Portrait In Black:

A Portrait in Black and White Shari Beck, 2011-08-26 Diane de Poitiers could have and should have been Queen of France King Henri II was devoted to her throughout his life His childhood attachment turned into an adolescent attraction and eventually into a passionate and consuming love His greatest wish was to make her his wife and to have her rule France at his side However there was a time when royal marriages were arranged for political gain and Henri's first duty was to France he was forced to marry a woman he could never love Diane de Poitiers was beautiful wealthy and well educated Nineteen years his senior she was Henri's ideal woman Diane and Henri loved each other with a love that was not only romantic and physical but which also existed on a pure and spiritual level Henri lavished gifts upon the woman he loved and Diane guided and inspired him like no other until they were separated for eternity by a cruel twist of fate Over five hundred years later historians credit Diane with the success of Henri's reign But who was this woman who won the heart of the King of France Let her tell you in her own words Self-Portrait in Black and White: Unlearning Race Thomas Chatterton Williams, 2019-10-15 A Time Must Read Book of 2019 Williams is so honest and fresh in his observations so skillful at blending his own story with larger principles that it is hard not to admire him Andrew Solomon New York Times Book Review front page The son of a black father and a white mother Thomas Chatterton Williams found himself questioning long held convictions about race upon the birth of his blond haired blue eyed daughter and came to realize that these categories cannot adequately capture either of them or anyone else In telling the story of his family's multigenerational transformation from what is called black to what is assumed to be white he reckons with the way we choose to see and define ourselves Self Portrait in Black and White is a beautifully written urgent work for our time **The Portrait in Byzantine Illuminated Manuscripts**, The Portrait in Byzantine Illuminated Manuscripts Iohannis Spatharakis, 2024-09-02 **William Merritt Chase: Portraits in oil** Ronald G. Hunter, 2022-09-30 With Speech Is My Hammer Max Hunter draws on memoir and his own biography to call his readers to reimagine the meaning and power in literacy Defining literacy as a spectrum of skills abilities attainments and performances Hunter focuses on dispelling literacy myths and discussing how Black male artists entertainers professors and writers have described their own literacy narratives in self conscious ambivalent terms Beginning with Frederick Douglass's *My Bondage My Freedom* W E B Dubois's *Soul of Black Folks* and Langston Hughes's *Harlem Renaissance* memoir *The Big Sea* Hunter conducts a literary inquiry that unearths their double consciousness and literacy ambivalence He moves on to reveal that for many contemporary Black men the arc of ambivalence rises even higher and becomes more complex following the civil rights and the Black Power movements and then sweeping sharply upward once again during the War on Drugs Hunter provides rich illustrations and probing theses that complicate our commonsense reflections on their concealed angst regarding Black authenticity respectability politics and masculinity Speech Is My Hammer moves the reader beyond considering literacy in normative terms to perceive its potential to facilitate transformative conversations among Black males Roman Portraits in Context Jane Fejfer, 2009-03-13 The highest honour a Roman citizen could hope for was a portrait statue in the forum of his city While the emperor and high senatorial officials were routinely awarded statues strong competition existed among local benefactors to obtain this honour which proclaimed and perpetuated the memory of the patron and his family for generations There were many ways to earn a portrait statue but such local figures often had to wait until they had passed away before the public finally fulfilled their expectations It is argued in this book that our understanding and contemplation of a Roman portrait statue is greatly enriched when we consider its wider historical context its original setting the circumstances of its production and style and its base which in many cases bore a text that contributed to the rhetorical power of the image Catalogue of Portraits in the Possession of

Portraits, Etc Walter George Strickland,1913 **The Aesthetics of Rule and Resistance** Lisa Bogerts,2022-03-11 Effective visual communication has become an essential strategy for grassroots political activists who use images to publicly express resistance and make their claims visible in the struggle for political power However this aesthetics of resistance is also employed by political and economic elites for their own purposes making it increasingly difficult to distinguish from the aesthetics of rule Through illuminating case studies of street art in Buenos Aires Bogot Caracas and Mexico City The Aesthetics of Rule and Resistance explores the visual strategies of persuasion and meaning making employed by both rulers and resisters to foster self legitimization identification and mobilization **Women and Portraits in Early Modern Europe** Andrea Pearson,2016-12-05 As one of the first books to treat portraits of early modern women as a discrete subject this volume considers the possibilities and limits of agency and identity for women in history and with particular attention to gender as categories of analysis for women s images Its nine original essays on Italy the Low Countries Germany France and England deepen the usefulness of these analytical tools for portraiture Among the book s broad contributions it dispels false assumptions about agency s possibilities and limits showing how agency can be located outside of conventional understanding and conversely how it can be stretched too far It demonstrates that agency is compatible with relational gender analysis especially when alternative agencies such as spectatorship are taken into account It also makes evident the importance of aesthetics for the study of identity and agency The individual essays reveal among other things how portraits broadened the traditional parameters of portraiture explored transvestism and same sex eroticism appropriated aspects of male portraiture to claim those values for their sitters and as sites for gender negotiation resistance and debate invoked considerable relational anxiety Richly layered in method the book offers an array of provocative insights into its subject **Academy Notes** ,1912 **Black Cultural Capital** Vanessa Garry,E. Paulette Isaac-Savage,Sha-Lai L. Williams,2023-09-01 In antebellum America Black children even those of tax paying Blacks in most states could not attend White public schools or in some states any schools Nevertheless with the signing of the Emancipation Proclamation in 1863

Blacks assumed they would receive all inalienable rights granted to them as American freedmen For most the right to a proper public education for their children was paramount Nevertheless White educators often neglected or poorly implemented Black schools especially secondary schools With their reluctance to provide schools for Blacks African American communities organized and petitioned school districts to develop Black schools on par with those for Whites In the book Black Cultural Capital Activism that Spurred African American High Schools authors describe the role of the Black community in the development of high schools Their narratives reveal White educators unwillingness to implement state laws requiring the education of all children Their lack of engagement galvanized Blacks to petition boards to adhere to the law Additionally they forced school districts to hire Black teachers and provide facilities for Black children equal to those of White children The fruits of their labor enabled Black children to attend suitable facilities as well as learn from Black teachers who attended outstanding White and Black colleges and universities Furthermore stories of the high schools illustrate how communities sprouted up around them during their heydays as well as for some their demise as laws and court decisions eradicated Jim Crow and enabled all Americans to live and learn where they desired

ENDORSEMENTS

Throughout America the freedom dreams of Black people and the intellectual currents that guided them were first unleashed within one room schoolhouses dilapidated shacks and church basements that were converted into laboratories of discovery and dissent In short Black spaces matter and have always mattered in the struggle for Black liberation The authors of Black Cultural Capital have delivered one of the most comprehensive collection of essays to date that highlight the monumental legacy and rich history of America's first Black high schools Utilizing a vast array of sources the authors have created an intimate portrait of the struggle to carve out historic spaces that educated and affirmed Black youth while simultaneously countering pernicious systems of white supremacy that sought to undermine them at every step This volume of essays is a must have for any serious scholar or student of the Black freedom struggle in America
