray's portrayal of women and his films anticipate much of the theorizing of later day feminism This book analyses cinematic texts with special reference to the women characters using feminist film theory and representation along with a study of the socio political and economic conditions pertinent to the times both relevant to the film's making and its setting The primary texts studied are films spanning over four decades from Pather Panchali 1955 to his last trilogy and are based on a categorization of the broad feminine types represented in the films based on the socio political situations in which they are placed and their relationships with the other characters present Ray's portrayal of women has an enormous bearing on our understanding of how modern India evolved in the Nehru era and after and this book explores just that the place of the woman as it is and should be in a young nation encumbered by patriarchy Gendered Modernity and Indian Cinema will be of interest to academics in the field of World cinema Indian and Bengali cinema Film Studies as well as Gender Studies and South Asian culture and society

Studying Indian Cinema Omar Ahmed, 2015-06-30 This book traces the historical evolution of Indian cinema through a number of key decades The book is made up of 14 chapters with each chapter focusing on one key film the chosen films analysed in their wider social political and historical context whilst a concerted engagement with various ideological strands that underpin each film is also evident In addition to exploring the films in their wider contexts the author analyses selected sequences through the conceptual framework common to both film and media studies This includes a consideration of narrative genre representation audience and mise en scene The case studies run chronologically from Awaara The Vagabond 1951 to The Elements Trilogy Water 2005 and include films by such key figures as Satyajit Ray The Lonely Wife Ritwick Ghatak Cloud Capped Star Yash Chopra The Wall and Mira Nair Salaam Bombay Uttam Kumar Sayandeb Chowdhury, 2021-12-30 There is none like Uttam and there will be no one to ever replace him He was and he is unparalleled in Bengali even Indian cinema Satyajit Ray Oscar winning Indian film maker Actor and screen icon Uttam Kumar 1926 1980 is a talismanic figure in Bengali public life Breaking away from established codes of onscreen performance he came to anchor an entire industry and led the efforts to reimagine popular cinema in mid 20th century Bengal But there is pitifully less knowledge about Uttam Kumar in the learned circles be it about his range of style and performance the attractions and problems of his cinema his roles as a producer and patriarch of the industry or his persona stardom and legacy The first definitive cultural and critical biography of this larger than life figure engages meaningfully with his life and cinema revealing the man hero and actor from various often competing vantages The conceptual aim is to locate a star figure within a larger historical and cultural context and to enquire into how a towering image was mobilised for an ever greater

wholesome popular and even at times radical and progressive entertainment. A complimentary merit of this work is to explore why and how this star persona would go on to reconstitute the bhadrolok Bengali visual and cultural world in the post Partition period. But above all this is the story of a clerk who became an actor, an actor who became a star, a star who became an icon, and an icon who became a legend.

The Rays before Satyajit Chandak Sengoopta, 2016-05-04 In the history of Indian cinema, the name of Satyajit Ray needs no introduction. However, what remains unvoiced is the contribution of his forebears and their tryst with Indian modernity. Be it in art, advertising and printing technology, or in nationalism, feminism and cultural reform, the earlier Rays attempted to create forms of the modern that were uniquely Indian and cosmopolitan at the same time. Some of the Rays, especially Upendrakishore and his son Sukumar, are iconic figures in Bengal. But even Bengali historiography is almost exclusively concerned with the family's contributions to children's literature. However, as this study highlights, the family also played an important role in engaging with new forms of cultural modernity. Apart from producing literary works of enduring significance, they engaged in diverse reformist endeavours. The first comprehensive work in English on the pre-Satyajit generations, *The Rays before Satyajit* is more than a collective biography of an extraordinary family. It interweaves the Ray saga with the larger history of Indian modernity.

The Routledge Handbook of Indian Indie Cinema Jayjit Sarkar, Anik Sarkar, 2025-04-22 This handbook offers a critical introduction to Indian Indie cinema, exploring its subversion of dominant ideas, aesthetics and narratives, its inclusion of marginal and alternative experiences and ideologies, its relationship with audiences, and its defiance of norms followed by commercial Bollywood cinema. It takes a critical look at independent and alternative films in India that cover a wide range of genres, regions, textual forms and languages. These films may be regional, experimental in style, or feature innovative and timely sociopolitical interventions. The handbook contextualises this cinema historically and addresses the key issues concerning its significance. A definitive guide to independent Indian films, this volume provides a critical understanding of the many experimentations undertaken by alternative voices and filmmakers in India, offers new conceptual engagements that widen perspectives on minor and regional cinema, and covers a wide range of films while touching upon current and new filmmaking trends, emerging cinematic styles, film production, and key filmmakers. These analyses of the Indie film industry and films in India are an essential read for students and researchers of media and film studies, film studies, cultural studies, world cinema, and contemporary cinema, besides being of interest to film buffs.
