Portraits In Charcoal George Gissings Women:

Portraits in Charcoal James Haydock, 2004 Half biography and half critical study this book about George Gissing is for the general reader It draws a parallel between the women in Gissing s life and the women in his novels His books span the last two decades of the nineteenth century and are memorable for their portraits of women Only a few women played active roles in Gissing s life but all exerted a lasting influence Their imprint allowed him to portray women vividly and with unerring realism though at times in variable tones of gray in charcoal Gissing s feminine portraiture rendered in shades of somber experience is one of the most striking features of his work and one of the most valuable for the reader of today It derived from his intense and abiding interest in the women of his time and the way they lived their lives His portraits of women warm and human were shaped in all their detail by an essential sympathy that made them neither topical nor contemporary but timeless Some of the women in his life became models for fictional women as alive today as when he first created them

George Gissing and the Woman Question Christine Huguet, 2016-04-22 Approaching its subject both contextually and comparatively George Gissing and the Woman Question reads Gissing s novels short stories and personal writings as a crux in European fiction s formulations of gender and sexuality The collection places Gissing alongside nineteenth and twentieth century authors as diverse as Paul Bourget Ella Hepworth Dixon May Sinclair and Theodore Dreiser theorizing the ways in which late Victorian sexual difference is challenged explored and performed in Gissing s work In addition to analyzing the major novels essays make a case for Gissing as a significant short story writer and address Gissing s own life and afterlife in ways that avoid biographical mimetics The contributors also place Gissing s work in relation to discourses of subjectivity and intersubjectivity identity public space class and labour especially literary production Increasingly viewed as a key chronicler of the late Victorian period s various redefinitions of sexual difference Gissing is here recognized as a sincere uncompromising chronicler of social change

Their Portraits in My Books James Haydock, 2023-01-30 George Gissing s books published during the last two decades of the nineteenth century are memorable for their portraits of women Only a few women played active roles in his life but those who did exerted a lasting influence In each of his novels he portrayed women vividly and with unerring realism He worried in fact that some might see themselves in his books and rebuke him His portraits of women are warm and human revealing an essential sympathy that makes them timeless An important feature of his novels his feminine portraiture is worth careful study

Mose in Bondage James Haydock, 2013-11-01 In the autumn of 1850 the man called Mose a fixture on the Horton plantation in North Carolina is sold to a wily slave trader to settle a debt Traveling southward he sinks into cruel bondage while a woman sold by Horton at the same time runs northward to freedom In Savannah Mose becomes the property of a kind master but in Alabama under the thumb of Cody Hawk he suffers intensely With some help from a slave named Pearl he

shakes off the deadly grip of a dark force experiences a kind of rebirth and gains the strength to escape the hell created by Hawk Saving himself he is not able to save Pearl L. Jonathan Blue James Haydock,2019-04-24 My name is Jonathan Blue During the last two decades of the nineteenth century I worked many hours each day for acceptance as a writer In my youth I dreamed of becoming a classical scholar at Oxford or Cambridge When the fantasy was shattered by a stupid excess of emotion I attempted to begin a new life in America A year later I was living in a London slum with a drunken wife In grim poverty I wrote about poor people struggling to survive in slums among the worst in the world They were my neighbors and from them came inventive and motive force In maturity I lived with a delicate and beautiful woman but in failing health for a short time Then like a turbulent river I dashed unimpeded to the sea *The Inward Journey* James Haydock,2021-04-06 You will find here a collection of original short stories that will take you on an inward journey to nowhere and everywhere Beginning with Erpenbeck and Friend and ending with Growing Old the journey will be easy and pleasant in some places rough and rutted in others Each story as Mark Twain has said will transport you to a faraway place and magically bring you home again for supper Enjoy your meal savor your supper **On a Darkling Plain** James Haydock,2008-03-27 Speaking the deepest and truest thoughts of humankind in the language available only to the gifted the Victorian poets elected to do more than merely sing as versifiers By coming to grips with thorny contemporary issues and suggesting workable solutions they struggled to lead their people out of the wilderness Tennyson who came to be known as the voice of Victorianism is the poet most often credited with this ambition But Matthew Arnold and the other major poets had a similar aim Their poems while not devoid of feeling are charged with the main currents of social scientific religious and philosophical thought Interwoven and resonating in sensuous song is their own thought The best of the poetry fits the word and thought to the troubling developments of the time and rises to a prophecy to predict the problems of our time **Beacon's River** James Haydock,2009-06-08 Beacons River is a tale of ambition and human suffering in the mind and heart of a young man struggling for success as a novelist Based on the life and career of nineteenth century novelist George Gissing the book is about a man wrestling with destiny as he dreams of making his mark in the world Soon after his father dies Andrew Beacon goes away to a Quaker boarding school with two younger brothers An exemplary but lonely student he wins a scholarship to a college known to be a stepping stone to Oxford or Cambridge At eighteen on the brink of realizing his dream he meets a woman of the streets who changes the course of his life After serving a month in prison he leaves England to start over in America but returns a year later Living in poverty with a drunken wife he writes his first novels When she dies at twenty nine he marries a woman whose violence drives him vixen haunted from home Badgered by loneliness and hardship but losing himself in his work in time he finds the woman meant for him The love they cherish before he dies completes the pattern of a life that runs like a tumultuous river from mountain to sea **A Sweet and Glorious Land** John Keahey,2014-07-15 In the winter of 1897 1898 Victorian writer George Gissing made a well chronicled journey throughout southern Italy The result

