Sapho, by Alphonse Daudet ; Manon Lescaut, by Antoine François Prevost ; Carmen, by Prosper Mérimée Alphonse Daudet, 1948 *Manon Lescaut* Alphonse Daudet, abbé Prévoſt, 1938 *Sapho* was a 1900 American play by Clyde Fitch based on an 1884 French novel of the same name by Alphonse Daudet and an 1885 play by Daudet and Adolphe Belot It was at the center of a sensational New York City indecency trial involving the play's star and producer director Olga Nethersole The play was not an exceptional success but the incident is considered a notable step in the transformation of American society's attitudes regarding gender roles and public depictions of sex in the 20th century *Sapho* Alphonse Daudet, 1919 Passionate calculating only sometimes honourable but always honest Fanny Legrand is one of the great female characters in literature Nothing could be more shocking to Jean Gaussin a serious young student from the provinces than the moral swamp his mistress has been living in before they met Sculptor's model poet's muse Fanny Legrand has seen and done it all in the twenty years since her first lover Caoudal cast in bronze the girl from the Paris gutter and named her Sappho But revulsion is

no match for lust and little by little despite continual outbreaks of rage and jealousy Jean is able to live with Fanny's disgraceful past to find a certain pleasure in the degraded domesticity of their life together and even to feel a degree of pride in his new connections with famous men The arrival on the scene of a marriageable young girl seems to offer Jean the escape route he needs but he cannot bring himself to deal his ageing mistress a potentially fatal blow

"Music's Obedient Daughter" Sabine Lichtenstein, 2014-03-01 A libretto is an indispensable part of an opera as a musical genre with few exceptions operas have been the subject of musicological studies and instrumental versions of sung or unsung opera numbers may be heard but we never listen to libretto texts being performed without the music Thus as a literary form the libretto is a highly specific genre with its own particular attributes This volume offers an approach to the libretto through the discussion of these attributes in many different examples It explores what may be expected of a librettist in response to the genre's characteristics his trials and tribulations his exchanges with the composer while adapting or converting a source almost always a literary source into the eventual libretto and about the different musical ways of dealing with the text In this way the volume clarifies the fundamental differences between the libretto and other literary genres
