feminists lay claim to citizenship based on women's biological ability to reproduce the nation they are participating in a eugenic project sanctioning reproduction by some and prohibiting it by others Employing a wide range of sources from the United States and India Nadkarni shows how the exclusionary impulse of eugenics is embedded within the terms of nationalist feminism Nadkarni reveals connections between U S and Indian nationalist feminisms from the late nineteenth century through the 1970s demonstrating that both call for feminist citizenship centered on the reproductive body as the origin of the nation She juxtaposes U S and Indian feminists and antifeminists in provocative and productive ways Charlotte Perkins Gilman's utopian novels regard eugenic reproduction as a vital form of national production Sarojini Naidu's political speeches and poetry posit liberated Indian women as active agents of a nationalist and feminist modernity predating that of the West and Katherine Mayo's 1927 *Mother India* warns white U S women that Indian reproduction is a world menace In addition Nadkarni traces the refashioning of the icon Mother India first in Mehboob Khan's 1957 film *Mother India* and Kamala Markandaya's 1954 novel *Nectar in a Sieve* and later in Indira Gandhi's self-fashioning as Mother India during the Emergency from 1975 to 1977 By uncovering an understudied history of feminist interactivity between the United States and India *Eugenic Feminism* brings new depth both to our understanding of the complicated relationship between the two nations and to contemporary feminism

Literary Cultures in History Sheldon Pollock, Arvind Raghunathan Professor of South Asian Studies Sheldon Pollock, 2003-05-19 Publisher Description

Anglophone Indian Women Writers, 1870-1920 Ellen Brinks, 2016-04-15 The result of extensive archival recovery work Ellen Brinks's study fills a significant gap in our understanding of women's literary history of the South Asian subcontinent under colonialism and of Indian women's contributions and responses to developing cultural and political nationalism As Brinks shows the invisibility of Anglophone Indian women writers cannot be explained simply as a matter of colonial marginalization or as a function of dominant theoretical approaches that reduce Indian women to the status of figures or tropes The received narrative that British imperialism in India was perpetuated with little cultural contact between the colonizers and the colonized population is complicated by writers such as Toru Dutt Krupabai Satthianadhan Pandita Ramabai Cornelia Sorabji and Sarojini Naidu All five women found large audiences for their literary works in India and in Great Britain and all five were also deeply rooted in and connected to both South Asian and Western cultures Their works created new zones of cultural contact and exchange that challenge postcolonial theory's tendencies towards abstract notions of the colonized women as passive and of English as a de facto instrument of cultural domination Brinks's close readings of these texts suggest new ways of reading a range of issues central to postcolonial studies the relationship of colonized women to the metropolitan literary culture Indian and English women's separate and joint engagements in reformist and nationalist struggles the translatability of culture the articulation strategies and complex negotiations of self-identification of Anglophone Indian women writers and the significance and place of cultural difference

the Afterlife of Indian English Authority Makarand R. Paranjape, 2012-09-03 Compared to how it looked 150 years ago at the eve of the colonial conquest today's India is almost completely unrecognizable A sovereign nation with a teeming industrious population it is an economic powerhouse and the world's largest democracy It can boast of robust legal institutions and a dizzying plurality of cultures in addition to a lively and unrestricted print and electronic media The question is how did it get to where it is now Covering the period from 1800 to 1950 this study of about a dozen makers of modern India is a valuable addition to India's cultural and intellectual history More specifically it shows how through the very act of writing often in English these thought leaders reconfigured Indian society The very act of writing itself became endowed with almost a charismatic authority which continued to influence generations that came after the exit of the authors from the national stage By examining the lives and works of key players in the making of contemporary India this study assesses their relationships with British colonialism and Indian traditions Moreover it analyzes how their use of the English language helped shape Indian modernity thus giving rise to a uniquely Indian version of liberalism The period was the fiery crucible from which an almost impossibly diverse and pluralistic new nation emerged through debate dialogue conflict confrontation and reconciliation The author shows how the struggle for India was not only with British colonialism and imperialism but also with itself and its past He traces the religious and social reforms that laid the groundwork for the modern sub continental state proposed and advocated in English by the native voices that influenced the formation India's society Merging culture politics language and literature this is a path breaking volume that adds much to our understanding of a nation that looks set to achieve much in the coming century
