On Pain and Suffering Abul Hasan, 2024-04-08 Driven by a detailed hermeneutical investigation of the Qur'anic story of creation this book questions the hybrid Biblical Qur'anic narrative that gradually erased the lines that define the authentic Qur'anic account Abul Hasan argues that humanity's divine status is the bedrock from which to investigate the meaning of human religiosity and address the problem of pain and suffering The detailed analysis in this book answers many linguistic and logical pending questions in the Qur'an and is a serious departure from popular Muslim narratives that seek to alleviate our pain and suffering

Disease Is an Expiation of the Sins Dr. Mira Bajirova, 2019-07-29 Disease is an expiation of the sins Every sin is a disobedience to God The sins involve the evil jinn demons When a person commits the sin a black spot appears on his heart If he repents asks for the forgiveness gives up with the sins restores the people's rights and honor who were wronged and follows the Qur'an and Sunnah Almighty Allah will purify his heart But if a person continues with the sins his heart will become black and he will be doomed Indeed there is in the body a piece of flesh which if it is sound then the whole body is sound and if it is corrupt then the whole body is corrupt It is the heart Bukhari Unquestionably by the remembrance of Allah hearts are assured Qur'an Ar-Rad 13:28 Sins remove God's blessings life health fertility wealth provisions knowledge memory Refraining from the sins is more important than performing good deeds Whatever is good is from Allah while evil and sin are from ourselves and Satan Fatwas of Ibn Baz The only one God Allah the Creator of the heavens and

earth and everything between seen and unseen sent the Noble Qur'an and His last messenger to all mankind as a healing for what is in the breasts and guidance and mercy and warning about the day of judgment and hellfire. No calamity has descended except by disobedience and no calamity is repelled except by repentance. Ali Ibn Abi Talib Know for certain that when you break no one will heal you except you. Ibn Al Qayyim More than 90% of the diseases are caused by the evil jinn but doctors have no knowledge. Healthcare needs serious reform as it went astray instead of healing it contributes to the progression of the disease and death as it excites the hidden evil jinn and excited jinn spread more the disease. Satan can be cast out only by Ruqya and Negative Ions both in the Noble Qur'an. The Ultimate Cure from all diseases is with Almighty God Ruqya Negative Ions and Prophetic Medicine. Whoever abandons the Qur'an would abandon treating sickness and seeking healing through it. Ibn Al Qayyim *Emotional Survival* April Jean, 2012-09 *Emotional Survival* is a collection of simple easy to read poems covering several topics. Each poem is a tug at April's heart strings dealing with the emotions of love, the hurts of love, spiritual death and more. Also look for *From Birth to Rebirth* April's story coming soon. The Explanation of the Qur'an Is Allah's One Religion Book Al Masri, 2020-08-18 My explanations are only an attempt to present this Holy Miracle Book. This interpretation tries to extract the exact deep meaning of these texts, verses, ayah and surah of this Final Testament Quran. This attempt is for every one searching for the truth in this world in a mannerly civilized dialogue while respecting each other's beliefs and looking for the real second birth for each one of us. Since no one has gotten the chance to read about all other faiths, this Miracle Book will bring to you all this information which will lead us to find the One Religion. Allah SW wanted the Quran to be a miracle and proof. It was sent as a challenge for the non-believers. And if you want to challenge someone to prove superiority you must challenge them in something they excel at. You cannot challenge a weak or disabled person in weightlifting which would prove nothing. You have to challenge a weightlifter. So when the Quran came and challenged the Arabs in their own language and prevailed it did not mean that the Arabs at that time were weak in language arts. To the contrary it is a testimony that they excelled in their language and mastered it at a high Shakespearean level. So when the Quran prevailed over them linguistically it became a real triumph. The purpose of the revelation of the Quran was not to reveal scientific explorations or to explain the secrets of creation. These matters remain hidden in its verses and are revealed in their proper time. It is when the scientific minds are active in the search and study of such areas that Allah SW makes these verses shine with their true meaning. This makes each scientific revelation in the Quran more appropriate for its time and more impactful as it is delivered when the scientific minds are ready for it. The Prophet left the explanations of the Quran which are not related to matters of duties and religious law to be revealed by time. This real story with two separate events first one starts with a rich man who owned a vast estate but had no heir to inherit this wealth. His nephew filled with greed conspired against and killed him. When night fell he threw the body at the doorstep of another village in order to frame them for his uncle's murder. The next morning as people saw the body they naturally

accused the village of his murder And despite their denial the relatives of the victim insisted on blaming them After the matters escalated and the two villages clashed they decided to resort to Prophet Moses so that he may ask Allah SW to resolve the issue and identify the murderer The second event Allah SW was helping a pious man on his straight path This man from among st the Children of Israel kept Allah SW in mind in all his business and social dealings As death approached him all he had was a baby cow and his only heir at the time was his little boy He was unsure about whom he should entrust his small fortune to Who would be best to take care of the calf until his son is able to take care of it for himself and his mother He pondered long then turned to the heavens and supplicated Lord I entrust this cow to you protect it for my son until he grows older Then he said to his wife I have entrusted the cow to Allah SW I didn t find anyone more trustworthy than Him She asked So where is it now He replied I left it to roam free in the fields Shortly after he died When the son grew older his mother told him the story He asked Where can I find that cow after all these years His mother replied your father entrusted the cow to the Lord Rely on Him and search for it The young man supplicated Lord of Abraham return to me what my father had entrusted to you and then set out searching for it He found the cow exactly as his mother described it to him This cow was also the only one that perfectly fit Allah s description to the quarreling villagers Thus when they found they set out to purchase it at any price The young man agreed to sell it in exchange for its weight in gold When the villagers slaughtered this cow and struck the dead victim with it he was resurrected to declare the name of his killer Thus the name of this chapter The Cow affirms the central issue of resurrection in all faiths leading to the One Religion creed In addition the story also teaches us that parents righteousness plays a great role in the protection of their children Through the good deeds of the parents Allah SW facilitates the affairs of the children and protects them from harm When the righteous man entrusted all he had to Allah SW Allah SW blessed protected and nurtured it so that his son may find great treasure when he grew older Being upright and righteous is the best insurance one can give his or her children as it instills Allah s blessing and protection into every aspect of the child s life
