Goody,2012-03-29 In *The Theft of History* Jack Goody builds on his own previous work to extend further his highly influential critique of what he sees as the pervasive Eurocentric or occidental biases of so much western historical writing and the consequent theft by the West of the achievements of other cultures in the invention of notably democracy capitalism individualism and love Goody one of the world s most distinguished anthropologists raises questions about theorists historians and methodology and proposes a new comparative approach to cross cultural analysis which allows for more scope in examining history than an East versus West style **Palmer Mills** Roger Holden,2017 Palmer Mills were cotton spinning mills in Stockport Cheshire Originally built in around 1822 by James Marshall they were extended considerably over the following three decades They ceased operating in the early 1880s by which time they were old and obsolete A new company purchased the mills and largely demolished them before building a new mill which was completed in 1887 A second mill was completed in 1890 With the decline in the cotton industry the mills closed in 1931 The No 1 Mill was demolished in 1937 but the No 2 Mill continued in various uses until it was demolished in 1999 This well illustrated book is a history and technical description of the mills in the context of the Lancashire cotton industry

The Day Care Ritual Abuse Moral Panic Mary de

Young,2004-02-23 In the United States during the early 1980s hundreds of day care providers were accused of sexually abusing their young charges in satanic rituals that included blood drinking cannibalism and human sacrifice The panic surrounding the ritual abuse of children has spread quickly to Canada Europe and Australasia and its rapid dispersion has been unimpeded by international investigations that found no evidence to corroborate the allegations and warned that a moral panic was thrusting them into professional public attention This work is a sociologically based analysis of the day care ritual abuse panic in America It introduces the concept of moral panic and analyzes its relevance to the ritual abuse scare explores the ideological political economic and professional forces that fomented the panic discusses the McMartin Preschool case as the incident that brought attention to satanic menaces and children and examines the dialect between the various interest groups that stirred up and spread the moral panic and the day care providers accused of ritual abuse Also covered are the popular culture representations of day care ritual abuse the diffusion of the scare to areas overseas the institutionally symbolic and ideologically contradictory social ends of the panic and the outcomes of the panic in various settings The book ends with a discussion of moral panic theory and how it needs to be changed for a complex multi mediated postmodern culture and what lessons can be learned from the scare The Fall of America Journals, 1965-1971 Allen

Ginsberg,2020-11-10 An autobiographical journey through America in the turbulent 1960s the essential backstory to Ginsberg s National Book Award winning volume of poetry Published in 1974 The Fall of America was Allen Ginsberg s magnum opus a poetic account of his experiences in a nation in turmoil What his National Book Award winning volume documented he had also recorded playing a reel to reel tape machine given to him by Bob Dylan as he traveled the nation s byways and visited its cities finding himself again and again in the midst of history in the making or unmaking Through a wealth of autopsies transcriptions of these recorded poems published here for the first time in the poet s journals of this period Ginsberg can be overheard collecting the observations events reflections and conversations that would become his most extraordinary work as he witnessed America at a time of historic upheaval and gave voice to the troubled soul at its crossroads The Fall of America Journals 1965 1971 contains some of Ginsberg s finest spontaneous writing accomplished as he pondered the best and worst his country had to offer He speaks of his anger over the war in Vietnam the continuing oppression of dissidents intractable struggles and experiments with drugs and sexuality He mourns the deaths of his friends Neal Cassady and Jack Kerouac parses the intricacies of the presidential politics of 1968 and grapples with personal and professional challenges in his daily life An essential backstory to his monumental work the journals from these years also reveal drafts of some of his most highly regarded poems including Wichita Vortex Sutra Wales Visitation On Neal s Ashes and Memory Gardens as well as poetry published here for the first time and his notes on many of his vivid and detailed dreams Transcribed edited and annotated by Michael Schumacher a writer closely associated with Ginsberg s life and work these journals are nothing less than a first draft of the poet s journey to the heart of twentieth century America *Pop Goes the*

Weasel Albert Jack, 2009-09-29 From the international bestselling author of *Red Herrings* and *White Elephants* a curious guide to the hidden histories of classic nursery rhymes Who was Mary Quite Contrary or Georgie Porgie How could Hey Diddle Diddle offer an essential astronomy lesson Do Jack and Jill actually represent the execution of Louis XVI and Marie Antoinette And if Ring Around the Rosie isn't about the plague then what is it really about This book is a quirky curious and sometimes sordid look at the truth behind popular nursery rhymes that uncovers the strange tales that inspired them from Viking raids to political insurrection to smuggling slaves to freedom Read Albert Jack's posts on the Penguin Blog

Capitalism in the Ottoman Balkans Costas Lapavistas, Pinar Cakiroglu, 2019-08-08 The Ottoman Empire went through rapid economic and social development in the late nineteenth and early twentieth centuries as it approached its end Profound changes took place in its European territories particularly and prominently in Macedonia In the decades before the First World War industrial capitalism began to emerge in Ottoman Macedonia and its impact was felt across society The port city of Salonica was at the epicentre of this transformation led by its Jewish community But the most remarkable site of development was found deep in provincial Macedonia where industrial capitalism sprang from domestic sources in spite of unfavourable conditions Ottoman Greek traders and industrialists from the region of Mount Vermion helped shape the economic trajectory of Turkey in Europe and competed successfully against Jewish capitalists from Salonica The story of Ottoman Macedonian capitalism was nearly forgotten in the century that followed the demise of the Empire This book pieces it together by unearthing Ottoman archival materials combined with Greek sources and field research It offers a fresh perspective on late Ottoman economic history and will be an invaluable resource for scholars of Ottoman Greek and Turkish history Published in Association with the British Institute at Ankara

