Santuarios marianos mexicanos Rita Kelkheim, 2002      *Santuarios marianos de Cantabria* Ma del Carmen González Echegaray, 1993-01-25      Aztec Goddesses and Christian Madonnas Joseph Kroger, Patrizia Granziera, 2020-04-28 The face of the divine feminine can be found everywhere in Mexico One of the most striking features of Mexican religious life is the prevalence of images of the Virgin Mother of God This is partly because the divine feminine played such a prominent role in pre Hispanic Mexican religion Goddess images were central to the devotional life of the Aztecs especially peasants and those living in villages outside the central city of Tenochtitlan present day Mexico City In these rural communities fertility and fecundity more than war rituals and sacrificial tribute were the main focus of cultic activity Both Aztec goddesses and the Christian Madonnas who replaced them were associated and sometimes identified with nature and the environment the earth water trees and other sources of creativity and vitality This book uncovers the myths and images of 22 Aztec Goddesses and 28 Christian Madonnas of Mexico Their rich and symbolic meaning is revealed by placing them in the context of the religious worldviews in which they appear and by situating them within the devotional life of the faithful for whom they function as powerful mediators of divine grace and terror      **Segundo congreso catolico de Mexico y primero mariano celebrado en Morelia del 4 al 12 de octubre de 1904**, 1905      Santuarios, peregrinaciones y religiosidad popular María Rodríguez-Shadow, 2010 Este libro es parte de la colección Libro en BiblioBoard      **Religious Pilgrimage Routes and Trails** Daniel H Olsen, Anna Trono, 2018-05-30 For millennia people have travelled to religious sites for worship initiatory and leisure purposes Today there are hundreds if not thousands of religious pilgrimage routes and trails around the world that are used by pilgrims as well as tourists Indeed many religious pilgrimage routes and trails are today used as themes by tourism marketers in an effort to promote regional economic development An important resource for those interested in religious tourism and pilgrimage this book is also an invaluable collection for academics and policy makers within heritage tourism and regional development      *Early Modern Confraternities in Europe and the Americas* Christopher F. pilgrimages abound Individual chapters examine the practice of ziyarat in the Maghreb and South Asia Hindu pilgrimage in India and different pilgrimage traditions across Malaysia and China before turning towards the Pacific islands Australia South Africa and Latin America where Christian pilgrimages co exist and sometimes interweave with indigenous traditions This book also demonstrates the impact of political and economic processes on religious pilgrimages and discusses the important development of secular pilgrimage and tourism where relevant Highly interdisciplinary international and innovative in its approach New Pathways in Pilgrimage Studies Global Perspectives will be of interest to those working in religious studies pilgrimage studies anthropology cultural geography and folklore studies **África en el carnaval**
