Liedtke,Metropolitan Museum of Art (New York, N.Y.),2007 Presents a catalog that surveys the Dutch paintings found in the Metropolitan Museum of Art **The Neo-Impressionist Portrait, 1886?1904** Jane Block,Ellen Wardwell Lee,ING Cultuurcentrum,Indianapolis Museum of Art,2014-03-25 Published on the occasion of the exhibition Face to Face Neo Impressionist Portraits 1886 1904 ING Cultural Centre Brussels February 19 May 18 2014 Indianapolis Museum of Art June 13 September 7 2014 *The Arts* Hamilton Easter Field,1927 **Poets on Paintings** Robert D. Denham,2010-03-10 Ekphrasis the description of pictorial art in words is the subject of this bibliography More specifically some 2500 poems on paintings are catalogued by type of publication in which they appear and by poet Also included are 2000 entries on the secondary literature of ekphrasis including works on sculpture music photography film and mixed media **Dutch Seventeenth-century Genre Painting** Wayne E. Franits,2004-01-01 The appealing genre paintings of great seventeenth century Dutch artists Vermeer Steen de Hooch Dou and others have long enjoyed tremendous popularity This comprehensive book explores the evolution of genre painting throughout the Dutch Golden Age beginning in the early 1600s and continuing through the opening years of the next century Wayne Franits a well known scholar of Dutch genre painting offers a wealth of information about these works as well as about seventeenth century Dutch culture its predilections and its prejudices The author approaches genre paintings from a variety of perspectives examining their reception among contemporary audiences and setting the works in their political cultural and economic contexts The works emerge as distinctly conventional images Franits shows as genre artists continually replicated specific styles motifs and a surprisingly restricted number of themes over the course of several generations Luxuriously illustrated and with a full representation of the major artists and the cities where genre painting flourished this book will delight students scholars and general readers alike *Painting the Cannon's Roar* Thomas Tolley,2017-07-05 From c 1750 to c 1810 the paths of music history and the history of painting converged with lasting consequences The publication of Newton s Opticks at the start of the eighteenth century gave a scientific basis to the analogy between sight and sound allowing music and the visual arts to be defined more closely in relation to one another This was also a period which witnessed the emergence of a larger and increasingly receptive audience for both music and the visual arts an audience which potentially included all social strata The development of this growing public and the commercial potential that it signified meant that for the first time it became possible for a contemporary artist to enjoy an international reputation Nowhere is this better illustrated than in the career of Joseph Haydn Although this phenomenon defies conventional modes of study the book shows how musical pictorialism

became a major creative force in popular culture Haydn the most popular living cultural personality of the period proved to be the key figure in advancing the new relationship The connections between the composer and his audiences and leading contemporary artists including Tiepolo Mengs Kauffman Goya David Messerschmidt Louthembourg Canova Copley Fuseli Reynolds Gillray and West are examined here for the first time By the early nineteenth century populism was beginning to be regarded with scepticism and disdain Mozart was the modern Raphael Beethoven the modern Michelangelo Haydn however had no clear parallel in the accepted canon of Renaissance art Yet his recognition that ordinary people had a desire to experience simultaneous aural and visual stimulation was not altogether lost finding future exponents in Wagner and later still in the cinematic arts *Spanish Art* Robert Rattray Tatlock, Royall Tyler, 1927 *The Knickerbocker*, 1846

American Monthly Knickerbocker, 1846 *The Knickerbocker*, 1846 *The Knickerbocker* Charles Fenno Hoffman, Timothy Flint, Lewis Gaylord Clark, Kinahan Cornwallis, John Holmes Agnew, 1846 *Catalogue of the New Pinakothek at Munich* Munich. Pinakothek, Neue, 1889 **The Historical Castles and Mansions of Scotland** Alexander Hastie Millar, 1890 **Portrait of the Artist's Wife** Barbara Anderson, 1992 **Catalogue of Drawings by British Artists and Artists of Foreign Origin Working in Great Britain ...: S-Z** British Museum.
