Mabogo Percy More

Portrait Of The Anti Semite:

Portrait of the Anti-Semite Jean-Paul Sartre, 1946 A Bibliographical Life Jean-Paul Sartre, 1974-06 Race, Culture, and the Intellectuals, 1940-1970 Richard H. King, 2004-08-17 To study this transition from universalism to cultural particularism Richard King focuses on the arguments of major thinkers movements and traditions of thought attempting to construct a map of the ideological positions that were staked out and an intellectual history of this transition Sartre and Adorno David Sherman, 2012-02-01 Focusing on the notion of the subject in Sartre's and Adorno's philosophies David Sherman argues that they offer complementary accounts of the subject that circumvent the excesses of its classical formation yet are sturdy enough to support a concept of political agency which is lacking in both poststructuralism and second generation critical theory Sherman uses Sartre's first person phenomenological standpoint and Adorno's third person critical theoretical standpoint each of which implicitly incorporates and then builds toward the other to represent the necessary poles of any emancipatory social analysis **Sartre, Jews, and the Other** Manuela Consonni, Vivian Liska, 2020-02-24 The starting point for this compilation is the wish to rethink the concept of antisemitism race and gender in light of Sartre's pioneering *Reflexions sur la Question Juive* seventy years after its publication The book gathers texts by prestigious scholars from different disciplines in the Humanities and the Social Sciences with the objective of revisiting this work locating it within the setting of two other pioneering and we argue related publications namely Simone De Beauvoir's *Le deuxième sexe* of 1949 and Franz Fanon's *Peau noire et masques blancs* of 1952 This particular and original standpoint sheds new light on the different meanings and political functions of the concept of antisemitism in a political and historical context marked by the post modern concepts of multi ethnicity and multiculturalism **The Postwar Antisemite** Lisa Silverman, Professor of History and Jewish Studies Lisa Silverman, 2025-08-26 In the wake of the Holocaust Austrians Germans and others often turned to a figural Antisemite to come to terms with their altered political economic and cultural circumstances and to shape new national and moral self understandings This spectral figure of the Antisemite came into being after Nazi atrocities made explicit expressions of antisemitism socially taboo in Europe and the United States As *The Postwar Antisemite* explains the damaging effects of the figural Antisemite set in motion in Central Europe immediately after the Second World War spread far beyond Europe's borders and continue to this day **Jean-Paul Sartre and the Jewish Question** Jonathan Judaken, 2006-12-01 Examines the image of the Jew in Sartre's work to rethink not only his oeuvre but also the role of the intellectual in France and the politics and ethics of existentialism This book explores how French identity is defined through the abstraction and allegorization of the Jew **Sartre on Contingency** Mabogo Percy More, 2021-09-22 The problem of antiblack racism has a long history in the world with as long a history of thinkers writing and theorizing against it Few philosophers have opposed institutionalized racialism as vehemently as Jean Paul Sartre both in his intellectual work and in his political action This book argues that not only does a relationship exist between Sartre's existentialist philosophy and

antiracism but also more profoundly that it is precisely his existential ontology that informs his anti racist social and political commitments He sought to examine the complexity of our existence as conscious bodies and thus provides the ontological basis for understanding the situation of a black person in an antiblack world This book is about how Sartre s philosophy especially his early writings can be applied to address the problem of racism against black people It argues that among the many concepts in Sartre s work that are useful in understanding the problem of racism against black people the philosophical notion of contingency is one of the most significant Contingency in Sartre is the view that whatever exists need not exist and that therefore it can be changed that the fact that one is born white or black without their choice has no moral weight at all in treating others as though they are responsible for what they are In this book Mabogo More contends that through Sartre s philosophical notion of contingency he provides us with the ammunition to understand and deal with racism broadly and antiblack racism in particular

Oppression and the Human Condition Thomas Martin,2002 Oppression and the Human Condition is both a valuable teaching tool and an insightful addition to scholarship on the philosophy of Jean Paul Sartre Students and teachers will find it an excellent and accessible introduction to Sartre s existentialism ideal for courses in existentialist and 20th century philosophy Equally Sartre scholars will find that the book especially the sections on oppression and bad faith gives them much to think about Author Thomas Martin applies Sartre s philosophy to contemporary issues and concerns and draws on two case studies to make his point The cases examine modern day oppressors in one case an anti semite in the other a sexist who objectifies women in the context of Sartre s bad faith The case studies also reinforce Martin s argument that Sartre s early philosophy especially his concept of bad faith provides a framework for discussions of oppressions such as racism and sexism

