Depictions of Violence in Sarah Kane's Theatre* Lea Jasmin Gutscher, 2014-11-01 With her controversial stage art the young playwright Sarah Kane broke new dramaturgic ground and made a lasting impression that changed British drama forever Even though it is part of the canon covering post-war drama Kane's work has often met with misunderstanding and fierce criticism due to the uncountable representations of atrocities How can we make sense of Kane's seemingly crude and bleak theatre Mainly concentrating on the play *Cleansed* the author examines the nature of violence in

Kane's writing What purpose does it serve Is it simply employed for its shock value Or is it rather used as a metaphor Kane herself considered her third full length play as a play about love In suggesting a figurative reading of the late playwright's texts the author shows how Kane embraces violence as a metaphor of the various sufferings both love and life perpetrate upon the human being Locked beneath the revolting cruelties we can find a vivid theatricality powerful images and a unique rhythm and sound of language *Adapting Translation for the Stage* Geraldine Brodie, Emma Cole, 2017-07-06 Translating for performance is a difficult and hotly contested activity *Adapting Translation for the Stage* presents a sustained dialogue between scholars actors directors writers and those working across these boundaries exploring common themes and issues encountered when writing staging and researching translated works It is organised into four parts each reflecting on a theatrical genre where translation is regularly practised The Role of Translation in Rewriting Naturalist Theatre Adapting Classical Drama at the Turn of the Twenty First Century Translocating Political Activism in Contemporary Theatre Modernist Narratives of Translation in Performance A range of case studies from the National Theatre's *Medea* to The Gate Theatre's *Dances of Death* and Emily Mann's *The House of Bernarda Alba* shed new light on the creative processes inherent in translating for the theatre destabilising the literal performable binary to suggest that adaptation and translation can and do coexist on stage *Chronicling the many possible intersections between translation theory and practice Adapting Translation for the Stage* offers a unique exploration of the processes of translating adapting and relocating work for the theatre

Sarah Kane's *Blasted* Helen Iball, 2015-04-06 *Blasted* has been labelled as one of the landmark plays of post war British theatre achieving its iconic status and indeed its notoriety very quickly Sarah Kane's suicide in 1999 consolidated a process of singling out that had begun four years earlier with the national outrage initiated by the media's scandalised response to the premiere of *Blasted* The brutal content of the play resulted in much quoted hostility from the critics Academic attention to the play has begun a process of re-evaluation debating the production and reception of the play and key issues including its status as a classic example of in yer face drama This guide provides a comprehensive critical introduction to *Blasted* giving students an overview of the play's significance a brief biography of Sarah Kane and a guide to socio-political background a detailed analysis of the play's structure style and characters an analysis of key production issues and choices an overview of key productions from the 1995 Royal Court premiere to today and a chapter exploring possibilities and exercises for practical work on the play An annotated guide to further reading highlights key secondary material including useful websites New Theatre Quarterly 67: Volume 17, Part 3 Clive Barker, Simon Trussler, 2001-10-26 *New Theatre Quarterly* provides a lively international forum where theatrical scholarship and practice can meet and where prevailing dramatic assumptions can be subjected to vigorous critical questioning It shows that theater history has a contemporary relevance that theater studies need a methodology and that theater criticism needs a language The journal publishes news analysis and debate within the field of theater studies **Performing Identity and Gender in Literature, Theatre and**

the Visual Arts Panayiota Chrysochou, 2017-03-07 This volume presents a compelling range of chapters focusing on the myriad ways in which performance and gender are inextricably bound to identity. It shows how gender performance and identity play themselves out in various ways, contexts and genres in order to illuminate the very instability and fluidity of identity as a static category. As such, it is a must read for anyone interested in gender studies, identity politics and literature in general.

Theatre Symposium, Vol. 18: The Prop's The Thing J K Curry, 2010-10-15 Stage properties are an often ignored aspect of theatrical productions in part because their usage is meant to be seamlessly integrated into the performance instead of a focal point for the audience. The contributors illuminate many aspects of this largely ignored yet crucial part of the theatre.

Modern British Playwriting: The 1990s Aleks Sierz, 2014-03-20 British theatre of the 1990s witnessed an explosion of new talent and presented a new sensibility that sent shockwaves through audiences and critics. What produced this change, the context from which the work emerged, the main playwrights and plays and the influence they had on later work are freshly evaluated in this important new study in the Methuen Drama's Decades of Modern British Playwriting series. The 1990s volume provides a detailed study by four scholars of the work of four of the major playwrights who emerged and had a significant impact on British theatre: Sarah Kane by Catherine Rees, Anthony Neilson, Patricia Reid, Mark Ravenhill, Graham Saunders and Philip Ridley. Aleks Sierz's Essential for students of Theatre Studies, the series of six decadal volumes provides a critical survey and study of the theatre produced from the 1950s to 2009. Each volume features a critical analysis of the work of four key playwrights, besides other theatre work, together with an extensive commentary on the period. Readers will understand the works in their contexts and be presented with fresh research material and a reassessment from the perspective of the twenty-first century. This is an authoritative and stimulating reassessment of British playwriting in the 1990s.

