Girgis M.D.,2020-02-21 The goal of this book is to help change misconceptions that have historically pervaded Christianity by educating both laity and clergy about serious mental illness It will accomplish this goal via an in depth exegetic examination of biblical accounts of what may have been untreated serious mental illness from the perspective of a psychiatrist and Christian This in depth examination will demonstrate that 1 serious mental illness was likely present and relatively common in biblical times and similar in phenomenology to how it manifests today and 2 that some instances of demon possession and exorcisms as described in the Bible could in a post Enlightenment narrative be better explained by occurring in the context of untreated mental illness and that this could reveal a great deal of information about the biblical view of mental illness Some of these accounts are from the Old Testament and some from the New Testament Each essay will provide an in depth examination of the biblical account from the perspective of a board certified psychiatrist who is an expert in the field of serious mental illness and who is also a practicing Christian *On Satan, Demons, and Psychiatry* Ragy R. Witchcraft occultism paranormal science and mysticism are growing like plagues in the Western world These phenomena have baffled modern educators and conventional rationalists since such activities seem to be completely opposed to everything that the public schools have taught for over a hundred years Worst of all in the minds of conventional secularists all this discussion of demonic forces may lead to an even more appalling conclusion the idea that God also a supernatural force may reappear in the modern post Christian world At all costs a God who can make himself felt in time and on earth must be avoided Mysticism is one thing totally internalized but supernatural forces are not supposed to have any impact on external so called phenomenal affairs Occultism is another form of humanism It is the product of the quest for power apart from God and His law order It was not a major force in the so called Dark Ages Not until the fifteenth century did witchcraft become a serious problem in Europe and it was the Renaissance not medievalism which sparked the great explosion of demonism and magic in the sixteenth century During the period of the early Middle Ages A D 500 1000 there were practically no signs of witchcraft in Europe Only with the revival of ancient Gnosticism and the invasion of Middle Eastern dualism did signs of widespread witchcraft reappear Occultism and humanism are not sworn enemies they are first cousins It was only the influence of Christian principles which laid such stress on the orderliness of God s universe that made possible the confidence of modern rationalists in denying the influence of supernatural forces As the confidence in creation law has waned in this century rational humanism has become increasingly unsuccessful in retarding the expansion of occult humanism This Journal of Christian Reconstruction offers readers the necessary evidence for a refutation of the familiar charge that occultism and religion necessarily go together and that only a hard headed rationalism can restrain the forces of spiritual anarchy Far from retarding occultism modern rationalism s blindness to the reality of occult forces is now creating a perverse inquisitiveness on the part of modernism s children who have learned to be critical of everything including old fashioned rationalism The philosophy of the open universe closed to God has produced the new occult experimentalism If anything except Christian orthodoxy might be true why not find out through personal observation and experiment Since 1965 the Western world has faced the greatest explosion of occultism that it has seen in three hundred years This time no one can blame orthodox Christianity it has been the secularists who have wielded the power      **Is Faith Delusion?** Andrew Sims, 2009-05-09 How in a scientifically and technologically advanced age can people still believe in God Andrew Sims examines both the connection and the division between Christian faith and psychiatry      *Basic Theology* Dag Heward-Mills, 2011      **Homiletical Commentary on the Book of Genesis** Joseph Samuel Exell, Thomas Henry Leale, 1892

*Demonization in International Politics* Linn Normand, 2016-06-08 This book investigates demonization in international politics particularly in the Middle East It argues that while demonization s origins are religious its continued presence is

