

## THE STUDIO SASHA DOLLS 1940s - 1975

Sasha Morgenthau created four Face Types for her 20" (50cm) original studio Sasha dolls — and designated them by Roman numerals (I, II, III, IV). Her three Body Types for 20" (50cm) studio dolls were designated by capital letters (A,B,C). Sasha Morgenthau could vary the ages portrayed in her studio dolls through facial painting, hairstyles and clothing.

Molly is eager to experience her first English Christmas with family and friends now that she's adjusted to her move to Cambridge and her restoration of her family's ancestral bookshop, Thomas Marlowe Manuscripts and Folios. When local toyshop Pemberly's Emporium reopens, Molly is excited to meet the new owner, Charlotte Pemberly, who is determined to make the toy store a success after unexpectedly becoming her grandfather Arthur's sole heir. Arthur's new wife, Althea Winters, and her unpleasant family loathe Charlotte for inheriting what they believe was theirs and have set their sights on a valuable Madame Alexander doll that's gone missing. When Althea's grandson is poisoned by cakes from Tea Crumpets, Charlotte becomes the top suspect. Molly believes Charlotte was the intended victim and investigates the Pemberly's home only to discover that Arthur had been murdered. To get closer to this treacherous family, Molly and her boyfriend Kieran go undercover by volunteering to act and sing for a madrigal dinner directed by Althea and her daughter at St. Hildegard's College. Molly must help her new friend clear her name while searching for the missing doll and wrangling her own family during the chaotic holiday festivities at the bookshop.

**The Slippery Year** Melanie Gideon, 2009-08-04 A disarmingly hilarious and honest memoir of marriage and motherhood by a woman who realized she was sleepwalking through life and decided she needed to do something about it. A love song to family and to life. One of the happiest books to cross our paths in a very long time. *San Francisco Chronicle*. The Slippery Year chronicles her struggle to rediscover meaning and pleasure in life while navigating the comical ups and downs of cohabiting with a husband, a child and a dog, mattress wars with her snoring mate, the psychological minefield of the school carpool line and sending her son to sleep away camp for the first time. Gideon manages to be laugh-out-loud funny while also reflecting beautifully and movingly on her quest to appreciate what she has.

**Toys and Playthings** John Newson, Elizabeth Newson, 2017-12-06 John and Elizabeth Newson were well known for their studies of child rearing which have combined a rigorous research methodology with sympathetic insights into family life and a lively approach to scientific reporting Path breaking brilliant seminal outstanding fascinating enthralling and enchanting are some

of the adjectives used by critics to describe their previous books They now turn their attention to toys the pegs on which children hang their play a study for which they are uniquely qualified Not only had they long experience in normal child development they had been actively involved for many years in research and training in remedial play for disabled children their research unit was a major influence in the phenomenal development of the toy libraries self help movement they designed for and advised the toy industry and they had their own family run specialist toyshop With this background it is not surprising that their book on toys and playthings is both informative and entertaining on many different fronts Richly observant it follows the child s development in play from using the mother or father as the first and best toy through the exploratory and manipulative sequences to the use of toys in ritual symbolic or contemplative ways Against this detailed understanding of ordinary children s growth points in play the Newsons and their collaborators examine the special needs of disabled children with a firm emphasis on how parents can help What is more in providing an intensely practical guide for the parents and teachers of the disabled child they draw out comparative insights which are enlightening and absorbing for those whose children do not have such urgent problems Once again the Newsons share with the reader the viewpoints and preoccupations of research workers in the field There is indeed a continual sense of work in progress and nowhere more than in the chapter on using toys for developmental assessment where the reader is given a hot line to a laboratory i e playroom notes used in their own research unit at the time in a welcome move away from the rigid test bound assessment of special children The book is enriched by the authors sharp awareness that the history of playthings has a far longer perspective than the history of child psychology They are not basically interested in educational toys as such but in all the objects made or found on which the child hones his skill his reasoning powers his imagination his emotions or his sense of humour Fairground baubles joke toys and poppy head dolls are as much a part of this book as bricks sorting boxes and teddy bears In the Newsons own words We hope that people who simply like toys as objects will find something in this book to interest them we suspect indeed that liking toys will be what all readers whatever their reason for opening the book have in common
