Savage The Innocent:

The Savage and the Innocent David Maybury-Lewis, 1971 Eating Their Words Kristen Guest, 2001-09-06 Linking cannibalism to issues of difference crucial to contemporary literary criticism and theory the essays included here cover material from a variety of contexts and historical periods and approach their subjects from a range of critical perspectives Along with such canonical works as *The Odyssey* *The Faerie Queene* and *Robinson Crusoe* the contributors also discuss lesser known works including a version of the Victorian melodrama *Sweeney Todd* as well as contemporary postcolonial and postmodern novels by Margaret Atwood and Ian Wedde Taken together these essays re theorize the relationship between cannibalism and cultural identity making cannibalism meaningful within new critical and cultural horizons Contributors include Mark Buchan Santiago Colas Marlene Goldman Brian Greenspan Kristen Guest Minaz Jooma Robert Viking O'Brien Geoffrey Sanborn and Julia M Wright *The Real Steele: The Unauthorized Biography of Dakota Johnson* Marc Shapiro, 2015-02-09 Those who don't believe in miracles should take a look at what brought Dakota Johnson from obscurity to the pinnacle of stardom as Anastasia Steele in the motion picture *Fifty Shades of Grey* But who is Dakota Johnson A surprisingly accomplished and driven actress This is not some celebrity kid given a plum role because of her connections to old world Hollywood In *The Real Steele: The Unauthorized Biography of Dakota Johnson* you'll see how she went from a life of tranquility and yes privilege at the feet of superstar parents Don Johnson and Melanie Griffith to a determination to succeed that has led her down many paths First there was a career as an international model then to growing recognition in a string of successful studio and independent films and finally to her big break in *Fifty Shades of Grey* Johnson has proven a literal force of nature always moving forward and always using a natural sense of positive energy to dissuade the naysayers who would line up to take her down Through exclusive interviews with childhood friends and acting coaches Marc Shapiro has put Johnson's life and times much like the actress herself in a straightforward and always enticing biography *The Dawn of Everything* David Graeber, David Wengrow, 2021-11-09 INSTANT NEW YORK TIMES BESTSELLER A dramatically new understanding of human history challenging our most fundamental assumptions about social evolution from the development of agriculture and cities to the origins of the state democracy and inequality and revealing new possibilities for human emancipation For generations our remote ancestors have been cast as primitive and childlike either free and equal innocents or thuggish and warlike Civilization we are told could be achieved only by sacrificing those original freedoms or alternatively by taming our baser instincts David Graeber and David Wengrow show how such theories first emerged in the eighteenth century as a conservative reaction to powerful critiques of European society posed by Indigenous observers and intellectuals Revisiting this encounter has startling implications for how we make sense of human history today including the origins of farming property cities democracy slavery and civilization itself Drawing on pathbreaking research in archaeology and anthropology the authors show how history becomes a far more interesting place once we learn to throw off our conceptual

shackles and perceive what's really there. If humans did not spend 95 percent of their evolutionary past in tiny bands of hunter-gatherers, what were they doing all that time? If agriculture and cities did not mean a plunge into hierarchy and domination, then what kinds of social and economic organization did they lead to? The answers are often unexpected and suggest that the course of human history may be less set in stone and more full of playful, hopeful possibilities than we tend to assume. *The Dawn of Everything* fundamentally transforms our understanding of the human past and offers a path toward imagining new forms of freedom, new ways of organizing society. This is a monumental book of formidable intellectual range, animated by curiosity, moral vision, and a faith in the power of direct action. Includes Black and White Illustrations.

Innocence in Graham Greene's Novels Shoko Miyano, 2006. Graham Greene once wrote that innocence is a kind of insanity. This book examines the many shades of innocence in Greene's characters: the blank innocence, depraved innocence, and absurd innocence of Anthony Farrant; the piteous innocence of Pinkie; the simple innocence of Raven; the pure innocence of Father Quixote; the paradoxical innocence of the Whisky Priest; the inverted innocence of Sarah Miles; the faithful innocence of Father Rivas; the Dog Ears Priest; the intrusive innocence of Doctor Fischer; and the playful innocence of Harry Lime. The complex concept of innocence is found to be a prevailing theme in Greene's novels.

