Portrait Of Chester:

Portrait of Chester David Bethell,1980 **American Portraits, 1620-1825** Historical Records Survey (Mass.),1939

The Peabody Sisters Megan Marshall,2005 The Peabody Sisters is a biography of three women who made American intellectual history Though theirs may not be household names Elizabeth Mary and Sophia Peabody had an extraordinary influence on the thought of their day the movement of intense creative ferment known as American Romanticism Megan Marshall brings to life the sisters and the men they loved and inspired including Ralph Waldo Emerson Horace Mann and Nathaniel Hawthorne From publisher s description *A Truthful Likeness* Leah Lipton,1985 This illustrated biography of Chester Harding a prolific and sought after portraitist of early national America includes discussion of fifty five selected paintings and a checklist of all of his known works **Murder In The Adirondacks** Craig Brandon,2024-03-26 Over 100 years ago the Chester Gillette Grace Brown murder case was considered the trial of the century The case became the basis for Theodore Dreiser s classic novel An American Tragedy and the movie A Place in the Sun starring Montgomery Clift and Elizabeth Taylor Revisit the tragedy at Big Moose Lake and the ensuing trial in this fully revised and expanded edition of the definitive book about the Gillette Brown murder In the 30 years since the best selling Murder in the Adirondacks was written author Craig Brandon has continued to research the Gillette Brown murder case This revised and expanded edition is the culmination of those decades of work Included in this new edition are over 50 new photographs and information from Chester Gillette s prison diary discovered after the original publication of Murder in the Adirondacks **F.H. Varley** Katerina Atanassova,2007-03-30 Frederick Horsman Varley was unique among the members of the Group of Seven One of the greatest Canadian portraitists of the twentieth century he is an intriguing example of an artist who despite his fame as a portrait painter remains better known for his landscapes This is due mainly to his position as one of the founding members of the Group of Seven and their deliberate attempt to raise awareness of our national identity by depicting the Canadian landscape Even though many public collections across the country including the National Gallery of Canada the Art Gallery of Ontario and the Vancouver Art Gallery display some of Varley s best known portraits these works do not easily fit into the conventional mould of the Group of Seven Nearly four decades after his death Varley s portraits are still not fully acknowledged The release of this beautifully illustrated bilingual volume coincides with the opening of an unprecedented exhibition of his portraiture **List of Portraits, Views, Etc., Contained in this Illustrated Copy of Genest's History of the English Stage, 1600-1830 [i.e. in the Copy in the Possession of J. McHenry]. Compiled by F. Harvey** Francis HARVEY (Bookseller and Printseller.),1876 Portraits, Painters, and Publics in Provincial England 1540-1640 Robert Tittler,2013-09-05 In this the first comprehensive study of post Reformation provincial English portraiture Robert Tittler investigates the growing affinity for secular portraiture in Tudor and early Stuart England a cultural and social phenomenon which can be said to have produced a public for that genre He breaks new ground in placing portrait patronage and

production in this era in the broad social and cultural context of post Reformation England and in distinguishing between native English provincial portraiture which was often highly vernacular and foreign influenced portraiture of the court and metropolis which tended towards the formal and polite Tittler describes the burgeoning public for portraiture of this era as more than the familiar court and London based presence but rather as a phenomenon which was surprisingly widespread both socially and geographically throughout the realm He suggests that provincial portraiture differed from the mainstream cosmopolitan portraiture of the day in its workmanship materials inspirations and even vocabulary showing how its native English roots continued to guide its production Innovative chapters consider the aims and vocabulary of English provincial portraiture the relationship of portraiture and heraldry the painter s occupation in provincial as opposed to metropolitan England and the contrasting availability of materials and training in both provincial and metropolitan areas The work as a whole contributes to both art history and social history it speaks to admirers and collectors of painting as well as to curators and academics

A Modern Miscellany Paul Bevan,2015-11-02 In *A Modern Miscellany* Shanghai Cartoon Artists Shao Xunmei s Circle and the Travels of Jack Chen 1926 1938 Paul Bevan explores how the cartoon manhua emerged from its place in the Chinese modern art world to become a propaganda tool in the hands of left wing artists The artists involved in what was largely a transcultural phenomenon were an eclectic group working in the areas of fashion and commercial art and design The book demonstrates that during the build up to all out war the cartoon was not only important in the sphere of Shanghai popular culture in the eyes of the publishers and readers of pictorial magazines but that it occupied a central place in the primary discourse of Chinese modern art history

Curious Chester Gordon Emery,1999 **Portrait and Biographical Album of McLean County, Ill ,1887** **Portrait and Biographical Album of Linn County, Iowa ,1887** The Force of Culture Karen Finlay,2004-12-15 A misunderstood and sometimes maligned figure Vincent Massey was one of Canada s most influential cultural policy makers and art patrons Best known as Canada s first native born Governor General he chaired the landmark Royal Commission on National Development in the Arts Letters and Sciences that led to the creation of the Canada Council The Force of Culture examines Massey s notion of culture its conflicted roots in late nineteenth century and early twentieth century Canadian Protestant thought and Massey s transformation into a champion of culture as a bastion of Canadian sovereignty Karen Finlay s study goes beyond existing literature by examining the role of Massey s Methodist upbringing in instilling an education gospel as

the bedrock of culture and the foundation of a national citizenry The study also reassesses Massey s reputation as a supporter of the fine arts Steeped in Methodism his attitudes towards the arts were ambiguous He never adopted a purely art for art s sake doctrine but came to understand that the arts without being moralizing could serve a moral and cultural purpose the expression and affirmation of national character and sovereignty As well as charting Massey s evolving attitudes towards culture and the arts Finlay attempts to redress the common charges of sexism elitism and anglophonism levelled against him Finlay stresses Massey s contradictory views on issues relating to gender race and class outweighed by the ongoing legacy of his belief in Canadian cultural diversity Above all Massey valorized the principles of excellence and diversity as twin antidotes to the anathema of conformity and cultural homogenization The tenet Massey sought to honour pertaining deeply to the collective and moral nature of humanism in Canada Finlay argues was community without uniformity The Force of Culture shows that Massey was in certain respects a democratizer and even a populist who believed that difference need not divide Electronic Format Disclaimer Images removed at the request of the rights holder , *Portrait and Biographical Album of Washington, Clay and Riley Counties, Kansas* ,1890 **Iowa Artists of the First Hundred Years** ,1939 *Gardening World Illustrated* ,1893 **Genealogy of the Baily Family** G.