Portrait of a Jew Albert Memmi,2019-08-15 In this memoir and extended meditation on Jewish identity and anti Semitic stereotypes written in France in the early 1960s Albert Memmi paints a portrait of himself as a secular Jew The book has been compared to Rousseau s Confessionsbecause of its meticulous self examination Written only 15 years after the end of the Nazi occupation and just over a decade after the establishment of the State of Israel Portrait of a Jew is a snapshot in time as well as a work of psychology and sociology It both questions prevailing myths about the Jews of his time and describes the reality Memmi sees Its sequel is The Liberation of the Jew Portrait of a Jew and The Liberation of the Jew form a whole the beginning and the outcome of a passionate quest The first offers a diagnosis the second a remedy Both are written with moving sincerity As a personal document Memmi s introspective study is valuable Thought provoking and disturbing in the best sense of the word it allows us to look into the tormented mind and soul of a distinguished Jewish writer who aspires to live honestly while belonging simultaneously to two worlds His doubts and affirmations carry the weight of testimony Elie Wiesel The New York Times Portrait of a Jew and The Liberation of the Jew are filled with a Jewish existentialism marked by quest for identity and self affirmation far more psychological and sociological than traditionally religious Richard Locke The New York Times A bitter plangent

autobiography written in dark colors and minor chords It is purgative and painful reading for it angers outrages and reduces the reader to lonely verbal combats But when the din and dust has died away the questions and statements are still there asserting themselves Henrietta Buckmaster The Christian Science Monitor

The Routledge History of Antisemitism Mark Weitzman, Robert J. Williams, James Wald, 2023-09-04 Antisemitism is a topic on which there is a wide gap between scholarly and popular understanding and as concern over antisemitism has grown so too have the debates over how to understand and combat it This handbook explores its history and manifestations ranging from its origins to the internet Since the Holocaust many in North America and Europe have viewed antisemitism as a historical issue with little current importance However recent events show that antisemitism is not just a matter of historical interest or of concern only to Jews Antisemitism has become a major issue confronting and challenging our world This volume starts with explorations of antisemitism in its many different shapes across time and then proceeds to a geographical perspective covering a broad scope of experiences across different countries and regions The final section discusses the manifestations of antisemitism in its varied cultural and social forms With an international range of contributions across 40 chapters this is an essential volume for all readers of Jewish and non Jewish history alike

Sartre and Marxist Existentialism Thomas R. Flynn, 1986-10-15 In this important book Thomas R Flynn reinterprets and evaluates Sartre s social and political philosophy arguing that the existential ethics of Sartre s early phase is consistent with the Marxist inspired views of his later writings Displaying his mastery of Sartre s entire corpus Flynn reconstructs Sartre s social ontology with its sensitive balance of the existentialist s respect for moral responsibility and the Marxist s sense of social causation Flynn focuses on the issue of collective responsibility as a particularly apt test case for assessing any proposed union of existentialist and Marxist perspectives The study begins with an examination of the uses of responsibility in Being and Nothingness and in several postwar essays Flynn then concentrates on the Critique of Dialectical Reason offering a thorough analysis of the remarkable social theory Sartre constructs there A masterful contribution to Sartre scholarship Sartre and Marxist Existentialism will be of great interest to social and political philosophers involved in the debate over collective responsibility

Antisemitism Albert S. Lindemann, Richard S. Levy, 2010-10-28 Antisemitism A History offers a readable overview of a daunting topic describing and analyzing the hatred that Jews have faced from ancient times to the present The essays contained in this volume provide an ideal introduction to the history and nature of antisemitism stressing readability balance and thematic coherence while trying to gain some distance from the polemics and apologetics that so often cloud the subject Chapters have been written by leading scholars in the field and take into account the most important new developments in their areas of expertise Collectively the chapters cover the whole history of antisemitism from the ancient Mediterranean and the pre Christian era through the Medieval and Early Modern periods to the Enlightenment and beyond The later chapters focus on the history of antisemitism by region looking at France the English speaking world Russia and the Soviet Union Eastern Europe and Nazi

Germany with contributions too on the phenomenon in the Arab world both before and after the foundation of Israel Contributors grapple with the use and abuse of the term antisemitism which was first coined in the mid nineteenth century but which has since gathered a range of obscure connotations and confusingly different definitions often applied retrospectively to historically distant periods and vastly dissimilar phenomena Of course as this book shows hostility to Jews dates to biblical periods but the nature of that hostility and the many purposes to which it has been put have varied over time and often been mixed with admiration a situation which continues in the twenty first century

How To Read Sartre

Robert Bernasconi, 2014-04-03 I can want only the freedom of others Jean Paul Sartre Jean Paul Sartre is best known as the pre eminent philosopher of individual freedom He is the one who told us that we are totally free Robert Bernasconi shows how the early existentialist Sartre became in stages the political champion of the oppressed Extracts are drawn from the full range of Sartre s writings the novel Nausea the drama No Exit the political essay Communists and Peace as well as the major philosophical texts Being and Nothingness and Critique of Dialectical Reason They show why of all major twentieth century philosophers Sartre was the one who most easily passed beyond the confines of the academy to a general readership

The Authoritarian Personality Theodor Adorno, 2019-08-27 What makes a fascist Are there character traits that make someone more likely to vote for the far right The Authoritarian Personality written in the shadow of Fascism and the Holocaust looked to analyse the rise of Fascism in Europe through the specific psychological traits that make people prone to authoritarianism Based on extensive empirical studies of Americans conducted by a team which included the leading member of the Frankfurt School Theodor Adorno The Authoritarian Personality ranked a range of character traits on what it called the F scale F for fascist These included conventionalism anti intellectualism superstition and occultism power and toughness destructiveness and cynicism projectivity and exaggerated concerns over sex The Authoritarian Personality is not only one of the most influential works of social psychology ever written it also marks a milestone in the development of Adorno s thought showing him grappling with the problem of fascism and the reasons for Europe s turn to reaction Over half a century later and with the rise of right wing populism and the reemergence of the far right in recent years this hugely influential study remains as insightful and relevant as ever

