Lepler,2025-08-26 In the 1820s there was a little known quest to unite the world by building a waterway between the Atlantic and Pacific Oceans As Spanish American nations declared independence and new canals intensified US expansion and British industrialization many imagined the construction of an interoceanic canal as predestined With dreams substituting for data an international cast of politicians lawyers philosophers and capitalists sent competing agents on a race to transform Lake Nicaragua the San Juan River and the terra incognita of Central American forests into the world's first global waterway Jessica M Lepler tells the captivating story of this global journey in *Canal Dreamers* Although the idea of literally changing the world by connecting the oceans proved too revolutionary for the Age of Revolution the quest itself changed history Canal dreams prompted political transformations financial crisis recognition of new countries concern about climate change and more Full of adventure corruption far reaching consequences and present day parallels Lepler's absorbing narrative cuts through two centuries revealing that dreams do not need to come true to make history     **Military Review** ,1998     American Aberdeen-Angus Herd Book American Angus Association,1917     **Savage (Rise of the Pride, Book 3)** Theresa Hisson,2018-09-29 *Savage Rise of the Pride Book 3* Mary Grace was nothing more than a waitress at a local bar waiting tables and living her life quietly and without excitement When her ex shows up to take her to be sold to a scientist a scuffle ensues and she ends up almost losing her life The one thing Savage Corvera wasn't expecting to find was the voluptuous blonde waitress lying in a puddle of her own blood His touch was meant to help but the brush of his hand was all it took to know that the dying woman was his mate There's no hesitation when he makes the ultimate decision to save her life The pride bands together to protect their own after the news spreads that scientists are moving into their small town When a group of masked men invade The Deuce and Mary Grace is taken Savage will live up to his name when he goes on the hunt for the men who dared to lay their hands on his mate     *The Lines of Life* David Novarr,1986 The study of biography has leaped from surveys of biographical writing and statements of biographical practice to semiotic and post structuralist discussions of the modality of biography without adequate consideration of what has already been done in the theory of the genre Professor Novarr has closed that gap with this comprehensive and judicious historical survey and assessment of all the major and many of the minor statements made about biography in the crucial period 1880 1970 It traces in the work of writers like David Cecil Leon Edel Mark Schorer Paul Murray Kendall and others the nature of the relation between biographer and subject the concept that biography is essentially the interpretation of one mind by another and the idea that the biographer's angle of vision is both inevitable and important     Iberia Won Terence McMahon

Hughes,2021-01-01 Excerpt from Iberia Won But we weak minstrels of a laggard day Skilled but to imitate an elder page  
Timid and raptureless can we repay The debt thou claim st in this exhausted age Thou giv st our lyres a theme that might  
engage Those that could send thy name o er sea and land While sea and land shall last for Homer s rage A theme a theme for  
Milton s mighty hand How much unmeet for us a faint degenerate band *Too Far for Comfort* Rana Tekcan,2014-08-01

The dynamic between the biographer and the subject is perhaps one of the most fascinating aspects of biography as a genre  
How does the biographer stage the illusion that is the narrative life the illusion that the subject assumes a living form  
through words In contrast to purely fictional forms biography writing does not allow total freedom to the biographer in this  
creative act Ideally a biography s backbone is structured by accurate historical facts But its spirit lies elsewhere The way a  
biographer captures the spirit of a subject is intriguingly shaped by the historical distance between the two We find three  
types of distance in biographical narrative First where the biographer and the subject personally know one another second  
where the biographer is a near contemporary of the subject and third where biographer and subject are distinctly separated  
in some cases by hundreds of years In this revised and expanded edition Rana Tekcan explores how some of the most  
accomplished biographers manage to recreate life across time and space She looks at their illusionary art through the  
narrative strategies in Samuel Johnson s *Life of Savage* James Boswell s *Life of Johnson* Lytton Strachey s *Eminent Victorians*  
Michael Holroyd s *Lytton Strachey* Park Honan s *Jane Austen* and Andrew Motion s *Keats* **The Notebooks for The Idiot**
