**Pragmatist Variations on Ethical and Intercultural Life** Lenart Skof, 2012-03-15 The book is a contribution to the fields of pragmatism intercultural philosophy and social and political ethics The argument in the book runs along two lines firstly four pragmatist philosophers William James John Dewey Richard Rorty and Roberto Mangabeira Unger are discussed by putting them into their respective intercultural contexts They are interpreted as philosophers that were either explicitly or implicitly linked to some of the key tenets in comparative and or intercultural philosophy of the twentieth twenty first century

Secondly the book looks to their particular works and discusses the role of the body and its important ethical potential In their respective contexts it looks at the possibilities for linking James Dewey Rorty and Unger to the original idea of the intercultural oriented ethical pragmatism In this endeavor the book also approaches the philosophies of Arthur Schopenhauer Luce Irigaray and Enrique Dussel in order to show their importance for a historical and contemporary feminist and intercultural global debate about the philosophy of American pragmatism The book concludes with two chapters i e with a discussion of Irigaray s ethical pragmatism and finally with some reflections on contemporary Slovenian and French philosophy i ek Badiou as linked to the communism democracy controversy In both cases again pragmatist and intercultural methods are employed and the role of the body in their respective oeuvres is reflected
