Cole, 2019-11-12 Many Christians live as though they are effectively alone in the world However there is another realm of intelligent life that plays a role in the world angelic beings This book explores the doctrine of angels and demons answering key questions about their nature and the implications for Christians beliefs and behavior helping readers see their place in the larger biblical plotline that includes supernatural beings An understanding of the reality of angels and demons encourages believers to be vigilant in the light of spiritual warfare and to be confident in Christ's victory on the cross

**Baptist Theology** James Leo Garrett, 2009 This title offers a comprehensive analysis of Baptist theology Embracing in one common trajectory the major Baptist confessions of faith the major Baptist theologians and the principal Baptist theological movements and controversies this book spans four centuries of Baptist doctrinal history Acknowledging first the pre 1609 roots patristic medieval and Reformational of Baptist theology it examines the Arminian versus Calvinist issues that were first expressed by the General Baptists and the Particular Baptists that dominated English and American Baptist theology during the seventeenth and eighteenth centuries from Helwys and Smyth and from Bunyan and Kiffin to Gill Fuller Backus and Boyce and that were quickened by the awakenings and the missionary movement Concurrently there were the Baptist defense of the Baptist distinctives vis a vis the pedobaptist world and the unfolding of a strong Baptist confessional tradition Then during the nineteenth and twentieth centuries the liberal versus evangelical issues became dominant with Hovey Strong Rauschenbusch and Henry in the North and Mullins Conner Hobbs and Criswell in the South even as a distinctive Baptist Landmarkism developed the discipline of biblical theology was practiced and a structured ecumenism was pursued Missiology both impacted Baptist theology and took it to all the continents where it became increasingly indigenous Conscious that Baptists belong to the free churches and to the believers churches a new generation of Baptist theologians at the advent of the twenty first century appears somewhat more Calvinist than Arminian and decidedly more evangelical than liberal

Challenging to change Pieter J. Lalleman, 2020-09-18 On 13 May 2009 Dr Nigel G Wright celebrated his sixtieth birthday For this occasion friends and colleagues presented him with a Festschrift which reflects his career as a radical baptist leader and theologian Over the past decades he has played a leading role in the Baptist movement in Britain and worldwide The contributors to Challenging to change dialogues with a radical baptist theologian interact with aspects of Wright s activities and writings so far The spelling of baptist with a small b in the subtitle of this book reflects Wright s own usage baptist refers to the broader tradition of believers churches stemming from the radical wing of the European Reformation to which not only Baptist churches belong but also Anabaptist Brethren Pentecostals Restorationists and others This book makes a valuable contribution to the thinking of all baptists about issues such as ministry Church and state church planting and evangelical identity In particular pastors other church leaders and students will profit hugely from it and they will be encouraged to pick up Nigel Wright s own books

**Systematic Theology** Wayne A. Grudem, 2009-05-18 The Christian church has a long tradition of systematic theology that is of studying biblical teaching on centrally important doctrines such as the Word of God redemption and Jesus Christ Wayne Grudem s bestselling Systematic Theology has several distinctive features A strong emphasis on the scriptural basis for each doctrine Clear writing with technical terms kept to a minimum A contemporary approach treating subjects of special interest to the church today A friendly tone appealing to the emotions

Beilby,Paul Rhodes Eddy,2012-12-01 The topic of spiritual warfare is an issue of ongoing interest in a number of sectors of the contemporary church This four view work brings together leading theologians and ministry leaders to present major views on spiritual warfare in dialogical fashion all authors present their views and then respond to each of the other views Contributors include Walter Wink with Gareth Higgins and Michael Hardin David Powlison Gregory Boyd C Peter Wagner and Rebecca Greenwood This volume provides a balanced irenic approach to a much discussed and often controversial topic Offering a model of critical thinking and respectful dialogue it highlights the differences between contributors discusses a full range of important topics on the subject and deploys biblical as well as theological arguments **The Spirit of Creation** Amos Yong,2011-05-17 Is a pentecostal charismatic worldview defensible in light of contemporary science In *The Spirit of Creation* Amos Yong demonstrates that pentecostal thought does indeed have merit in scientific contexts What s more he argues that pentecostal charismatic views regarding the dynamic presence and activity of the Spirit of God and the pluralistic cosmology of many spirits have something important to add to the broad discussion now taking place at the crossroads of science and religion Interacting with many scientific fields of study including psychology sociology evolutionary science cosmology and more Yong s *Spirit of Creation* demonstrates the significance of pentecostal ideas to the ongoing dialogue between theology and science
