Portraits Of Bristol:

Portraits of Bristol John Tompkins, 1977 *Portraits of Coleridge* Morton D. Paley, 1999 What do the portraits of a great poet tell us about his life his image of himself and the ideas of him held by his friends and his public Portraits of Coleridge attempts to answer this question with respect to the author of *The Rime of the Ancient Mariner* and *Kubla Khan* It also provides a critical and scholarly study of the portraits as works of art considering the place of each in the career of the artist who produced it All the life portraits are discussed in detail catalogued and wherever there is an extant photograph reproduced As many verbal descriptions by contemporaries as possible are reprinted for the sake of comparison A concluding essay on posthumous portraits of Coleridge considers how they reflect changes in the public's attitude toward their subject Both a contribution to the biography of Coleridge and an essay in the history of literary and artistic taste this book is for readers interested in English poetry in Romantic portraiture and in the relationship between literature and the visual arts
