The Krugersdorp Cult Killings Jana Marx, 2020-09-01 Eleven murders over a period of four years sent shockwaves through the Krugersdorp community and made headlines nationwide Eventually these murders were connected to Cecilia Steyn and her cult Electus per Deus chosen by God Members of the cult were willing to do anything for Cecilia even if it meant committing murder The murderers are intelligent ordinary people a teacher a financial broker and a teenager who despite her involvement in the murders still managed to obtain six distinctions in matric and be accepted to medical school Their victims merely kept their appointments not knowing that their appointments were with death Who is Cecilia Steyn How can one person manipulate five others to commit murder and perjury on her behalf How did Satanism contribute to all of this How did inexperienced criminals manage to evade capture for so long Jana Marx answers these and other questions in this true crime account that led to one of the most sensational murder cases in the country's history Through interviews with those in the inner circle evidence given in court and police files covering a period of four years Marx attempts to answer the public's questions and provide a view of the inner workings of such a cult

D' Ambush Killings Bradley North, 2006-04 Imagine a peaceful night of relaxing fishing at a Dam Reservoir where you and your family have vacationed for the last 18 years On this particular night you've disappeared and the only evidence you've left behind is a truck a pool of blood a blood trail tissue and drag marks This is where this story started for the Police however for Dennis Roe it was a night of terror and horror when he was confronted by a trained assassin For the family it was where their nightmares began This was not the first time he they had killed including the Colonial Parkway He is one of Virginia's most prolific serial killers He They is known to have killed internationally discarding the bodies in the water so as not to be found There are over a hundred unsolved murders where he traveled The killer confessed to Bradley North with regard to the first murder he was suspected of and why he said he was ordered to kill this person It took almost 9 years to convict him of one murder After reading this story you will think twice before going on what could turn out to be your last outing ever Bradley Dallas North

Encyclopedia of Satanism James Lewis, **Satanism Today** James R. Lewis, 2001-12-07 This authoritative reference work presents a full image of the Prince of Darkness as he appears throughout traditional theology mythology art

Murder Girl Lisa Renee Jones, L.R. Jones, 2018-07-20 It's Lilah Love's job to inhabit a killer's mind The unapologetically tough FBI profiler is very comfortable there But her latest case is making her head spin It's a string of brutal assassinations carried out across the country each tied to a mysterious tattoo Body by body she's followed the clues all the way back to her hometown And every step of the way the killer has been following her Here beneath the glamour of the privileged Hamptons community is a secret long buried but never forgotten It's bigger than Lilah It's powerful enough to escape the reach of the FBI And it's more personal than anyone can imagine Because it's hiding in Lilah's own past To fight it she's forced to turn to her lethally tempting ex Kane Mendez He's an expert at bringing out Lilah's darkest impulses If she plans to survive she's going to need them

The Satanism Scare Joel Best, 2017-09-29 Although there is growing concern over Satanism as a threat to American life the topic has received surprisingly little serious attention Recognizing this the editors of this volume have selected papers from a wide variety of disciplines broadly covering contemporary aspects of Satanism from the vantage points of studies in folklore cults religion deviance rock music rumor and the mass media All contributors are skeptical of claims that a large powerful satanic conspiracy can be substantiated Their research focuses instead on claims about Satanism and on the question of whose interests are served by such claims Several papers consider the impact of anti Satanism campaigns on public opinion law enforcement and civil litigation child protection services and other sectors of American society The constructionist perspective adopted by the editors does not deny the existence of some activities by real Satanists and two papers describe the workings of satanic groups Whatever the basis of the claims examined and analyzed there is growing evidence that belief in the satanic menace will have real social consequences in the years ahead

The Dark History of the Occult Paul Roland, 2022-07-01 What evidence is there that evil entities can possess human beings and force them to commit horrific murders Black magic murders Satanic sex cults and demonic possession are the diabolical practices that grab the tabloid headlines and reinforce the myth that evil and an unhealthy obsession with the occult are to blame for our increasingly violent society But is the truth even darker and more disturbing From tribal magic and shamanism through the work of WB Yeats and Aleister Crowley to black magic rituals and New Age Nihilists The Dark History of the Occult asks whether Satanic forces are simply the emergence of the dark side of human nature or whether we really have something to fear namely evil

The Mammoth Book of Killers at Large Nigel Cawthorne, 2011-09-01 Reason to be afraid over 50 unsolved cases of serial murder Fact murderers and serial killers do not always get caught Behind every headline of a newsworthy conviction lie other cases of vicious murderers who got away and who remain somewhere among us Here in one giant volume are more than 50 of the most serious serial killings and other murder cases that continue to remain unsolved The cases covered in this alarming book include Argentina s crazed highway killer responsible for mutilating and killing at least five people since 1997 and dumping their bodies along remote highways The Green River Killer believed to be a middle aged white man who has claimed at least 49 lives to date in the Seattle Tacoma area South Africa s Phoenix Strangler suspected of killing 20 women in the province of KwaZulu Natal The Twin Cities Killer either one or several people responsible for a series of over 30 murders on the streets of Minneapolis and St Paul where the victims were mostly

prostitutes Costa Rica's elusive El Psicopata The Psychopath thought to have murdered at least 19 people in this small quiet Central American country The Monster of Florence responsible for a series of 15 sexual slayings just outside Florence In each case it is not just the crimes that are horrifying and fascinating but the response of local police and authorities to the lack of a conviction Local authorities may fear to admit the continued existence of a serial killer at large whilst police bodies face the temptation to tidy up loose unsolved murders under the aegis of other admitted crimes

The Ghost That Closed Down The Town Arthur Goldstuck, 2012-10-02 Arthur Goldstuck made the world of South African urban legends his own with four best sellers during the 1990s Now he returns to this landscape but from a very different angle looking at the extent to which ghost stories are really urban legends stories spread by word of mouth and the media as absolute truth but falling short on evidence and reality In exploring ghost stories as urban legends Goldstuck makes a fascinating discovery the ghostly beliefs of each culture across South Africa have had a profound impact on the supernatural beliefs of every other cultural group in the country over the past four centuries The result is the story of the South African ghost a unique and complex character that reflects a turbulent history and a harsh existence and sheds a fascinating light on the nature of supernatural experience throughout the world For instance what do the Flying Dutchman and the Uniondale Ghost have in common Why do the ghosts of so many of the country's fallen soldiers wander the earth seeking their forbidden lovers How do our religious beliefs affect the way we see ghosts How many ghosts of Daisy de Melker are really out there Arthur Goldstuck has some of the answers in a book that challenges much conventional thinking about the supernatural
