Portrait Of Dora Carrington:

The Art of Dora Carrington Jane Hill, 1994 At the age of 38 Dora Carrington 1893 1932 committed suicide unable to contemplate living without her companion Lytton Strachey who had died a few weeks before Lytton was the lynchpin of a life in which friendships making a home and her own artistic output jockeyed for attention The association with Lytton and his Bloomsbury friends combined with her own modesty have tended to overshadow Carrington's contribution to Modern British painting This important book goes a long way to redress the balance looking at the immense range of her work portraits landscapes glass paintings letter drawings and decorative work which reveal Carrington as a significant artist of her period

Book jacket **The Art of Dora Carrington** Jane Hill, 1994 This edition has been issued to coincide with the release of Christopher Hampton's film about Dora Carrington and also with an exhibition at the Barbican **Carrington** Gretchen Gerzina, 1995 Wyndham Lewis portrayed her as a tiny sex therapist D H Lawrence as a frivolous artist's model and elsewhere as a gang raped aesthete and Aldous Huxley as jargon speaking ultra modern girl Because of her Bohemian lifestyle connection with the Bloomsbury group her bobbed hair and outspoken views painter Dora Carrington seems to symbolize the new woman of the early 20th century But the reality is more complex than that While sexuality infidelity and modernity were undeniably aspects of her personality they were equally balanced by a loathing of her own femaleness a devotion for 17 years with one man albeit the homosexual Lytton Strachey and respect for many aspects of traditional English life Here is a vivid and compelling portrait of a remarkable woman described by Lady Ottoline Morrell as a strange wild beast **The**

Bughouse Daniel Swift, 2017-11-07 In 1945 the American poet Ezra Pound was due to stand trial for treason for his broadcasts in Fascist Italy during the Second World War Before the trial could take place however he was pronounced insane Escaping a possible death sentence he was sent to St Elizabeths Hospital near Washington D C where he was held for more than a decade At the hospital Pound was at his most infamous and most contradictory He was a genius and a traitor a great poet and a madman He was also an irresistible figure and in his cell on Chestnut Ward and on the elegant hospital grounds he was visited by the major poets and writers of his time T S Eliot Elizabeth Bishop Robert Lowell John Berryman Charles Olson and Frederick Seidel all went to sit with him They listened to him speak and wrote of what they had seen This was perhaps the world's most unorthodox literary salon convened by a fascist held in a lunatic asylum with chocolate brownies and mayonnaise sandwiches served for tea Pound continues to divide all who read and think of him At the hospital the doctors who studied him and the poets who learned from him each had a different understanding of this wild and most difficult man Tracing Pound through the eyes of his visitors Daniel Swift's *The Bughouse* tells a story of politics madness and modern art in the twentieth century **Carrington** Noel Carrington, 1978 **London's Women Artists, 1900-1914** Mengting Yu, 2020-09-16 Drawing on untapped archives as well as aggregating a wide range of existing published sources this book recalibrates the understanding of women artists roles outputs and receptions in London during what was indubitably a

vibrant and innovative period in the history of British art and in which the work of their male contemporaries is so well understood The book takes its starting point from Alicia Foster s article Gwen John s Self Portrait Art Identity and Women Students at the Slade School published in 2000 where the expression a talented and decorative group was coined to describe common attitudes towards women artists in the late 19th and early 20th century London This pejorative attribution strongly implied a status less significant to that of their male counterparts The author challenges this statement s basic tenet by casting a wide net in examining women s art education from the Slade School of Fine Art through to the role of its graduates within a selection of London s exhibition groups societies and publications This book also reconstructs from scratch the role of the Women s International Art Club WIAC hitherto entirely overlooked in art historical studies of the era This book will be of interest to students and researchers in art and cultural history gender studies and in sociological studies of pre War World War Britain

Between Self and Society John Rodden, 2016-01-15 Between Self and Society explores the psychosocial dramas that galvanize six major British novels written between the eighteenth and twentieth centuries The book challenges an influential misconception that has for too

long hindered appreciation of the psychological novel John Rodden argues that there should be no simplifying antithesis between psychological inner conflicts within the mind or soul and institutional outer conflicts within family class community Instead it is the overarching dramatic yet often tortuous relations between self and society that demand our attention Rodden presents fresh interpretations of an eclectic group of prose fiction classics including Tobias Smollett's *The Adventures of Roderick Random* William Godwin's *Caleb Williams* Thomas Hardy's *The Mayor of Casterbridge* Ford Madox Ford's *The Good Soldier* Wyndham Lewis's *Tarr* and D H Lawrence's *Women in Love* Far from being merely admirable experiments let alone daring though interesting failures these fictions are shown to possess aesthetic unity stylistic consistency and psychic force *Between Self and Society* thus impels our careful reconsideration of novels that represent major artistic achievements yet have been either unjustly neglected or appreciated in limiting ways that do injustice to their psychological aspects Rodden's vibrant discussion invites an upward revaluation of these works and encourages the full recognition of their value and significance in British literary history