Black Children in Hollywood Cinema Debbie Olson, 2017-03-14. This book explores cultural conceptions of the child and the cinematic absence of black children from contemporary Hollywood film. Debbie Olson argues that within the discourse of children's studies and film scholarship in relation to the conception of the child, there is often little to no distinction among children by race. The child is most often discussed as a universal entity, as the embodiment of all things not adult, not sexually corrupt. Discussions about children of color among scholars often take place within contexts such as crime, drugs, urbanization, poverty, or lack of education that tend to reinforce historically stereotypical beliefs about African Americans. Olson looks at historical conceptions of childhood within scholarly discourse, the child character in popular film, and what space the black child, both African and African American, occupies within that ideal.

The Passive Eye Branka Arsić, 2003. *The Passive Eye* is a revolutionary and historically rich account of Berkeley's theory of vision. In this formidable work, the author considers the theory of the embodied subject and its passions in light of a highly dynamic conception of infinity. Arsić shows the profound affinities between Berkeley and Spinoza and offers a highly textual reading of Berkeley on the concept of an exhausted subjectivity. The author begins by following the Renaissance universe of vision, particularly the paradoxical, elusive nature of mirrors, then shows how this conception of vision was translated into the optical devices and in what way the various ways of deception could be conceived. Reading Berkeley against the backdrop of competing theories in relation to Leibniz, Spinoza, Newton, Malebranche, Hume, Locke, Molyneux, and others, this book gives a meticulous historic reconstruction of Berkeley's theory. This excellent scholarly work presents Berkeley's theory in a new and radical light. The book is presented in three parts: begins by presenting the conceptions of vision prior to Berkeley's intervention; in the second part, the author moves through a

careful study of Descartes theory of vision to arrive at Berkeley The third part addresses the author s version of Berkeley in which the eye and the image become inseparable due to the collapse of the universe of representation The problem of vision becomes not that of representation but of presentation Through an erudite historic reading of Berkeley s theory and astute comparative assessments the author uncovers Berkeley s place as a contemporary theoretician corresponding with such thinkers as Deleuze Lacan Foucault and Derrida Heartsong of Charging Elk Arnold Krupat,2015-09-01 James Welch was one of the central figures in twentieth century American Indian literature and The Heartsong of Charging Elk is of particular importance as the culminating novel in his canon A historical novel Heartsong follows a Lakota Sioux man at the end of the nineteenth century as he travels with Buffalo Bill s Wild West show is left behind in Marseille France and then struggles to overcome many hardships including a charge for murder In this novel Welch conveys some of the lifeways and language of a traditional Sioux Here for the first time is a literary companion to James Welch s Heartsong that includes an unpublished chapter of the first draft of the novel selections from interviews with the auth a memoir by the author s widow Lois Welch and essays by leading scholars in the field on a wide range of topics The rich resources presented here make this volume an essential addition to the study of James Welch and twentieth century Native American literature **Indigenous**

Throughout Latin America indigenous peoples are responding to state violence and pro democracy social movements by asserting their rights to a greater measure of cultural autonomy and self determination This volume s rich case studies of movements in Colombia Guatemala and Brazil weigh the degree of success achieved by indigenous leaders in influencing national agendas when governments display highly ambivalent attitudes about strengthening ethnic diversity The contributors to this volume are leading anthropologists and indigenous activists from the United States and Latin America They address the double binds of indigenous organizing and working within the system as well as the flexibility of political tactics used to achieve cultural goals outside the scope of state politics The contributors answer questions about who speaks for indigenous communities how indigenous movements relate to the popular left and how conflicts between the national indigenous leadership and local communities play out in specific cultural and political contexts The volume sheds new light on the realities of asymmetrical power relations and on the ways in which indigenous communities and their representatives employ Western constructions of subjectivity alterity and authentic versus counterfeit identity as well as how they manipulate bureaucratic structures international organizations and the mass media to advance goals that involve distinctive visions of an indigenous future A Thousand and One Nights of Opera Frederick Herman Martens,1926 Reports of Cases at Law

Corporate Attribution in Private Law Rachel Leow, 2022-02-24 Looking at key questions of how companies are held accountable under private law this book presents a succinct and accessible framework for analysing and answering corporate attribution problems in private law Corporate attribution is the process by which the acts and states of mind of human individuals are treated as those of a company to establish the company s rights duties and liabilities But when and why are acts and states of mind attributed in private law Drawing on a wide range of material from across the disparate areas of company law agency law and the laws of contract tort unjust enrichment and equitable obligations this book s central argument is that attribution turns on the allocation and delegation of the company s own powers to act This approach allows for a much greater and clearer understanding of attribution A further benefit is that it shows attribution to be much more united and coherent than it is commonly thought to be Looking at corporate attribution across the broad expanse of the common law this book will be of interest to lawyers across the common law world including the United Kingdom Australia Canada and Singapore