fundamentally political Drawing upon examples from historical and modern conflicts this work addresses two key questions Why do leaders demonize enemies when waging war And what are the lasting impacts on peacemaking In providing answers to these inquiries the author applies historical insight to twenty first century conflict Specific attention is given to Israel and Palestine as the author argues that war time demonization in policy media and art is a psychological and relational barrier during peace talks     Satan in America W. Scott Poole,2009-11-16 Satan in America tells the story of America s complicated relationship with the devil New light evangelists of the eighteenth century enslaved African Americans demagogic politicians and modern American film makers have used the devil to damn their enemies explain the nature of evil and injustice mount social crusades construct a national identity and express anxiety about matters as diverse as the threat of war to the dangers of deviant sexuality The idea of the monstrous and the bizarre providing cultural metaphors that interact with historical change is not new Poole takes a new tack by examining this idea in conjunction with the concerns of American religious history The book shows that both the range and the scope of American religiousness made theological evil an especially potent symbol Satan appears repeatedly on the political religious and cultural landscape of the United States a shadow self to the sunny image of American progress and idealism     **Supernatural Forces in Spiritual Warfare** C. Peter Wagner,2012-10-16 Spiritual warfare victory A biblical and theological rationale with practical tools for advancing God s Kingdom Supernatural Forces in Spiritual Warfare Wrestling with Dark Angels is a compilation of keynote speaker presentations in an important symposium that was a public legitimizing of academic pursuits in fields related to the supernatural power of God both for local church ministries and for world evangelization Topics include Power Evange lism Definitions and Directions by John Wimber We Are at War by Ed Murphy Deception Satan s Chief Tactic by Timothy M Warner Pentecostal Charismatic Understanding of Exorcism by L Grant McClurig Jr Sickness and Suffering in the New Testament by Peter H Davids In Dark Dungeons of Collective Captivity by F Douglas Pennoyer In addition to these scholars well known pastor ministry leader and teacher Dr C Peter Wagner examines the role spiritual warfare played in Christ s ministry and applies it to today s battles You don t have to be afraid of spiritual warfare you have God s supernatural forces on your side every day in every way     **The Secret Doctrine (Vol. 1-3)** Helena Blavatsky,2019-04-26 The Secret Doctrine is one of the most influential esoteric and occult books of all time In the first part of the book the author explains the origin and evolution of the universe itself in terms derived from the Hindu concept of cyclical development While in the second part she describes the origins of humanity through an account of Root Races said to date back millions of years     Demons And How To Deal With Them Dag Heward-Mills,2007-05 Demon activity is unmasked in this classic new book by Dag Heward Mills Using the testimony of the mad man of Gadara he shows the way to victory over demons and evil spirits     *Pauline Theology, Or The Christian Doctrine of Future Punishment as Taught in the Epistles of Paul* Horace Lorenzo Hastings,1861     **After Psychosis** Adam W. Lambdin M.A.,2024-07-31 This book focuses on the symptoms of psychosis This medical issue

is oftentimes present in the big three of severe mental illnesses After Psychosis addresses common misconceptions and common complaints from sufferers and it delves into biblical solutions for their accompanying spiritual struggles It is meant to come alongside both those suffering and those who are indirectly affected by these illnesses Because it is a book focused on the spiritual struggles of those suffering its primary content centers on the Bible and how it addresses such issues as not believing the best about others suspicion rash judgement pride and more However medication and a medical exam are a required first in these severe cases but biblical guidance is also critical in addressing these issues of the heart with significant spiritual help Psychologists and psychiatrists often cite the benefits of spiritual guidance to those suffering This book examines the claims of neurobiologists to that effect but it also addresses myths surrounding demon possession as well as myths regarding certain cultural claims as to causes of severe mental illnesses The goal is to find our satisfaction in trusting God rather than only relying on the very real benefits of modern medicine alone     Routledge Library Editions: Spiritualism Various,2022-07-30 The volumes in this set originally published between 1974 and 1992 draw together research by leading academics in spiritualism and provide a rigorous examination of related key issues The collection examines spirituality from a broad range of disciplines from the spirituality in the Christian church spirituality in Africa and Afro American religions as well as examining the areas of channeling mediumship and spirit possession In this 3 volume set there are two incredibly unique and insightful bibliographic source collections examining both primary and secondary source listings across the subject of spiritualism and one volume providing field research into spirituality in the Christian church and in the occult This collection is an incredibly useful tool for researchers examining the broad area of spiritualism and will be of interest to researchers academics and students of anthropology religion and sociology     Channeling Joel Bjorling,2019-06-19 Originally published in 1992 Channeling is a comprehensive bibliography on the subject of channeling The book defines channeling as any message received or conveyed from transcendent entities and covers material on the history of channeling those that have claimed to transcend death contact with UFOs and contemporary channeling groups The book acts as a research guide and seeks to outline the historical roots of channeling explaining its major teachings and considers its significance as a spiritual movement It provides sources from books booklets articles and ephemeral material and offers a comprehensive list of both primary and secondary materials related to channeling the bibliography takes the most diverse and useful sources of the time This volume although published almost 30 years ago still provides a unique and insightful collection for academics of religion in particular those researching spiritualism and the occult     *New Daily Study Bible, Gospel Set* William Barclay,2017-10-13 For almost fifty years and for millions of readers the Daily Study Bible commentaries have been the ideal help for both devotional and serious Bible study Now with the release of the New Daily Study Bible a new generation will appreciate the wisdom of William Barclay With clarification of less familiar illustrations and inclusion of more contemporary language the New Daily Study Bible will continue to help individuals and groups
