Saudis In Transition The Challenges Of A Changing Labor Market:

Saudis in Transition Ismail Abdel-Hamid Sirageldin, Naiem A. Sherbiny, Ismail Serageldin, 1984 Presents the first systematic and comprehensive examination of a rapidly changing labor market in a developing country that does not face the typical capital constraints Saudis in Transition, 1984 The Financial Markets of the Arabian Gulf Jean-Francois Seznec, 2017-11-30 Originally published in 1987 The Financial Markets of the Arabian Gulf looks at the importance of finance and the flow of funds to the development of the countries in the Arabian Gulf Examining in detail the financial markets of Kuwait Saudi Arabia and Bahrain the book looks at how each of these markets has developed differently because of the political choices made by each government and how each is faced with different cultural and sociological variables which has influenced future of the financial markets This book provides a look at the fiber of each of these three Arab Nations in respect of their financial markets **Routledge Library Editions: Financial Markets** Various, 2021-07-09 The volumes in this set originally published between 1970 and 1996 draw together research by leading academics in the area of economic and financial markets and provide a rigorous examination of related key issues The volumes examine the stock exchange capital cities as financial centres international capital the financial system bond duration security market indices and artificial intelligence applications on Wall Street whilst also exploring the general principles and practices of financial markets in various countries This set will be of particular interest to students of economics and finance respectively

Labor Market Behavior in the Republic of Korea David L. Lindauer, 1984 *The Next Arab Decade* Hisham Sharabi, 2019-07-11 This book is concerned with defining the nature of the crisis of the Arab world with tracing its possible development and with charting the conditions of its possible outcomes addressing the next decade from the vantage of 1986 rather than that of 1985 State, 1987 *Making Health Services More Accessible in Developing Countries* H. Uchimura, 2009-09-16 Health is increasingly a critical concern in the context of development This book examines the function of health systems particularly the key factors finance human resources pharmaceuticals public facilities and stresses the importance of improving access to health services in developing countries **Economic Development of the Arab Countries** Mr. Saïd El-Naggar, 1993-05-15 This volume edited by Said El Naggar is the fifth in a series of seminars dealing with economic issues of particular importance to the Arab countries Held in Manama Bahrain in February 1993 it covered topics pertaining to economic development of the Arab countries in the nineties The seven papers that were presented comprised economic reform in the Arab countries including particularly structural issues investment policies and capital flows inter Arab labor movements environment and development development of human resources and European economic integration An overview of the topics is presented by the seminar moderator Said El Naggar **Arabian Oasis City** Soraya Altorki, Donald P. Cole, 2013-06-06 Vast social change has occurred in the Middle East since the oil boom of the mid 1970s As the first anthropological study of an urban community in Saudi Arabia since that oil boom Arabian Oasis City is also the first

to document those changes Based on extensive interviews and participant observation with both men and women the authors record and analyze the transformation that has occurred in this ancient oasis city throughout the twentieth century the creation of the present Saudi Arabian state and of a new national economy based on the export of oil and the economic boom brought about by the dramatic increases in the price of oil following the October 1973 Arab Israeli War In addition the authors reveal the changes brought about by the fall in the price of oil beginning in 1982 and analyze the problems confronting Unayzah in its aftermath By demonstrating that the area was not exclusively dominated by tribalism and Bedouin nomads this empirical case study destroys stereotypical views about Saudi Arabia Indeed it proves the existence prior to the coming of the modern Saudi Arabian state of surplus agricultural and craft production and the full development of local regional and long distance trade networks It shows that women although veiled played active roles in work outside the household The social impact of change over the years is however profound especially the gradual replacement of the extended family by the nuclear family changing patterns of husband wife relationships the impact of self earned income on the status of women and the emergence of a new middle class of employees and entrepreneurs Because of the high degree of gender segregation in this area of research Altorki and Cole give us a fortunate collaboration between a Saudi Arabian female scholar and an American male scholar experienced in research in the Middle East Women and Development in the Middle East and North Africa Jabbara,2021-11-01 Broadly speaking we can view women and development as the empowerment of women in a Third World context Accordingly the question is whether women in the Middle East and North Africa benefit from development If so in what ways do they benefit The essays in this volume survey a number of countries in the region to address these questions The countries include Afghanistan Palestine Israel Iran Algeria Iraq Saudi Arabia Morocco and Egypt There is also an introduction to the volume and a general essay on women and development The authors themselves are an international group of social scientists specializing in the region *World Bank Staff Working Paper* ,1985 *Arab Society* Nicholas S. Hopkins,Saad Eddin Ibrahim,1997 This all new edition of the classic Arab Society Social Science Perspectives containing thirty new articles by leading scholars examines Arab society in the 1990s Articles by scholars from many countries explore such subjects as Arab unity and identity demographic processes the roles of men women and family rural social change political developments and religious change For students scholars and general readers alike Arab Society offers up to date analysis and discussion of the social political and economic transformations that face the region today **Saudi Arabia** Tim Niblock,2004-08-02 Saudi Arabia provides a clear concise yet analytical account of the development of the Saudi state including discussion of the social and economic dynamics which underlie the country s politics The Changing Demography of Saudi Arabia Asharaf Abdul Salam,Mini T.C.,2024-02-06 Saudi Arabia has a long history in which demographic progress has been marked as resulting from multidimensional and multisectorial development enabling a high quality of life rather than coerced family planning or control Efforts to build a competitive economy and

living standards highlighted the need for infrastructure to maintain low levels of morbidity and mortality and an absence of population pressure combined with socio religious traditions customs and practices favoring a pronatalist perspective dictating the fertility preferences of the Kingdom s people This book an empirical and analytical demonstration of resource intensive Saudi Arabian demography traces the journey from an agrarian to a modern society It explores the demographic socio economic developmental epidemiologic and health aspects of this transition

Cultural Identities in Transition

Esra Yaghi,Roger Barnard,2025-03-25 This book explores the social educational and linguistic acculturation of a group of Saudi wives and mothers sojourning in New Zealand while their husbands undertook full time study Such sojourners and their families are faced with many challenges due to linguistic social and cultural distance as well as ethnic stereotyping and prejudice They tell their stories in a series of interviews and focus groups relating their pre sojourn background the challenges they faced and the changes they made during their sojourn and their preparation for returning home post sojourn The narratives illustrate how these women renegotiated their own identities in relation to their changed circumstances and environment The authors address the distinctive challenges faced by sojourners as opposed to immigrants and present a nuanced and detailed picture of the women as individuals negotiating the complex interaction between the influence of the host country and the Saudi and Islamic identities of themselves and their children