The Abject of Desire Konstanze Kutzbach, Monika Mueller, 2007 The Abject of Desire approaches the aestheticization of the unaesthetic via a range of different topics and genres in twentieth century Anglophone literature and culture The experience of disgust which Winfried Menninghaus describes as an acute crisis of self preservation is correlated with conceptualizations of gender in theories of the abject abjection In view of this general crisis of identity in the experience of disgust the contributions to this volume discuss examples of the aestheticization of the unaesthetic in cultural representations and locate conceptual re codings of the body gender and identity with regard to the abject as an immediate and uncompromising experience on the one hand and a social and political phenomenon on the other Considering a variety of cultural narratives by writers as diverse as Samuel Delany Sarah Schulman Joyce Carol Oates Leslie Marmon Silko Paul Magrs J G Ballard Stevie Smith T C Boyle Joseph Conrad Poppy Z Brite and Will Self by film directors John Waters and Peter Greenaway playwrights Girish Karnad and Mahesh Dattani and body artist Gunter von Hagens the contributors to this volume scrutinize different implications of the ambivalent concept of the abject abjection

Unbuilt Utopian Cities 1460 to 1900:

Reconstructing their Architecture and Political Philosophy Tessa Morrison, 2016-03-09 Bringing together ten utopian works that mark important points in the history and an evolution in social and political philosophies this book not only reflects on the texts and their political philosophy and implications but also their architecture and how that architecture informs the political philosophy or social agenda that the author intended Each of the ten authors expressed their theory through concepts of community and utopian architecture but each featured an architectural solution at the centre of their social and political philosophy as none of the cities were ever built they have remained as utopian literature Some of the works examined are very well known such as Tommaso Campanella's *Civitas Solis* while others such as Joseph Michael Gandy's *Designs for Cottages* are relatively obscure However even with the best known works this volume offers new insights by focusing on the architecture of the cities and how that architecture represents the author's political philosophy It reconstructs the cities through a 3 D computer program ArchiCAD using Artlantis to render Plans sections elevations and perspectives are presented for each of the cities The ten cities are Filarete's *Sforzina* Albrecht Dürer's *Fortified Utopia* Tommaso Campanella's *The City of the Sun* Johann Valentin Andreae's *Christianopolis* Joseph Michael Gandy's *An Agricultural Village* Robert Owen's *Villages of Unity and Cooperation* James Silk Buckingham's *Victoria* Robert Pemberton's *Queen Victoria Town* King Camp Gillette's *Metropolis* and Bradford Peck's *The World a Department Store* Each chapter considers the work in conjunction with contemporary thought the political philosophy and the reconstruction of the city Although these ten cities represent over 500 years of utopian and political thought they are an interlinked thread that had been drawn from literature of the past and informed by contemporary thought and society The book is structured in two parts **The Belles of New England**

William Moran, 2024-07-02 *The Belles of New England* is a masterful definitive and eloquent look at the enormous cultural and economic impact on America of New England's textile mills The author an award winning CBS producer traces the history of American textile manufacturing back to the ingenuity of Francis Cabot Lodge The early mills were an experiment in benevolent enlightened social responsibility on the part of the wealthy owners who belonged to many of Boston's finest families But the fledgling industry's ever increasing profits were inextricably bound to the issues of slavery immigration and workers rights William Moran brings a newsman's eye for the telling detail to this fascinating saga that is equally compelling when dealing with rags and when dealing with riches In part a microcosm of America's social development during the period *The Belles of New England* casts a new and finer light on this rich tapestry of vast wealth greed discrimination and courage

Poor Law Magazine and Local Government Journal, 1928 **Democracy in China** Jiwei Ci, 2019-11-19 A respected Chinese political philosopher calls for the Communist Party to take the lead in moving China along the path to democracy before it is too late With Xi Jinping potentially set as president for life China's move toward political democracy may appear stalled But Jiwei Ci argues that four decades of reform have created a mentality in the Chinese people that is just waiting for the political system to catch up resulting in a disjunction between popular expectations and political realities The inherent

tensions in a largely democratic society without a democratic political system will trigger an unprecedented crisis of legitimacy forcing the Communist Party to act or die Two crises loom for the government First is the waning of the Communist Party's revolutionary legacy which the party itself sees as a grave threat Second is the fragility of the next leadership transition No amount of economic success will compensate for the party's legitimacy deficit when the time comes The only effective response Ci argues will be an orderly transition to democracy To that end the Chinese government needs to start priming its citizens for democracy preparing them for new civil rights and civic responsibilities Embracing this pragmatic role offers the Communist Party a chance to survive Its leaders therefore have good reason to initiate democratic change Sure to challenge the Communist Party and stir debate Democracy in China brings an original and important voice to an issue with far reaching consequences for China and the world **Machine in the Studio** Caroline A. Jones, 1996 Drawing on extensive interviews with artists and their assistants as well as close readings of artworks Jones explains that much of the major work of the 1960s was compelling precisely because it was mainstream central to the visual and economic culture of its time Economic Growth and Societal Collapse Wim Naudé, 2023-11-21 It has been said that in the light of ecological overshoot that human civilization faces two future possibilities a Great Decoupling or a Great Collapse In this book two distinct positions to achieve the Great Decoupling are critically evaluated Green Growth and Degrowth It is concluded that neither Green Growth nor Degrowth will be able to achieve the Great Decoupling The possibility for society to collapse is then raised with the potential for a civilizational rebound pondered Whether collapse may be a feature and not a bug of the long run evolution of complex civilization is discussed This book offers a thought provoking and unique perspective on the economic and ecological challenges faced by modern societies It will be relevant to students researchers and policymakers interested in environmental economics and economic policy