Antisemitism and Islamophobia in Europe James Renton, Ben Gidley, 2017-04-05 This is the first book to examine the relationship between European antisemitism and Islamophobia from the Crusades until the twenty first century in the principal flashpoints of the two racisms With case studies ranging from the Balkans to the UK the contributors take the debate away from politicised polemics about whether or not Muslims are the new Jews Much previous scholarship and public discussion has focused on comparing European ideas about Jews and Judaism in the past with contemporary attitudes towards Muslims and Islam This volume rejects this approach Instead it interrogates how the dynamic relationship between antisemitism and Islamophobia has evolved over time and space The result is the uncovering of a previously unknown story in which European ideas about Jews and Muslims were indeed connected but were also ripped

apart Religion empire nation building and war all played their part in the complex evolution of this relationship As well as a study of prejudice this book also opens up a new area of inquiry how Muslims Jews and others have responded to these historically connected racisms The volume brings together leading scholars in the emerging field of antisemitism Islamophobia studies who work in a diverse range of disciplines anthropology history sociology critical theory and literature Together they help us to understand a Europe in which Jews and Arabs were once called Semites and today are widely thought to be on two different sides of the War on Terror

Israeli-Palestinian Conflict in the Francophone World

Nathalie Debrauwere-Miller, 2011-02-09 With interdisciplinary analyses of texts whose origins span the diversity of the Jewish and Muslim traditions the provocative essays collected in *Israeli Palestinian Conflict in the Francophone World* offer startling insights into the meaning of the volatile history of this conflict in the Francophone world In France and the Francophone world the hostilities of the on going Israeli Palestinian conflict are consistently reenacted in cultural clashes between the large Muslim and Jewish populations within France and throughout the Francophone Diaspora The notable scholars appearing in this collection interrogate the complex history of this conflict from the beginnings of Zionism in 1897 to the first and second Intifada of 1987 and 2000 and give unique perspectives culled from a diverse range of literary philosophical historical and psychoanalytic frameworks An important and unique volume *Israeli Palestinian Conflict in the Francophone World* will shed new light for the reader on the dense ideological antagonisms at the heart of the Israeli Palestinian conflict and will surely be celebrated as an invaluable resource for scholars students and teachers alike

Leaders and Legacies in Assyriology and Bible David B. Weisberg, 2013-01-18 David Weisberg became fascinated by Assyriology as an undergraduate at Columbia University Already endowed with a strong background in Hebrew he soon came to know that he needed the deeper immersion of a graduate program and he enrolled at Yale to pursue it David's interests soon focused on the Chaldean Dynasty of Nebuchadnezzar and the Achaemenid Dynasty of Cyrus the Great Weisberg's thesis succeeded in illuminating the wider significance of some previously unpublished cuneiform texts from this period as well as earning him the doctorate The thesis appeared in the recently established Yale Near Eastern Researches 1967 under the somewhat daunting title *Guild Structure and Political Allegiance in Early Achaemenid Mesopotamia* and David's career was launched Weisberg's oeuvre as exemplified by the nearly three dozen essays conveniently assembled in this volume attest both to his prodigious industriousness and to the loss that the field of Assyriology has suffered in his untimely demise As is clear from the Table of Contents he continued to make major contributions to the study of the Neo Babylonian period especially regarding political and military history and the doings of ancient royals but he also offered seminal insights in other areas including Masoretic studies rabbinics social and economic life of the ancient Near East as well as the interface between modern culture and study of the ancient world Based on W W Hallo's Introduction *The Definition of Anti-Semitism* Kenneth L. Marcus, 2015 What is anti-Semitism Previous efforts to define anti-Semitism have been complicated by the term's disreputable origins discredited

sources diverse manifestations and contested politics The Definition of Anti-Semitism explores the ways in which anti-Semitism has historically been defined demonstrates the weaknesses in prior efforts and develops a new definition of anti-Semitism The American Scene ,1964

Whispering the Strategies of Language: An Mental Journey through **Portrait Of The Anti Semite**

In a digitally-driven earth where monitors reign great and immediate conversation drowns out the subtleties of language, the profound techniques and emotional subtleties concealed within words often go unheard. Portrait Of The Anti Semite Introduction

In today's digital age, the availability of Portrait Of The Anti Semite books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Portrait Of The Anti Semite books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Portrait Of The Anti Semite books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Portrait Of The Anti Semite versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Portrait Of The Anti Semite books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Portrait Of The Anti Semite books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Portrait Of The Anti Semite books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a nonprofit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts

millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Portrait Of The Anti Semite books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Portrait Of The Anti Semite books and manuals for download and embark on your journey of knowledge?

FAQs About Portrait Of The Anti Semite Books

1. Where can I buy Portrait Of The Anti Semite books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
