Robot And Rebecca:

The Robot and Rebecca Jane Yolen,1980 Rebecca uses the robot she receives for her ninth birthday to solve a mystery in Bosyork biggest metroplex of the East Coast of America in 2121 **The Robot and Rebecca and the Missing Owsers** Jane Yolen,1981-01-01 Rebecca and her mechanical companion investigate the mysterious disappearance of two rare dog like animals known as owseres *Robot Rocket & You Are It!* Rebecca Colby,2024-08-01 Two robotic friends visit different planets in their rocket Then they play an exciting game of tag These goofy robots will help young readers discover the joy of reading through decodable stories **The Robot Book** Rebecca Silverstein,2019-09 Introduces readers to multiple robots

The Second Coming Brian Stoneking,2002-09-25 A race of alien vampires have over taken the planet Now it s up to a small band of slayers to back the planet in this apocalyptic future society In a world where humans and vampires are at constant war with each other and entire cities are in ruins The only way to have a fun challenge is to have sword fighting competitions in old run down shopping malls Now the only way to clam back the planet is for the slayers to use air force jets to eliminate the fiends from another galaxy that can shape shift into human form and the only way to kill them is with a virus called Dioxin 101 Alien vampires are not the only thing these slayers have to worry about Giant mutant spiders and a twelve foot genetically engineered vampire constantly stalks prey Living in a world like this you can never trust anyone *Alien Ice* Alfred H. Berger,2007-11-27 When a Kryogenetics engineer working at a military facility discovers how to revitalize people to remain at their present age and remain there for 100 years at a time all hell breaks loose Military Mafia and space aliens greedy rich government persons there comes into being the race of who gets the secret first The good guys against the bad or so it seems The engineer and his wife are kidnapped by paid mercenaries recruited by doublecrossing persons wanting this information for themselves and stand to make billions and billions of dollars One man with a secret An adventure follows that will span the United States Europe the fringes of outer space and space aliens and that will tax the ingenuity of his mom and dad to get them free from their glacial entombment **College Without High School** Blake Boles,2009-09-01 Because the real world is the best education High school can be boring High school curriculum can be frustrating and out of touch So what is the answer for young people whose creativity bright ideas and boundless energy are being stifled in that over scheduled and grade driven environment What would you do if you could go to college without going to high school Would you travel abroad spend late nights writing a novel volunteer in an emergency room or build your own company What dreams would you be pursuing right now College Without High School shows how independent teens can self design their high school education by becoming unschooled Students begin by defining their goals and dreams and then pursue them through a combination of meaningful and engaging adventures It is possible to pursue your dreams and gain admission to any college of your choice Boles shows how to fulfill college admission requirements by proving five preparatory results intellectual passion leadership logical reasoning background knowledge and the capacity for structured learning He then offers several

suggestions for life changing confidence building adventures that will demonstrate those results This intriguing approach to following your dreams and doing college prep on your own terms will be welcomed by students and their parents

Back in the Spaceship Again Karen Sands-O'Connor, Marietta Frank, 1999-08-30 Much literature for children appears in the form of series in which familiar characters appear in book after book In the late nineteenth and early twentieth century authors began to write science fiction series for children These early series generally had plots that revolved around inventions developed by the protagonist But it was the development and use of rocket and atomic science during World War II that paved the way for interesting and exciting new themes conflicts and plots While much has been written about the early juvenile science fiction series particularly the Tom Swift books comparatively little has been written about children s science fiction series published since 1945 This book provides a broad overview of this previously neglected topic The volume offers a critical look at the history themes characters settings and construction of post 1945 juvenile science fiction series including the A I Gang the Animorphs Commander Toad Danny Dunn Dragonfall Five the Magic School Bus and Space Cat The book begins with an introductory history of juvenile science fiction since 1945 with chapters then devoted to particular topics Some of these topics include the role of aliens and animals attitudes toward humor the absence and presence of science and the characterization of women A special feature is an appendix listing the various series In addition the volume provides extensive bibliographical information

The Key of Silence Quark Wells, 2014-10-28 V lives a life less ordinary For one she lives in a rented home with a pixie and shape shifter And for some strange reason her mother insists she goes to an all boys school disguise as a boy Just as things seem to be settling down her crush who has the ability to control machines with his mind invites her to join him during the school break onboard Quark City a giant space city that travels around the galaxy Expecting an epic journey of romance she ends up being pulled into something sinister brewing there It begins to the disappearance of a nurse and ends in two murders the town mayor and surprisingly Quark Citys resident super villain Dr Dreary It appears that she has deeper connection with the city than she knew due to her mothers mysterious past with some of Quarks most important denizens All this is just the beginning Its sort of a welcome back home for V from the sinister forces lurking behind the citys secrets