"Blasted", "Phaedra's Love" and "Cleansed". Reading Love, Faith and Hope in Sarah Kane's Plays Nicole Eismann, 2016-03-30 Seminar paper from the year 2015 in the subject English Language and Literature Studies, Literature grade 2/3, University of Bonn, Institut für Anglistik, Amerikanistik und Keltologie, course Contemporary British Drama, language English, abstract. In this paper, Sarah Kane's debut play *Blasted* alongside her proximate plays *Phaedra's Love* and *Cleansed* will be discussed in order to explore the nature of the plays concerning their subject matter. Among these plays, *Phaedra's Love* is the only one that is based on a model and therefore not utterly Kane's content. The story is written loosely after Seneca's version of the *Phaedra* myth in which a tragedy arises because the title character falls in love with her royal stepson. Beyond the thematic discussion, the question whether the subjects Sarah Kane connects her plays with are presented in a positive or negative way will be issued in the paper. If there is love in the plays, in how far is it satisfying for the characters? And does strong faith really promise a hopeful ending? In order to answer these questions, the paper is divided into two parts, starting with a short theory chapter that follows this introduction and provides a brief introduction to contemporary theatre in general. Subsequently, one finds the main part of the paper, which consists of three sub-chapters and includes the

analysis of each of the named plays A conclusion of the findings will round the paper off Tragedy and the Witness Fred Parker, 2025-04-15 As he dies Hamlet pleads with Horatio to report me aright tell my story This book deals with the task of bearing witness to anguish atrocity and madness as these are staged in the tragic theatre Focusing on the relationship between the protagonist and the onlooker or witness it explores how the tragic figure often and understandably viewed as alien or culpable or profoundly strange struggles to be understood Centred on Shakespeare its wide ranging approach also introduces works by among others the Greeks Racine Ibsen Pirandello Kafka Beckett and Kane The discussion intersects with trauma studies and with psychoanalytic theory especially around how subjective experience is held by others The challenge of entering into such difficult experience is likened to the offering of hospitality to the foreigner or stranger the challenge of overcoming xenophobia Another large concern is with how tragedy represents madness and how far such states of mind may be shared with an audience particularly through the lens of King Lear Written in an accessible style this book grounds tragedy in matters that resonate in common experience from mental breakdown and our need to be heard to questions around grieving trauma and the ethics of telling someone's story **Madness at the Theatre** Femi Oyebode, 2012-07 Madness at the Theatre studies the theatrical representation of madness from the classical Greek period through to the 21st century Professor Oyebode charts the portrayal of madness by the world's great playwrights across the centuries and argues that whereas acts of madness are described but unseen in Greek drama Shakespeare brought these behaviours to centre stage In the nineteenth and early twentieth centuries aberrant behaviour was portrayed in domestic settings by Ibsen theatrical madness became a family drama Tennessee Williams and Eugene O'Neill drew on their own families for their explorations of madness and addiction Pinter's masterful use of the ambiguity of language finds strong echoes in the psychiatric clinic Soyinka emphasised the social context the personal malady as reflection of a greater malaise in society Finally Sarah Kane created plays that were the physical embodiment of her inner world This book will be essential reading for anyone interested in the language of drama the depiction of mental illness and in the wider place of madness as a concept within society **Rethinking Character in Contemporary British Theatre** Cristina Delgado-García, 2015-11-13 The category of theatrical character has been swiftly dismissed in the academic reception of no longer dramatic texts and performances However claims on the dissolution of character narrowly demarcate what a subject is and how it may appear This volume unmoors theatre scholarship from the regulatory ideals of liberal humanism stretching the notion of character to encompass and illuminate otherwise unaccounted for subjects aesthetic strategies and political gestures in recent theatre works To this aim contemporary philosophical theories of subjectivation European theatre studies and experimental scripted work produced in Britain since the late 1990s are mobilised as discussants on the question of subjectivity Four contemporary playtexts and their performances are examined in depth Sarah Kane's *Crave* and *4.48 Psychosis* Ed Thomas's *Stone City Blue* and Tim Crouch's *ENGLAND* Through these case studies Delgado García demonstrates alternative ways of

engaging theoretically with character and elucidating a range of subjective figures beyond identity and individuality. Alongside these analyses the book traces a large body of work that has experimented with speech attribution since the early twentieth century. This is a timely contribution to contemporary theatre scholarship which demonstrates that character remains a malleable and politically salient notion in which understandings of subjectivity are still being negotiated.

Metamorphosis - Structures of Cultural Transformations Jürgen Schlaeger, 2005 **Alternatives within the Mainstream II** Dimple Godiwala, 2008-12-18

Alternatives Within the Mainstream II follows from the first volume's dedication to a critical appreciation of and a tracing of trajectories of the theatres of our Others on the British stage. The first volume *Alternatives Within the Mainstream* British Black and Asian Theatres traced a history of Black and Asian British plays, playwrights, theatre companies and theatre voices. The two volumes celebrate the plurality on the post-war British stage in terms of class, gender, race and sexualities. *Alternatives Within the Mainstream II: Queer Theatres in Post-war Britain* is an introduction to queer sexualities and their presence on the post-war British stage. From an introduction which addresses the possibilities of an undoing of repressiveness in desiring another, this volume charts a history of queer on the British stage from a climate of sexual repressiveness and criminalisation to a period of legal acceptance of homosexual desire. It covers gay, lesbian and queer British theatres, the influence of American queer theatre, AIDS consciousness, black queer theatre and television drama. *Alternatives Within the Mainstream II: Queer Theatres in Post-war Britain* is aimed as an introductory text which introduces the several plays, playwrights, theatre companies and queer theorists to students and scholars of contemporary queer British theatres. This book is dedicated to Anthony Blair and the Labour government for bringing in the Civil Partnerships Act.