was a book *By the Ionian Sea* in which he detailed the influence of ancient Greece on the peninsula and contrasted the glory of Greece and its magnificent cities to the southern Italy of the late 1800s. The book was published in 1901 and has since become a classic in travel literature. A hundred years later award winning newspaper journalist John Keahey sets off to retrace Gissing's footsteps. His goal is to compare and contrast the two Italys seeing first hand all the changes that have occurred over the past century. He explores the outdoor markets in Naples, journeys to the charming coastal town of Paola, takes a train ride out of the Calabrian mountain town of Cosenza and into the port city of Taranto and makes his way down to Reggio at the toe of Italy's boot. Along the route he visits modern day Crotone, the Ionian coastal city that was famous in antiquity as the place where Pythagoras had his school as well as where Hannibal pursued for 15 years along the length of Italy by the Romans, embarked in shame for Carthage, now in modern day Tunisia. Going beyond Gissing's journey, Keahey also makes an additional stop at Sibari, near where the site of ancient Sybaris has been partially excavated. From train rides through the lush countryside to the crisp mountain air of Catanzaro, Keahey paints a beautiful and compelling picture of one of the lesser known parts of the country. *A Sweet and Glorious Land* is not only a wonderful travelogue but also an intriguing story of southern Italy and its people. [Cayenne Heat](#) James Haydock, 2022-04-06 Every person in France is fully aware that *Bonheur* means happiness and well being. But how does a wretch convicted of a petty crime find happiness or even survival in a prison known for its inhumanity? That place robbed me of my youth, my teeth and my peace of mind while instilling within me a fierce desire to escape. Though I planned each escape with great care, something always went wrong. Perhaps I was the sorry victim of a malicious destiny. If so, that mysterious force was up against the resilience of the human spirit, its power to endure. More than a few times I survived soul shattering solitary confinement, to run as fast and as far as I could. I had little muscle compared to the hulking convicts in French Guiana, but we all know strength is not defined by muscle alone. My narrative speaks of desperate attempts to escape the oppressive heat, horror and corruption of the prison colony the French called *Bagne de Cayenne*. **Searching in Shadow** James Haydock, 2013-03-14 In 1831 the beginning of a cruel decade in iron times for England. Thomas Carlyle observed, "Man has walked by the light of conflagrations and amid the sound of falling cities and now there is darkness and long watching till it be morning." Thirty years later Matthew Arnold counseled a faltering friend who had lost his way, "Roam on. The light we sought is shining still." When the nineteenth century ended having generated more questions than answers, more problems than solutions, a journalist writing for a London newspaper summed up the struggle in one short sentence: "They searched in shadows seeking light." In tumultuous and uncertain times, the authors under scrutiny in this volume, masters of English prose, wrote and lectured to lead the nation out of shadow and confusion or, as one put it, out of the wilderness. They are in order of appearance: Macaulay, Carlyle, Newman, Mill, Ruskin, Arnold, Darwin, Huxley, Morris, Pater and Stevenson. Others of lesser note are Spencer, Stephen and Butler. [A Tinker in Blue Anchor](#) James Haydock, 2014-04 After a checkered career at sea and on land, Leo Mack settles down in Blue Anchor shortly before the Civil

War A solitary man living in Ida Crabtree's boarding house he earns his living as a tinker but finds his worth and mission when the war begins As a traveling tinker he carries news of military events to isolated farmhouses and becomes in effect a broadcaster of war news In time just about every person in the county knows Leo by name but nothing of his background Isaac Brandimore takes it upon himself to tell Mack's story but dies before the work is finished Emily Kingston comes forward to salvage the story and finish it but not before Leo dies Concluding the project she observes that Leo Mack in tattered work clothes was animated in good times and bad by blood and brain and spirit His death she tells us diminished Blue Anchor **The Gissing Journal** ,2004 *Annual Bibliography of English Language and Literature* Modern Humanities Research Association,2005 Includes both books and articles The Woman Question and George Gissing James Haydock,2015-03-17 Even though his books never sold as well as those of more popular novelists women in particular liked George Gissing's work and often wrote to him for advice They could see he was keenly interested in the lives of women and the long struggle to improve their condition in a gender restrictive society dominated by males Though Gissing tried to champion the women's cause he did not entirely succeed Perhaps he was too close to the changes affecting women to understand their situation fully Perhaps with individual women a tenacious idealism blurred his vision Perhaps the facts of his life and experience prevented a balanced judgment Yet if he could say at the end of his career that he knew nothing at all about women it was not because he had failed to write about them or to make a thorough study of them Gissing used the woman question of his day to create female characters as much alive now as when he first began to write *But Not Without Hope* James Haydock,2018-09-20 Bonheur was and is my name Every person in my native France knew the name meant sunshine well being happiness But how does one find happiness in a prison known worldwide for its coarse and brutal inhumanity Fifteen painful years prime years of youth I endured in that terrible place determined to escape Though I planned each escape carefully something always went wrong and I found myself trying to survive in soul shattering solitary confinement I was small of stature and not very strong compared to the hulking convicts I lived with and yet I need not remind you that strength comes in many forms *The Book Buyer* ,1901 A review and record of current literature *Book Buyer* ,1901 *Anglia* ,2007
