Portrait Of The Walrus By A Young Artist:

Portrait of the Walrus by a Young Artist Laurie Foos, 1998 At the height of his art career tormented Morton Fisk seals himself in the basement in nothing but briefs to sculpt enigmatic Men with Chainsaw figurines Now Morton is dead of dehydration and his daughter Frances is honoring his memory by seeking her own artistic muse Transforming the bizarre into the sublime author Laurie Foos has created a highly original satire **The Giant Baby** Laurie Foos, 2012 Linda and Earl are a happy couple Although married for many years they have never had children Still they are content being together and watching reruns of I Love Lucy keeps them close That and a magical garden that never seems to grow what they plant One day Earl finds a set of infant toes in the loam He and Linda plant them and watch in amazement as the garden produces an enormous baby Now Earl and Linda have to figure out how to be parents if they are parents and what to do about the giant baby who eats everything and cries for his mama *Say It Hot, Volume II*: Eric Miles Williamson, 2014-10-15 Say It Hot Volume II Industrial Strength is a collection of essays on American poets fiction writers nonfiction writers and issues of interest to artists and academics A companion volume to Say It Hot these essays are brutally honest and acutely intelligent From the book Literary authors these days no longer make livings off their work Their books are not to be found in bookstores and the books are rarely printed by major New York publishing houses No one reads their works except for other literary authors and the professors who are evaluating their tenure and promotion folders at the colleges and universities at which they are employed and it s a minor miracle if a literary book from a small press sells a thousand copies Fiction writers from wealth write about writing or they write about the ridiculous sufferings of the rich Fiction writers from the lower classes write about the primordial filth from which they ve physically escaped but from which they ll never mentally be able to leave behind Like war veterans people who ve fought it out in the miasma of poverty and blue collar hell can never get the stink out of their skins try as they may Just like people who haven t been to war can spot vets who have middle class people and the rich can spot people who ve grown up poor no matter what their position in life or the quality of their designer suits Those suits just don t fit right and the neckties make them fidget and sweat What the well heeled authors and the working class writers have in common is that they ve been trained not to pronounce moral judgment **At the End of Life** Lee Gutkind, 2012-04-10 What should medicine do when it can t save your life The modern healthcare system has become proficient at staving off death with aggressive interventions And yet eventually everyone dies and although most Americans say they would prefer to die peacefully at home more than half of all deaths take place in hospitals or health care facilities At the End of Life the latest collaborative book project between the Creative Nonfiction Foundation and the Jewish Healthcare Foundation tackles this conundrum head on Featuring twenty two compelling personal medical narratives the collection explores death dying and palliative care and highlights current features flaws and advances in the healthcare system Here a poet and former hospice worker reflects on death s mysteries a son wanders the halls of his mother s nursing home lost in

the small absurdities of the place a grief counselor struggles with losing his own grandfather a medical intern traces the origins and meaning of time a mother anguishes over her decision to turn off her daughter's life support and allow her organs to be harvested and a nurse remembers many of her former patients These original compelling personal narratives reveal the inner workings of hospitals homes and hospices where patients their doctors and their loved ones all battle to hang on and to let go
